Meire Pop is an elementary school student She studies in a very well respected private school and her parents work hard so that she can study there Meire s generation lies in the digital world The famous Internet Cloud which connects servers across the globe and connects people information and everything else that gives meaning to life in our 21st century world It s the reason they are called Clouders an English term that derives from the cloud Meire is a blogger At age 14 Meire already had one of the most popular blogs by young people from all over the country His life was very interesting and full of activities until things began to change That summer Marcos Freitas appeared in the classroom transferred from another city had a mysterious and attractive tone But that summer crush was just the beginning of a great adventure What if Marcos approach had been determined by messages coming from the future through dreams And if the texts on Meire s blog were influencing young people to rebel against the oppressive system that makes them all study and work hard for nothing And if true love was not in the handsome young kid of the school but actually an older boy she does not yet know but who has dreamed about it And if her dreams are also messages from the future to what extent her choices really are really free choices And if for all time since his blog came on the air Meire was being watched by a person whose intentions are at least ambiguous Clouders digital adventure pop culture Twilight Divergent Hunger Games and many more are constant references between reality fiction and fantasy of what becomes that year in the life of this curious intelligent and fearless teenager **Catalog of**
