Representations of Child Soldiers in Contemporary African Narratives Ademola Adesola,2024-09-11 In
Representations of Child Soldiers in Contemporary African Narratives Ademola Adesola examines the dominant factors that
writers privilege in their portrayals of child soldiering in sub Saharan Africa In his textual interpretive analyses of selected
novels in the African child soldier genre Adesola contends that critical discussions of African child soldier literature have
depended on the interpretive frameworks supplied by Western humanitarian discourses which oversimplify and de historicize
experiences of war in Africa The author argues that such reductive decontextualization of war realities serve to champion a
narrow vision of war in African contexts centered on a moral and humanitarian urge for Western intervention Regardless of
whether the casus belli legitimating those wars are genuine or not those conflicts and children s involvement in them are
understood within the same racist colonial and ethnocentric stereotypes about Africa that have been privileged in Western
thought and the Western moral political imagination for centuries Thus in studying African child soldier narratives this book
provides an alternative reading of novels whose settings feature African ethnopolitical conflicts such as in Sierra Leone
Liberia Congo Brazzaville Nigeria notable for their exploitation of children for military ends The author maintains that these
works are significant in the varying ways they reify and challenge the Western ideas of child and childhood as well as
privilege child soldiers as social actors whose intricate makeups disavow being simply understood as innocent victims or
irredeemable perpetrators of atrocities **Military Review** ,2000
