Varieties Of Exile

James J. Gaskin

Varieties Of Exile:

Varieties of Exile Mavis Gallant, 2003-11-30 Mavis Gallant is the modern master of what Henry James called the international story the fine grained evocation of the quandaries of people who must make their way in the world without any place to call their own The irreducible complexity of the very idea of home is especially at issue in the stories Gallant has written about Montreal where she was born although she has lived in Paris for more than half a century *Varieties of Exile* Russell Banks's extensive new selection from Gallant's work demonstrates anew the remarkable reach of this writer's singular art Among its contents are three previously uncollected stories as well as the celebrated semi autobiographical sequence about Linnet Muir stories that are wise funny and full of insight into the perils and promise of growing up and breaking loose

Varieties of Exile Nicole Côté, Peter Sabor, 2002 Mavis Gallant has been described by Michael Ondaatje as one of the great short story writers of our time Since 1950 her short stories and novels have commanded the interest of readers in North America and Europe alike *Varieties of Exile* New Essays on Mavis Gallant approaches her work from a variety of perspectives with particular emphasis on the key role that irony plays in her writings The contributors include some of the world's leading authorities on Gallant as well as her finest translators This book features a discussion of the issues involved in translating Gallant's prose from English to French In a question and answer session Mavis Gallant speaks about her art reminisces about some events in her life and reflects on the workings of memory

Exiled Activism David McKeever, 2020-10-29 This book examines the relationship between exile and activism Drawing on interviews with activists exiled to England following the military coup d'état in Egypt as an illustrative case it considers whether exile presents any barrier to meaningful political participation Through a comparison of activism in Egypt with exiled activism in England the author explores the mechanisms mediating the changes in the activists' activities tracing the conditions for exile in institutions of dictatorship and shedding light on the process by which activism is decertified and fear of repression becomes internalised within a movement a process that is counteracted in the sanctuary and stability of a host country in which activist networks are founded and the exile repertoire is expanded A significant contribution to social movement theory this book will appeal to sociologists and political scientists with interests in political mobilisation and contentious politics

Translocated Modernisms Emily Ballantyne, Marta Dvořák, Dean Irvine, 2016-10-04 *Translocated Modernisms* is a collection of ten chapters partitioned into sections and framed by an introduction by the editors and a coda by Kit Dobson which is interested in those who thronged to the vibrant streets cafés and salons of Montparnasse those who stayed such as Brion Gysin and Mavis Gallant those who returned home such as Morley Callaghan John Glassco David Silverberg and Sheila Watson and those who galvanized local cultural practices by appropriating and translating them from elsewhere While for some Paris becomes a permanent home for others it is simply a temporary excursion which can last for months or for many years The collection opens up the Lost Generation to include multiple generations and broadens its ambit to encompass

modernist writers placed under erasure by dominant narratives of Anglo American modernism Instead of limiting the category to a single group based on a collective identity this volume considers lost generations as a particular type of modernist identity attributable to multiple and disparate collectivities These lost generations include those excluded from canonical narrativizations of expatriate modernisms among which we spy the glimmer of other modernists living in the shadows of luminaries long recognized in the Anglo American tradition

Classical Greek Oligarchy Matthew Simonton, 2019-03-26 *Classical Greek Oligarchy* thoroughly reassesses an important but neglected form of ancient Greek government the rule of the few Matthew Simonton challenges scholarly orthodoxy by showing that oligarchy was not the default mode of politics from time immemorial but instead emerged alongside and in reaction to democracy He establishes for the first time how oligarchies maintained power in the face of potential citizen resistance The book argues that oligarchs designed distinctive political institutions such as intra oligarchic power sharing targeted repression and rewards for informants to prevent collective action among the majority population while sustaining cooperation within their own ranks To clarify the workings of oligarchic institutions Simonton draws on recent social science research on authoritarianism Like modern authoritarian regimes ancient Greek oligarchies had to balance coercion with co optation in order to keep their subjects disorganized and powerless The book investigates topics such as control of public space the manipulation of information and the establishment of patron client relations frequently citing parallels with contemporary nondemocratic regimes Simonton also traces changes over time in antiquity revealing the processes through which oligarchy lost the ideological battle with democracy for legitimacy *Classical Greek Oligarchy* represents a major new development in the study of ancient politics It fills a longstanding gap in our knowledge of nondemocratic government while greatly improving our understanding of forms of power that continue to affect us today

