Miller,2016-10-27 One of only three films to date to win Academy Awards in all five major categories The Silence of the Lambs marked a sea change in horror films when it debuted shifting the genre from teen slasher fare of the 1970s to the sophisticated psychological horror that characterizes acclaimed films today Praised by some as the first true feminist thriller it has drawn criticism from others for perpetuating narratives of crimes against women and demonizing its queer character Regardless of the controversy this film is a perennial favorite and even made it into AFI s list of top 100 movies of all time In The Silence of the Lambs Critical Essays on a Cannibal Clarice

and a Nice Chianti editor Cynthia J Miller compiles fifteen essays contributed by authors from a wide range of disciplines which are divided into three sections each approaching the film from a different vantage point Situating the Silence looks at the film in its cultural and historical context as an adaptation popular culture icon and as an element in genre and character history Dissecting Evil takes a closer look at portrayals of evil in the film in both Hannibal Lecter and Buffalo Bill and Minds Hearts and Body Parts offers critical explorations of gender patriarchy class Orientalism and humor as lenses for continued contemporary analysis of this classic film Written accessibly this collection of essays also introduces readers to forensics semantics and the psychology of serial killers The Silence of the Lambs Critical Essays on a Cannibal Clarice and a Nice Chianti will be of interest to scholars and fans of horror thriller and crime drama films as well as those interested in film history and the legacy of Hannibal the Cannibal in popular culture

Silence of the Lambs Frank Stone, 2016-09-26 Gary Heidnik was a serial killer whose crimes would become the inspiration for the Buffalo Bill character in the movie Silence of the Lambs He built and designed a torture chamber in the basement of his home in North Philadelphia where he lured both prostitutes and mentally challenged adults holding them captive for sex Heidnik constructed this house of horrors over the course of several months He dug up the basement bought chains to hold down the women and bars for the windows Experts are split on the verdict of whether Gary was pure evil or simply insane What is certain was that his goal was to have his own harem A place where he could have his own farm of women who would give birth to his children He realized that no woman would undergo this voluntarily so he decided to begin abducting them one by one in the winter of 1986

After Hitchcock David Boyd, R. Barton Palmer, 2010-01-01 Alfred Hitchcock is arguably the most famous director to have ever made a film Almost single handedly he turned the suspense thriller into one of the most popular film genres of all time while his Psycho updated the horror film and inspired two generations of directors to imitate and adapt this most Hitchcockian of movies Yet while much scholarly and popular attention has focused on the director's oeuvre until now there has been no extensive study of how Alfred Hitchcock's films and methods have affected and transformed the history of the film medium In this book thirteen original essays by leading film scholars reveal the richness and variety of Alfred Hitchcock's legacy as they trace his shaping influence on particular films filmmakers genres and even on film criticism Some essays concentrate on films that imitate Hitchcock in diverse ways including the movies of Brian de Palma and thrillers such as True Lies The Silence of the Lambs and Dead Again Other essays look at genres that have been influenced by Hitchcock's work including the 1970s paranoid thriller the Italian giallo film and the post Psycho horror film The remaining essays investigate developments within film culture and academic film study including the enthusiasm of French New Wave filmmakers for Hitchcock's work his influence on the filmic representation of violence in the post studio Hollywood era and the ways in which his films have become central texts for film theorists

