

Unhelpful thinking styles

Predictions

I make negative predictions about what might happen in the future even though I have no way of knowing this.

Judgements

I make judgements about things even though there is no evidence or facts to back this up.

Catastrophising

I always think of the worst case scenario or think that something really bad is going to happen.

Perfectionist

I put a lot of pressure on myself to do well and set unrealistically high expectations for myself. I think everything has to be exactly right.

Negative glasses

When I have my negative glasses on, I only see the bad things that happen and I don't notice any of the good things.

Feelings

If I notice negative feelings in myself or my body and automatically think that it means something bad is happening or will happen.

Mental filter

I tend to take more notice of the negative things in a situation and down play the positive things.

Memories

Some things trigger my negative memories which makes me think something bad will happen again now.

Black & white thoughts

I usually think things are either really good or really bad and there is no in between.

Mind reading

I assume I know what other people are thinking and this is usually negative things about me.

Compare & despair

I notice positive things about other people but then compare myself negatively to them and think others are better than me.

Self-critical

I am very critical of myself and my abilities.
