**The Semantics of Silence in Biblical Hebrew** Sonja Noll, 2020-02-03 In *The Semantics of Silence in Biblical Hebrew* Sonja Noll explores the many words in biblical Hebrew that refer to being silent investigating how they are used in biblical texts Dead Sea Scrolls and Ben Sira She also examines the tradition of interpretation for these words in the early versions Septuagint Vulgate Targum Peshitta modern translations and standard dictionaries revealing that meanings are not always straightforward and that additional work is needed in biblical semantics and lexicography The traditional approach to comparative Semitics with its over simplistic assumption of semantic equivalence in cognates is also challenged The surprising conclusion of the work is that there is no single concept of silence in the biblical world rather it spans multiple semantic fields

**Reverberations of Silence** Márta Pellérdi, Gabriella Reuss, 2014-08-11 Whether a conscious choice or constraint silence has always been the result of oppression censorship trauma and mental or physical handicap Its provocative and mysterious nature has always motivated readers and critics towards interpretation The present volume offers to read and interpret silence unexpressed emotions thoughts hesitations and gestures on mainly a textual and verbal level How is the pervasive presence of silence explained in literature and linguistics The collected scholarly essays in this volume offer a wide range of answers The majority of the writings are literary critical in nature focusing on major and less well known literary texts from the Renaissance until the twentieth century The authors approach the works of Spenser Shakespeare Shelley Dickinson Wright Auster Tan and Ishiguro among others as well as less well known silent or silenced authors and their texts with equal dedication Other essays included in the volume either deal with the problem of translating gaps and hiatuses or focus on capturing the phenomenon of silence in speech through analyzing ellipsis emptiness and hesitations in spoken language The controversial and manifold aspects of silence are captured and interpreted in this volume

**Shouting Down the Silence** David C Dougherty, 2010-10-01 *Shouting Down the Silence* presents the first complete biography of Stanley Elkin a preeminent novelist who consistently won high marks from critics but whose complexities of style seemed destined to elude the popular acclaim he hoped to attain From the publication of his second novel *A Bad Man* in 1967 to his death in 1995 Elkin was tormented by the desire for both material and artistic success Elkin's novels were taught in colleges and universities his fiction received high praise from critics and reviewers two of his novels won National Book Critics Circle Awards and his short stories were widely anthologized and yet he was unable to achieve renown beyond the avant garde or to escape the stigma of being an academic writer He wanted to be Faulkner but he had trouble being Elkin Drawing on personal interviews and an intimate knowledge of Elkin's life and works David C Dougherty captures Elkin's early life as the son of a charismatic intimidating and remarkably successful Jewish immigrant from Russia as well as his later career at Washington University in St Louis A frequent participant at the annual Bread Loaf Writers conference he was the friend and sometime antagonist of other important writers particularly Saul Bellow William Gass Howard Nemerov and

Robert Coover Despite failed attempts to bridge the gap from his academic post to wide popular success Elkin continued to write essays stories and novels that garnered unerring praise His was a classic dilemma of an intellectual aesthete loath to make use of the common devices of popular appeal The book details the ambition the success the friction and the foibles of a writer who won fame but not the fame he wanted

**Silence, the Word and the Sacred** E.D. Blodgett,Harold Coward,2010-10-30 The result of a dialogue between poets and scholars on the meaning and making of the sacred this book endeavours to determine how the sacred emerges in sacred script as well as in poetic discourse It ranges through scholarship in areas as apparently disparate as postmodernism and Buddhism The perspectives developed are various and without closure locating the sacred in modes as diverse as patristic traditions feminist retranslations of biblical texts and oral and written versions of documents from the world s religions The essays cohere in their preoccupation with the crucial role language plays in the creation of the sacred particularly in the relation that language bears to silence In their interplay language does not silence silence by rather calls the other as sacred into articulate existence