Transient Questions, 2021-09-20 Mavis Gallant has been a leading literary figure in Canada since her first short story published in 1951 and has grown to be considered internationally as a modern master of the genre Her writing is nuanced sensitive gifted deep and concise She leaves everything open for the hidden potential that can always be discovered Times change society history politics may develop out of recognition Cultures metamorphose Literary landscapes and theories are renewed But the classics of our time stay where they are pillars of that which is solidly about us Mavis Gallant s work is of that calibre her writing will remain interesting and relevant no matter what else happens This book is an exploration of what Gallant s readers are thinking now where they place her in the panorama of literature and what meaning she has for them now Scholars continue to probe into the stories their characters the capsules of history they present and continue to find them challenging As with Shakespeare no amount of scrutiny will yield the final answer That is how complex Gallant s writing is Especially now when the positioning of her characters is a more prominent condition in general we need to review Gallant s artistic insights As Francine Prose says in Harper s Magazine Gallant s cast of characters are a motley assortment of refugees fugitives and travelers and displaced

persons scrambling on the margins of a society they will never belong to This is the modern condition As with other great writers Gallant shows herself to be prophetic in cutting down to the roots of the sensibility of our era We are reading her work and we are thinking about it and talking about it This book is part of that large conversation Contributors are Neil Besner Di Brandt Nicole C t John Lent Gerald Lynch Maria No lle Ng Peter Stevens Simone Vauthier Per Winther

Montreal Stories Mavis Gallant, 2011-05-18 In Gallant's stories the conflicts obsessions and concerns the near impossibility of gaining personal freedom without inflicting harm on those whom you love and who love you the difficulty of forgiving a cruel and selfish parent without sentimentalizing him or the pain of failed renewal are limned with an affectionate irony and generated by a sincere belief in their ultimate significance significance not just for the characters who embody them but for the author and presumably the reader as well Russell Banks from his introduction Mavis Gallant is the modern master of what Henry James called the international story the fine grained evocation of the quandaries of people who must make their way in the world without any place to call their own The complexity of the very idea of home is alive in the stories Gallant has written about Montreal **Montreal Stories** Russell Banks's new selection from Gallant's work demonstrates anew the remarkable reach of this writer's singular art Among its contents are three previously unpublished stories as well as the celebrated semi autobiographical sequence about Linnet Muir stories that are wise funny and full of insight into the perils and promise of growing up and breaking loose

The Selected Stories of Mavis Gallant Mavis Gallant, 2014-07-04 The ultimate collection of stories by one of the great short story writers of our time Michael Ondaatje Gallant is funny exacting and stern in fact an old fashioned moralist luminescent subtle and lasting Gallant's chronicles of internal and external exile are a fitting tribute to a diasporic century *Guardian* Stories are not chapters of novels They should not be read one after another as if they were meant to follow along Read one Shut the book Read something else Come back later Stories can wait Mavis Gallant In 1950 THE NEW YORKER accepted one of Mavis Gallant's short stories for publication and she has since become the one of the most accomplished and respected short story writers of her time Gallant is an undisputed master whose peerless prose captures the range of human experience in her sweeping portraits set in Europe in the second half of the last century An expatriate herself her stories deal with exile displacement of love and of estranged emotions but they are never conventional This collection of fifty two stories written between 1953 and 1995 is timeless to be savoured and re read

Irish Varieties James J. Gaskin, 1874 *Questions of Travel* Caren Kaplan, 1996-08-21 On travel in literature *Irish Varieties* I. Gaskin, 2025-07-18 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

