 Savard, Dirk V. Derksen, Dan Esler, John M. Eadie, 2015-04-13 The past decade has seen a huge increase in the interest and
 attention directed toward sea ducks the Mergini tribe This has been inspired in large part by the conservation concerns
 associated with numerical declines in several sea duck species and populations as well as a growing appreciation for their
 interesting ecological attributes Reflec *Poetic Imagination in Proverbs* Knut Martin Heim, 2013-05-01 No fewer than 223
 verses in Proverbs appear two times 79 sets three times 15 sets or even four times 5 sets in identical or slightly altered form
 more than 24% of the book Heim analyzes all of these presenting them in delineated Hebrew lines and in English translation
 Where appropriate the translations are followed by textual notes that discuss uncertainties regarding the textual witnesses
 textual criticism and explore lexical grammatical and syntactical problems Heim also analyzes the way the parallelism in
 each verse of a variant set has been constructed presenting diagrams and tables with columns that highlight the
 corresponding similarities and differences among repeated verses Key to this investigation is the search for links between
 the variants and their surrounding verses such as repetitions of sound and sense Heim shows that most variant repetitions
 result from skillful poetic creativity Reconstruction of the editorial and creative poetic process highlights what poets did how
 they did it and why they did it He develops criteria for determining the direction of borrowing between the verses and
 demonstrates that the phenomenon of variant repetition is an editorial concern that operates on the level of the book as a
 whole He develops and refines a range of interpretive techniques and skills arrives at fresh interpretations and shows that
 ancient proverbial wisdom is relevant to modern societies This study sheds new light on the nature of biblical poetry and on
 the methods and virtues best suited for its study While specific to the book of Proverbs in the first instance the findings in
 this study apply to poetry elsewhere Three fundamental insights should inform future work on poetry the creative
 combination of repetition with variation is the very essence of poetry what has been written with imagination should be read
 with imagination imaginative interpretation values the normal features of poetic expression and celebrates the truly unusual