Design in the Contemporary American Film Beverly Heisner,2004-01-30 While the viewer s eyes are trained on the actors the production design sets the mood for the film The design also subtly comments on the action and the characters moves the plot forward and adds to its symbolic content The production design of 23 films of the 1980s and 1990s is analyzed here The films are divided into five areas realistic films set in the present day stylized films including horror set in the present day period films period films that move through several decades and science fiction and fantasy films Among the movies analyzed are *The Silence of the Lambs* *She s Gotta Have It* *The Fisher King* *Ragtime* *Barton Fink* *Goodfellas* and *Alien* The quality of the designs is assessed by a careful reading of the mise en scene Often the designers own words are used to describe the effects and the process involved in achieving them *The Horror Film* Stephen Prince,2004 Focusing on recent postmodern examples this is a collection of essays reviewing the history of the horror film and the psychological reasons for its persistent appeal **Storytelling in the New Hollywood** Kristin Thompson,1999-11-05 Drawing on a wide range of films from the 1920s to the 1990s from Keaton s *Our Hospitality* to *Casablanca* to *Terminator 2* Kristin Thompson offers the first in depth analysis of Hollywood s storytelling techniques and how they are used to make complex easily comprehensible entertaining films *Psycho Paths* Philip L. Simpson,2000 Philip L Simpson provides an original and broad overview of the evolving serial killer genre in the two media most responsible for its popularity literature and cinema of the 1980s and 1990s The fictional serial killer with a motiveless highly individualized modus operandi is the latest manifestation of the multiple murderers and homicidal maniacs that haunt American literature and particularly visual media such as cinema and television Simpson theorizes that the serial killer genre results from a combination of earlier genre depictions of multiple murderers inherited Gothic storytelling conventions and threatening folkloric figures reworked over the years into a contemporary mythology of violence Updated and repackaged for mass consumption the Gothic villains the monsters the vampires and the werewolves of the past have evolved into the fictional serial killer who clearly reflects American cultural anxieties at the start of the twenty first century Citing numerous sources Simpson argues that serial killers recent popularity as genre monsters owes much to their pliability to any number of authorial ideological agendas from both the left and the right ends of the political spectrum Serial killers in fiction are a kind of debased and traumatized visionary whose murders privately and

publicly re empower them with a pseudo divine aura in the contemporary political moment The current fascination with serial killer narratives can thus be explained as the latest manifestation of the ongoing human fascination with tales of gruesome murders and mythic villains finding a receptive audience in a nation galvanized by the increasingly apocalyptic tension between the extremist philosophies of both the New Right and the anti New Right Faced with a blizzard of works of varying quality dealing with the serial killer Simpson has ruled out the catalog approach in this study in favor of in depth an analysis of the best American work in the genre He has chosen novels and films that have at least some degree of public name recognition or notoriety including *Red Dragon* and *The Silence of the Lambs* by Thomas Harris *Manhunter* directed by Michael Mann *Henry Portrait of a Serial Killer* directed by John McNaughton *Seven* directed by David Fincher *Natural Born Killers* directed by Oliver Stone *Zombie* by Joyce Carol Oates and *American Psycho* by Bret Easton Ellis **Frames of Evil** Caroline Joan Picart, David A. Frank, 2006 In *Frames of Evil The Holocaust as Horror in American Film* Picart and Frank challenge this classic horror frame the narrative and visual borders used to demarcate monsters and the monstrous After examining the way in which directors and producers of the most influential American Holocaust movies default to this Gothic frame they propose that multiple frames are needed to account for evil and genocide **SILENCE of the Lambs**, 2001

Dissecting Hannibal Lecter Benjamin Szumskyj, 2008-01-22 This comprehensive study of author Thomas Harris popular works focuses particularly on Harris's internationally known antihero Hannibal The Cannibal Lecter in the classic novels *Red Dragon* *Silence of the Lambs* and *Hannibal* In 12 scholarly essays the work examines several themes within Harris trilogy including the author's artistic exploration of repressed desires his refinement of neo noir themes and the serial killer motif and his developing perceptions of feminine gender roles Several essays also focus on Harris works before and after the popular trilogy examining themes such as gothic romance in Harris's first novel *Black Sunday* and the making of a monster in the trilogy's 2006 prequel *Hannibal Rising* **The Silence of the Lambs**, 2007 *Silence of the Lambs* Thomas Harris, 1989-06-01 The Way Hollywood Tells it David Bordwell, 2006 Publisher description
