Jessie Mei Mei Guest Sharon, Stuart Neal and Sharon Guest, Neal Stuart, 2011-03-04 The Chinese call it the red threads of destiny when a child is born invisible red threads spring from the infant s body and connect it to those who will be important in that child s life Jia Mei was the child Sharon Guest and Stuart Neal had always wanted

and following a protracted adoption process they excitedly travelled to China to collect her from a Chinese orphanage. Friends and family affectionately called her Jessie Mei Mei and welcomed her to a new life in Australia. Jessie was the perfect eighteen month old child gregarious and funny and easy to love. But from the beginning Sharon in that way that parents do suspected something wasn't quite right about Jessie. She was too serious and immobile and learned quite slowly. When they adopt Bi Bi another Chinese baby Jessie's behaviour worries them so much that they seek medical help only to hear what no parent is ever prepared to hear: their beautiful daughter has a degenerative condition that means she will be lucky to see her twelfth birthday. What happens next is the all too common and shocking story of how a country as rich as ours shamefully fails to provide assistance to families in need. The bureaucratic silliness of government departments and their systemic inadequacy in supporting high needs children and adults leads to extreme actions on the part of their exhausted families. Jessie Mei Mei will break your heart with its frank honest and surprisingly funny account of how one family managed. But in the end it is a story about kindness and the power of love to overcome all. *Outsourced Children* Leslie K.

Wang, 2016-08-31 It's no secret that tens of thousands of Chinese children have been adopted by American parents and that Western aid organizations have invested in helping orphans in China but why have Chinese authorities allowed this exchange and what does it reveal about processes of globalization? Countries that allow their vulnerable children to be cared for by outsiders are typically viewed as weaker global players. However Leslie K Wang argues that China has turned this notion on its head by outsourcing the care of its unwanted children to attract foreign resources and secure closer ties with Western nations. She demonstrates the two main ways that this outsourced intimacy operates as an ongoing transnational exchange: first through the exportation of mostly healthy girls into Western homes via adoption and second through the subsequent importation of first world actors' resources and practices into orphanages to care for the mostly special needs youth left behind. *Outsourced Children* reveals the different care standards offered in Chinese state run orphanages that were aided by Western humanitarian organizations. Wang explains how such transnational partnerships place marginalized children squarely at the intersection of public and private spheres, state and civil society and local and global agendas. While Western societies view childhood as an innocent time unaffected by politics this book explores how children both symbolize and influence national futures. *La joven del té* Lisa See, 2025-10-02
