Viper Installation Manual:

SIMD Programming Manual for Linux and Windows W. Paul Cockshott, Kenneth Renfrew, 2004-05-18 The book is intended as a programmer's introduction to the use of SIMD on PCs. It presents the underlying technology of SIMD processing on current PCs and looks at tools to exploit this including the Intel SIMD library and the Parallel Processing Language Vector Pascal. It explains how to cast algorithms in parallel to exploit the parallel processing capability of standard PCs obtaining large performance gains relative to conventional sequential compilers. It assumes a familiarity with imperative programming but not specifically with Pascal. It does not assume any prior familiarity with the SIMD programming model. The language translation system will be available either as a downloadable for Linux or Windows in association with the book. This book will be particularly useful for programmers in the rapidly growing area of games and multi media entertainment and it would also be to academics interested in parallel programming techniques or array programming languages.

Chevelle/Elcamino Handbook HP1428 Editors of Chevy High Performance Mag, 2004-06-01 Now readers can turn their Chevelle or El Camino into the ultimate street machine. Here is a compilation of tech articles from Chevy High Performance, the most popular magazine among Chevy enthusiasts. Includes articles on engine performance, tires, wheels, suspension, bodywork, exhaust, and interior modifications. It's the latest collaboration of the authors of Hot Rod, Car Craft, Chevy High Performance, among others. Complete with over 300 photos and illustrations.

[WordPress Top Plugins](#) Brandon Corbin, 2010-09-21 Annotation: Bloggers, authors, coders, photographers, moms, dads, big companies, small companies, and even kids use WordPress to manifest their personas online. WordPress is used in every market in every country and continues to grow everyday. This explosive growth and international open source love affair was ignited the day WordPress announced the simple idea of a plugin. A WordPress plugin is a collection of files (PHP, javascript, css) that creates a small feature or modification to your WordPress blog. WordPress Top Plugins will teach you to add these plugins to an already built base WordPress site and customize them where applicable. This book will walk you through finding and installing the best plugins for generating and sharing content, for building communities and reader base, and for generating real advertising revenue. There is literally a plugin for almost anything you want to achieve in WordPress. This book will show you how plugins work and more importantly how to install and activate them on your blog without you having to touch a single line of code, unless of course you want to. Content is king and it's pretty hard to generate. This book will cover some of the best plugins available on WordPress to generate unique and dynamic content. Once you have your blog loaded chock full of juicy content, you will learn how to turn your blog in to an overnight sensation by helping your readers to share it using tools to retweet, post on Facebook, and so on. This book will teach you how to build a community with one single killer plugin, namely BuddyPress, the best community building plugin available for WordPress. Once you are through with plugin basics, content, and building a community, this book will show you how to generate revenue. It will cover the top plugins for turning your blog into a money

making machine This book will also cover plugins focused on tweaking and perfecting your blog's overall look and feel and functionality Nothing helps build a powerful online blog brand than a horde of talented writers to contribute their ideas and content _ as well as their social network This book will cover a bunch of plugins that will make working with multiple authors easy efficient and effective Last but not the least it will cover the best plugins for ensuring that your blog is secure the database is running optimally and in the case of an emergency you have a full backup copy of your blog While most plugins in this book are focused on a blog's frontend this book will also cover some great non public facing plugins that make our lives so much easier and make your WordPress site a productive powerhouse Find and install the best plugins for generating and sharing content building communities and generating revenue
