CORE Neil Gaught, 2017-08-22 *CORE* is shortlisted for the Best Business Book Awards in the Engaging Change category. At the core of the world's most admired businesses lies a powerful Single Organizing Idea. These organizations deliver sustainable economic and social benefit; they unite people, attract investment, inspire innovation, pioneer new efficiencies and enjoy positive reputation. Such businesses are admired but they remain a rare breed. Though the tides of change are engaging the minds of business leaders, most are still trapped behind their brands and an approach to corporate social responsibility that is out of step with a connected society that increasingly questions who these businesses really are and what drives their purpose. This book is about how businesses can adopt a Single Organizing Idea and more importantly why they have to. Drawing on stories and case studies and with reference to the UN's Sustainable Development Goals, its no-nonsense approach sets aside the ideals to confront the realities of business reform. It demonstrates the power and potential that a Single Organizing Idea can bring to any business prepared to take its head out of the sand and proactively respond to today's challenges.
