Sunday School Kids Survey:

Speaking of Kids, 1991 *Presbyterian Survey*, 1924 *The Living Church*, 1913 *Exploring and Engaging Spirituality for Today's Children* La Verne Tolbert, 2014-05-19 Exploring and Engaging Spirituality for Today's Children A Holistic Approach answers questions about the most effective ways to help children pre teens and teens develop spiritually This collection of research gleaned from presentations during the Fourth Triennial Children's Spirituality Conference at Concordia University in 2012 is divided into four major sections 1 theological and historical foundations 2 engaging parents and congregations 3 engaging methodologies and 4 exploring children at risk child pornography social justice intercultural diversity and abstinence education Researchers acknowledge that the home is the foundation for Christian nurture In Exploring and Engaging Spirituality for Today's Children both scholars and ministry leaders come together with parents to promote a holistic environment where children are encouraged to love respect and obey God From birth to high school children's voices resonate throughout these studies as they are invited to share their reflections and experiences Exploring and Engaging Spirituality for Today's Children is a lively easy to read collection that reflects a broad range of faith traditions and is ideal for all those who are committed to the spiritual development of children **Official Report of the ...**

Herbert Heebner Smith, 1922 **Help! I'm a Sunday School Teacher!** Ray Johnston, 1996-03 Whether you teach first graders or high schoolers this funny yet extremely practical resource will give new spark to your teaching help you be more effective and help you have more fun Along with empathy and understanding Johnson offers creative thoughts tips and ideas for improving your Sunday school style **The Ministry Multiplication Cycle** Bill Jones, 2020-04-28 After harmonizing the four Gospels into one unified story the author examines the ministry of Jesus to see what we can learn today for our own churches and ministries As the story unfolds one finds Jesus implementing four strategic ministry tactics in this order Outsiders becoming new believers through evangelism New believers becoming committed disciples through establishing Committed disciples becoming effective workers through equipping Effective workers becoming world Christians through missions mobilization Together these four tactics form the ministry multiplication cycle To determine whether this strategy is truly a biblical strategy or not an in depth look is then taken into the book of Acts There we find the apostles the men whom Jesus trained implementing these same four tactics in the exact same order with the exact same results powerful growth through multiplication The question remains whether the ministry multiplication cycle can be replicated today in our own culture The answer is a resounding yes when we learn to think in terms of principles and not just practices This book is a product of over thirty years of clarifying these principles in the classroom and implementing them around the world the latter resulting in over two thousand churches being planted among unreached people groups **Already Gone** Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who

are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America's Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church Already Gone reveals Why America's churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way

An Effective Sunday School in the Midst of 21st Century Stephene Timothée Loremy, 2022-06-28 The purpose of the Sunday school is to teach the word of God its power brings about the spread of justice and equality in society It aims at developing a society that believes in living with peace and harmony Sunday schools aim at helping people from all age groups to adopt the principles of God Sunday school education intends to educate people the ways to adhere to ideals in life At times this involves the teaching of scriptures from the Bible Learning what the Bible has to say helps the people meet with God Enabling the connection of a common man with God is a primary purpose of Sunday schools They aim at bringing about a spiritual development for their students The purpose of Sunday schools is indeed worthy One must not ignore the fact that Sunday schools offer the group an opportunity to be a part of the mission of Christianity to establish equality peace and harmony in society They aim at the creation of a society based on the principles of Christ and serve as excellent platforms to move closer to God
