Modern Viking Norman Percy Grubb,2018-12-12 This is the fascinating story of the International Christian Leadership Movement and its founder Dr Abraham Vereide I C L is known around the world especially for its sponsorship of the annual Presidential Breakfasts in Washington D C and this book contains many interesting sidelights on these famous events and personalities Political leaders in Washington are warm in their praise of Dr Vereide and his work Congressman Charles E Bennett says Abraham Vereide originally envisioned this Group the House Breakfast Group which meets every Thursday morning for prayer discussion and Christian fellowship the most significant thing I know on Capitol Hill I consider him to be

one of America's greatest citizen leaders and one of our Master's greatest tools for good Reading the life story of Abraham Vereide is like boarding a fast moving train writes the reviewer in Faith at Work magazine for here is a man who has been hurtling through life since childhood and now in his mid seventies is still going strong Though Vereide is Norwegian by birth it is difficult to think of him except as the American pioneer and the various stages and episodes in his life epitomize the best of the forces that shaped this nation The story of the development of International Christian Leadership is only slightly less interesting than the story of Vereide himself And the names that dot the pages presidents of the United States kings and queens French diplomats members of Parliament African and Indian leaders millionaires governors and great Christians of all kinds Graham Sunday Peter Marshall Schweitzer Shoemaker Bob Pierce Peale No less interesting are the anonymous men and women whose stories gleam through the swift paced narrative the mining camp rowdies alcoholics taxi drivers churchmen All in all this volume is a significant achievement

*Orbital Debris Prevention and Mitigation Efforts among Major Space Actors* Marc Carns, 2023-07-03 In the absence of formal treaty law orbital debris has grown exponentially in our most valuable orbital regions To address this problem many major spacefaring programs have implemented independent laws and policies meant to mitigate the release and overall threat of debris However these individual efforts have not translated into a cohesive international set of regulations to address the growing debris problem Fortunately there may exist unappreciated similarities among major international programs either in whole or part that once identified could lay the groundwork for the recognition of customary international law This book reviews a number of major programs in depth and seeks to answer if any commonality among them has likely established customary international law
