Visions of Poetry Alexander Roman,2014-10-31 Alexander Roman is a 38 Year Old Author Poet who is originally from New Jersey and now resides in Virginia He has his own Facebook Poetry page Heart and Soul Poetry with thousands of followers His love for poetry shows in his unorthodox use of words and his ability to paint fascinating and celestial pictures in the minds of his readers **Ekphrastic Medieval Visions** C. Barbetti,2011-10-27 Explores the transformative power of

ekphrasis in high and late medieval dream visions and mystical visions Demonstrates that medieval ekphrases reveal ekphrasis as a process rather than a genre and shows how it works with cultural memory to transform shift and revise composition *The High Medieval Dream Vision* Kathryn L. Lynch,1988-06-01 In the High Middle Ages the dream narrative was an enormously popular and influential form Along with the romance it was perhaps the genre of the age It has come down to us in such classics twelfth to fourteenth century classics as The Divine Comedy the Romance of the Rose Piers Plowman Chaucer s early poetry and the works of Guillaume de Machaut This book redefines the dream vision by attending to its role in philosophical debate of the time a conservative role in defense of the high medieval synthesis of reason and revelation Lynch shows how the epistemological basis of this synthesis and the theories of visions that emerged from it drew on Arabic commentaries of Aristotle These theories informed poetic visions modeled on Boethius s Consolation of Philosophy a work she discusses in detail before turning to Alain de Lille Jean de Meun and Dante A final section on John Gower s Confessio Amantis shows how fourteenth and fifteenth century writers extended and finally moved beyond the conventional form of the dream vision **Visions of British Culture from the Reformation to Romanticism** Celestina

Savonius-Wroth,2022-01-17 This book is a major new contribution to the study of cultural identities in Britain and Ireland from the Reformation to Romanticism It provides a fresh perspective on the rise of interest in British vernacular or folk cultures which has often been elided with the emergence of British Romanticism and its Continental precursors Here the Romantics discovery of and admiration for vernacular traditions is placed in a longer historical timeline reaching back to the controversies sparked by the Protestant Reformation The book charts the emergence of a nuanced discourse about vernacular cultures developing in response to the Reformers devastating attack on customary practices and beliefs relating to the natural world seasonal festivities and rites of passage It became a discourse grounded in humanist Biblical and

antiquarian scholarship informed by the theological and pastoral problems of the long period of religious instability after the Reformation and over the course of the eighteenth century colored by new ideas about culture drawn from Enlightenment historicism and empiricism This study shows that Romantic literary primitivism and Romantic social thought both radical and conservative grew out of this rich context It will be welcomed by historians of early modern and eighteenth century Britain and those interested in the study of religious and vernacular cultures *Voices & Visions* Helen Vendler,1987

Contemporary Irish Poetry and the Pastoral Tradition Donna L. Potts,2012-01-01 In *Contemporary Irish Poetry and the Pastoral Tradition* Donna L Potts closely examines the pastoral genre in the work of six Irish poets writing today Through the exploration of the poets and their works she reveals the wide range of purposes that pastoral has served in both Northern Ireland and the Republic a postcolonial critique of British imperialism a response to modernity industrialization and globalization a way of uncovering political and social repercussions of gendered representations of Ireland and more recently a means for conveying environmentalism s more complex understanding of the value of nature Potts traces the pastoral back to its origins in the work of Theocritus of Syracuse in the third century and plots its evolution due to cultural changes While all pastoral poems share certain generic traits Potts makes clear that pastorals are shaped by social and historical contexts and Irish pastorals in particular were influenced by Ireland s unique relationship with the land language and industrialization due to England s colonization For her discussion Potts has chosen six poets who have written significant collections of pastoral poetry and whose work is in dialogue with both the pastoral tradition and other contemporary pastoral poets Three poets are men John Montague Seamus Heaney Michael Longley while three are women Eavan Boland Medbh McGuckian Nuala N Dhomhnaill Five are English language authors while the sixth N Dhomhnaill writes in Irish Additionally some of the poets hail from the Republic while others originate from Northern Ireland Potts contends that while both Irish Republic and Northern Irish poets respond to a shared history of British colonization in their pastorals the 1921 partition of the country caused the pastoral tradition to evolve differently on either side of the border primarily because of the North s more rapid industrialization its more heavily Protestant population whose response to environmentalism was somewhat different than that of the Republic s predominantly Catholic population as well the greater impact of the world wars and the Irish Troubles In an important distinction from other studies of Irish poetry Potts moves beyond the influence of history and politics on contemporary Irish pastoral poetry to consider the relatively recent influence of ecology Contemporary Irish poets often rely on the motif of the pastoral retreat to highlight various environmental threats to those retreats whether they be high rises motorways global warming or acid rain Potts concludes by speculating on the future of pastoral in contemporary Irish poetry through her examination of more recent poets including Moya Cannon and Paula Meehan as well as other genres such as film drama and fiction **Visions of the Night** Kelly Bulkeley,1999-09-16 This wide ranging exploration of the spiritual and scientific dimensions of dreaming offers new connections between the ancient wisdom of the world s religious traditions

