Against the Wind Carl L. Kell, 2009 The struggle for control of the Southern Baptist Convention which was publicly launched in 1979 and concluded in the 1990s marked an unprecedented turning point in the history of the denomination Just as a new millennium was dawning everything in the denomination was different its priorities its policies and its personalities The conservatives had come decisively to the fore and those Baptists labeled as moderates found themselves largely exiled from the religious communities that had formed them and to which they had given their lives Using rhetorical and historical analysis to illuminate the role of the Baptist moderates and the schisms that led to their banishment Carl Kell argues that the twenty first century Baptist diaspora originated in an unintended fashion after World War II Birthed in a postwar revival movement at Baylor University in Waco Texas young men and women with little or no training in preaching and religious organization became the progenitors of a distinctive community of moderate believers Armed with a spirit of evangelism and missions fueled by a rhetoric of freedom these men and women would be among the first exiles and martyrs of the fundamentalist takeover that occurred years later As he probes the rhetoric that defined the moderate voice in Southern Baptist life Kell also shows how the rise of a conservative counter rhetoric associated with biblical inerrancy and related doctrines came into play to exclude and divide members of the convention Complementing Kell's text are contributions by several other prominent observers of the Southern Baptist holy wars among them William Hull Bill Leonard and Duke McCall The end result is a unique and penetrating examination of not only where the Baptist moderates came from but where they are headed and how they will get there Carl Kell is professor of communication at Western Kentucky University He is the editor of *Exiled Voices of the Southern Baptist Convention Holy War* and coauthor with Raymond Camp of *In the Name of the Father The Rhetoric of the New Southern Baptist Convention* *Beating against the Wind* Calvin Hollett, 2016-05-01 There are many analyses of Tractarianism a nineteenth century form of Anglicanism that emphasized its Catholic origins but how did people in the colonies react to the High Church movement *Beating against the Wind* a study in nineteenth century vernacular spirituality emphasizes the power of faith on a shifting frontier in a transatlantic world Focusing on people living along the Newfoundland and Labrador coast Calvin Hollett presents a nuanced perspective on popular resistance to the colonial emissary Bishop Edward Feild and his spiritual regimen of order silence and solemnity Whether by outright opposing Bishop Feild or by simply ignoring his wishes and views or by brokering a hybrid style of Gothic architecture the people of Newfoundland and Labrador demonstrated their independence in the face of an attempt at hierarchical ascendancy upon the arrival of Tractarianism in British North America Instead they continued to practise evangelical Anglicanism and participate

in Methodist revivals and thereby negotiated a popular Protestantism one often infused with the spirituality of other seafarers from Nova Scotia and New England Exploring the interaction between popular spirituality and religious authority Beating against the Wind challenges the traditional claim of Feild's success in bringing Tractarianism to the colony while exploring the resistance to Feild's initiatives and the reasons for his disappointments

The Psalms, Books of Wisdom, and Canticle of Canticles Francis Patrick Kenrick, 1857 *National Magazine* ... , 1900 **Against the Wind** Neal Gabler, 2023-11-21 New York Times Book Review Editors Choice From the author of *Catching the Wind* comes the second volume of the definitive biography of Ted Kennedy and a history of modern American liberalism Magisterial an intricate astute study of political power brokering comparable to Robert A Caro s profile of Lyndon Johnson in *Master of the Senate* Publishers Weekly starred review *Against the Wind* completes Neal Gabler s magisterial biography of Ted Kennedy but it also unfolds the epic tragic story of the fall of liberalism and the destruction of political morality in America With Richard Nixon having stilled the liberal wind that once propelled Kennedy s and his fallen brothers political crusades Ted Kennedy faced a lonely battle As Republicans pressed Reaganite dogmas of individual freedom and responsibility and Democratic centrists fell into line Kennedy was left as the most powerful voice legislating on behalf of those society would neglect or punish the poor the working class and African Americans Gabler shows how the fault lines that cracked open in the wake of the Civil Rights movement and Vietnam were intentionally widened by Kennedy s Republican rivals to create a moral vision of America that stood in direct opposition to once broadly shared commitments to racial justice and economic equality Yet even as he fought this shift Ted Kennedy s personal moral failures in this era the endless rumors of his womanizing and public drunkenness and his bizarre behavior during the events that led to rape accusations against his nephew William Kennedy Smith would be used again and again to weaken his voice and undercut his claims to political morality Tracing Kennedy s life from the wilderness of the Reagan years through the compromises of the Clinton era from his rage against the craven cruelty of George W Bush to his hope that Obama would deliver on a lifetime of effort on behalf of universal health care Gabler unfolds Kennedy s heroic legislative work against the

backdrop of a nation grown lost and fractured In this outstanding conclusion to the saga that began with *Catching the Wind* Neal Gabler offers his inimitable insight into a man who fought to keep liberalism alive when so many were determined to extinguish it *Against the Wind* sheds new light both on a revered figure in the American Century and on America's current existential crisis *I See the Wind* Jake Rawkin, 2012-04-27 A collection of 150 poems about a variety of subjects Included in this collection are *Be the Stag* *I See the Wind* *I Remember a Day I Caught a Leaf* *Flames of a chemical Passion* *Not Here to Dance* and more Covering such a variety of subjects questioning as he does and his observational remarks makes many of Rawkins poems intriguing topics of conversation for poetry lovers philosophers and everyone who takes time out for art