Forensic Linguistics I. M. Nick, 2019-02-25 According to international statistics the world is currently undergoing one of the largest refugee catastrophes in modern history This humanitarian crisis has stimulated the mobilization of countless private and public rescue and relief efforts Yet deep seated

concerns over potential breaches of national security and wide spread fears over uncontrolled mass immigration have prompted many policy makers to caution against the unregulated entry of foreigners with little or no identity documentation In an effort to strike a balance between addressing the needs of these two competing sets of concerns an increasing number of governments have instituted policies and procedures for identity verification In this multi authored work the focus is placed upon the widespread governmental use of language analyses to investigate displaced persons registered origins This dynamic collection of writings provides readers with a thought provoking politically stimulating intellectually challenging examination of the pitfalls and promise of these practices across differing sociopolitical legal linguistic and geographical contexts This contextual diversity reflects the unique strength of this reference work Unlike so many other publications on the market that focus rigidly upon a single vantage point this work offers a dynamic exploration of the theory and practice of language analysis for governmentally mandated identification procedures From the linguistic scholar to the human rights activist the agency worker to the asylum seeking applicant this collection offers a complex and rich cross section of professional and personal experiences The multiplicity of perspectives is powerfully complemented by the heterogeneity of disciplines represented in this work From sociology psychology demography and language policy to linguistics ethics international affairs government and politics this work will satisfy a wide variety of readers scholarly interests and commensurately serves as an excellent reference work for researchers and practitioners as well as a valuable teaching resource for graduate and undergraduate courses

Varieties of Irish History James J. Gaskin, 1869 **THE JOURNAL OF HORTICULTURE** ,1877 **Femme dans la ville multiethnique** Associazione italiana di studi canadesi, 2008

Varieties of Secularism in Asia Nils Ole Bubandt, Martijn Van Beek, 2012-03-12 Varieties of Secularism is an ethnographically rich theoretically well informed and intellectually coherent volume which builds off the work of Talal Asad Charles Taylor and others who have engaged the issue of secularism s and in socio political life The volume seeks to examine theories of secularism secularity and examine concrete ethnographic cases in order to further the theoretical discussion Whereas Taylor s magisterial work draws up the conditions and problems of a belief in God in Western modernity it leaves unexplored the challenges posed by the spiritual in modernity outside of the North Atlantic rim This anthology seeks to begin that task It does so by suggesting that the kind of secularity described by Taylor is only one amongst others By attending to the shifting relationship between proper religion and bad faiths between politically valorised and embarrassing spiritual phenomena between the new visibilities and silences of magic ancestors and religion in democratic politics this book seeks to outline the particular formations of secularism that have become possible in Asia from China to Indonesia and from Bahrain to Timor Leste This book will appeal to students and scholars of Asian religion politics and anthropology

Canadian Literature Index ,1991 **Collected papers** Mina L. Winslow, 1922 *Occasional Papers of the Museum of Zoology*, University of Michigan University of Michigan. Museum of Zoology, 1922 *Science Fraud: Darwin's Plagiarism of Patrick*

Matthew's Theory Mike Sutton, 2023 Patrick Matthew in 1831 originated the complete theory of evolution by natural selection in his book *On Naval Timber and Arboriculture* and did so before Charles Darwin and Alfred Wallace claimed to independently replicate it in 1858 Unjustly and against the Arago convention on priority a ruling that gives origination of any science theory to the first to publish Matthew has been illicitly denied his priority on the grounds he never influenced anyone with his breakthrough Today Big Data research has uncovered Darwin's science fraud by plagiarism revealing evidence which proves beyond all reasonable doubt that he and Alfred Wallace both independently plagiarised the theory of evolution by natural selection from Patrick Matthew Books have been newly unearthed in the publication record to show that at least 30 people cited Matthew's work in published literature before 1858 and that several were known influencers of Darwin's and Wallace's work in the field Additionally several people in Darwin's and Wallace's social circles were first to be second into print using original terms coined by Matthew in his bombshell breakthrough book This book reveals all the newly unearthed data and essentially explains it alongside the deplorable treatment of Patrick Matthew in scholarly historical context Dr Mike Sutton further reveals using social science participatory observation methods and experimental results how members of the so called Darwin Industry enabled and facilitated by the deliberate publication of falsehoods and other grossly misleading editing on Wikipedia have disgracefully worked to re bury these newly unearthed facts by means of knee jerk blind sight ignorant rejection blatant and deliberate fact denial censorship persistent and serious workplace harassment obscene social media abuse poison pen emails lies mischievous misrepresentation and repeat research plagiarism