which have always taught that dreams reveal divine truths and the recent findings of modern psychological research Drawing upon philosophy anthropology sociology neurology literature and film criticism the book offers a better understanding of the mysterious complexity and startling creative powers of human dreaming experience For those interested in gaining new perspectives on dreaming the powers of the imagination and the newest frontiers in the dialogue between religion and science *Visions of the Night* promises to be a welcome resource

Mediæval Culture: The literary background and the poetry of the "Divine comedy" Karl Vossler,1929 **Chaucer's Visions of Manhood** H. Crocker,2007-06-25 This book argues that Chaucer challenges his culture's mounting obsession with vision constructing a model of manhood that blurs the distinction between agency and passivity in a traditional gender binary *A vision of creation: a poem ... Second edition, etc* Cuthbert COLLINGWOOD (Naturalist.),1875 *Chaucerian Dream Visions and Complaints* Dana M Symons,2004-11-01 On several counts one particular collection of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer's French poems It is the largest manuscript anthology extant of fourteenth century French lyrics in the formes fixes balade rondeaux virelay lay and five stanza chanson with by far the largest number of works of unknown authorship The known authors represented in the manuscript and the texts themselves have notable associations with England and with Chaucer And intriguingly there are fifteen lyrics each headed by the initials Ch very likely indications of authorship neatly inserted between rubric and text The rubrics together with other substantial manuscript evidence and the intrinsic worth of the poems make them easily the best candidates among extant French lyrics for Chaucer's authorship appropriate representatives of his French work from the Introduction *Chaucer's Poetics and the Modern Reader* Robert M. Jordan,2023-04-28 In *Chaucer's Poetics and the Modern Reader* the focus shifts from a realist interpretation of Chaucer's works to a nuanced exploration of his rhetorical poetics emphasizing the poet's ambivalence about the nature of truth and language The study aligns Chaucer's fragmented and contingent narratives with modern poststructuralist and rhetorical theories arguing that his works embody a profound self awareness about the limitations and possibilities of literary language Rejecting static notions of truth to life this approach highlights Chaucer's place in a lineage of literary innovators who probe the intersection of language reality and artifice Through analyses of works like the House of Fame and The Canterbury Tales the study reveals Chaucer's consistent use of rhetorical poetics across diverse narrative forms The House of Fame with its flamboyant structure and reflexive style serves as a touchstone for understanding Chaucer's aesthetic principles while the Canterbury Tales showcases his adaptability blending realism in the Pardoner's Tale with rhetorical brilliance in the Nun's Priest's Tale Ultimately Chaucer's poetic ambivalence culminates in the final sequence of the Tales where he juxtaposes the ambiguities of literary art with theological certitude This work presents Chaucer as a pioneering figure whose insights into the instability of language and meaning resonate deeply with modern literary discourse This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek

out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987