*New Trends in Grammaticalization and Language Change* Sylvie Hancil,Tine Breban,José Vicente Lozano,2018-12-06 The chapters in this volume present a state of the art of grammaticalization research in the 2010s They are concerned with the application of new models such as constructionalization the ongoing debate about the status and modelling of the development of discourse markers and reveal a renewed interest in the typological application of grammaticalization and in the cognitive motivations for unidirectionality The contributors consider data from a wide range of languages including several that have not or marginally been looked at in terms of grammaticalization Chinese Dutch varieties of English French German Japanese Maltese Old Saxon Spanish and languages of the South Caucasian and Zhuang Tai Kadai families The chapters range from theoretical discussions to fine grained analyses of new historical and comparative language data This volume will be of interest to linguists studying morphosyntactic changes in a range of languages and in particular to those interested in models for grammatical change

[The Blavatskian and Biblical Roots of Krishnamurti's Imagined Role](#) Al Boag, 2025-09-16 This book focuses on Jiddu Krishnamurti 1895-1986 and charts the development of his teaching. It covers the period from 1922 when Krishnamurti claimed he was God until his death including his declarations to be the World Teacher and eventual departure from the Theosophical Society. The author explores the understanding transmitted to Krishnamurti by his mentors as an inheritance from Helena Petrovna Blavatsky 1831-1891 the Theosophical Society co-founder who is associated with the practice of occult breathless meditation. This book highlights that Krishnamurti's writings and talks reveal his unacknowledged appropriation of the vocabulary of profound biblical motifs. It considers how Krishnamurti fashioned his life and teaching on the New Testament Gospels composite biography of Jesus and on biblical eschatological and Christological texts. The study will be of particular interest to students and scholars of esotericism, new religious movements and the history of religions.

*Drama of the English Republic, 1649-1660* Janet Clare, 2005. *Drama of the English Republic* is the first modern collection of plays and entertainments which were originally published and performed when England was nominally a republic or commonwealth. The five texts, three of which have been edited here for the first time, illustrate how the dramatists devised new aesthetics in response to the ideological concerns of the Republic.

[Drama of the English Republic, 1649-60](#) Janet Clare, 2002. Presents a collection of five dramatic works originally published when England was nominally a Republic. The five texts, three of which have been edited for the first time, include *The Tragedy of that Famous Roman Orator Marcus Tullius Cicero*, *Anonymous Cupid and Death* by James Shirley and William Davenant's *The Siege of Rhodes*, *The Cruelty of the Spaniards in Peru* and *The History of Sir Francis Drake*. In her introductory piece, editor Janet Clare, English University College Dublin, UK, argues that theater forced into a novel state of opposition did more than survive in reduced form; it adapted, offered oblique critiques of Caroline policies and revealed complex and shifting alliances. *40 Questions About the End Times* Eckhard J. Schnabel, 2012-01-12. This contribution to the 40 Questions series continues the tradition of excellent research presented in accessible language and clear writing. Designed for both students and general readers, this resource helps them make sense of one of the Bible's most difficult topics. Eckhard Schnabel, a professor at a leading seminary and the author of several major works, looks at the future of the world, the church, and Israel; the return of Jesus and the millennium; and the final judgment. He answers questions related to the rapture, the 144,000, the identity of the two witnesses, Armageddon, how to interpret Revelation, heaven and hell, and so forth. The result is an even-handed treatment that

avoids sensationalism and a newspaper headline approach to prophecy that is interpreting prophecy according to current events Rather Schnabel carefully studies the biblical text in light of its first century context and draws biblically based conclusions

*Discourse and Silencing* Lynn Janet Thiesmeyer, 2003-01-01 Silencing is not only a physically coercive act It is also an act of language involving forms of selection representation and compliance *Discourse and Silencing* weaves together theories and examples of discourse from different disciplines in order to put forward a theory of silencing in language that discursive systems filter represent and displace types of knowledge into other forms of expression Each chapter of the book analyses examples of silencing through discourse in various social and political fields The examples cover courtroom trials government censorship domestic violence marital conversations penal institutions news media and political rhetoric They cover societies ranging from Eastern and Central Europe Canada and the U S to New Zealand and Japan The contributors clarify the difference between chosen silences and the silencing that as a practice seeks to limit alter or de legitimise another s discourse The book also examines the continuous resistances and shifts in discourse and silencing within the social and political frameworks in which interlocutors negotiate their relations to each other
