Similarities Of Ghandi And Nelson Mandela:

Revolution and Non-violence in Tolstoy, Gandhi, and Mandela Imraan Coovadia, 2020 Explores the writings and revolutionary thought of three connected figures Leo Tolstoy Mohandas Gandhi and Nelson Mandela on the subject of violence and non violence and the way they resisted revolutionary thinking in favour of an alternative model of civic transformation

Ethical Leadership Through Transforming Justice Thomas F. McMahon, 2004 In this book Thomas McMahon details the framework for the concept of transforming justice and illustrates its unique relevance stemming from its ability to integrate the abstract concepts of rights power and justice The focal concept is exemplified through the examination of eight twentieth century leaders whose profiles illustrate their enactment of transforming justice in various forms

Gandhi and the Unspeakable James W. Douglass, 2012 In 1948 at the dawn of his country's independence Mohandas Gandhi father of the Indian independence movement and a beloved prophet of nonviolence was assassinated by Hindu nationalists In riveting detail author James W Douglass shows as he previously did with the story of JFK how police and security forces were complicit in the assassination and how in killing one man they hoped to destroy his vision of peace nonviolence and reconciliation Gandhi had long anticipated and prepared for this fate In reviewing the little known story of his early experiments in truth in South Africa the laboratory for Gandhi's philosophy of satyagraha or truth force Douglass shows how early he confronted and overcame the fear of death And as with his account of JFK's death he shows why this story matters what we can learn from Gandhi's truth in the struggle for peace and reconciliation today

Gandhi and the Psychology of Nonviolence, Volume 1 V. K. Kool, Rita Agrawal, 2020-11-06 The first of two volumes this book examines Gandhi's contribution to an understanding of the scientific and evolutionary basis of the psychology of nonviolence through the lens of contemporary researches on human cognition empathy morality and self control While psychological science has focused on those participants that delivered electric shocks in Professor Stanley Milgram's famous experiments these books begin from the premise that we have neglected to fully explore why the other participants walked away Building on emergent research in the psychology of self control and wisdom the authors illustrate what Gandhi's life and work offers to our understanding of these subjects who disobeyed and defied Milgram The authors analyze Gandhi's actions and philosophy as well as original interviews with his contemporaries to elaborate a modern scientific psychology of nonviolence from the principles he enunciated and which were followed so successfully in his Satyagrahas Gandhi they argue was a practical psychologist from whom we can derive a science of nonviolence which as Volume 2 will illustrate can be applied to almost every subfield of psychology but particularly to those addressing the most urgent issues of the 21st century This book is the result of four decades of collaborative work between the authors It marks a unique contribution to studies of both Gandhi and the current trends in psychological research that will appeal in particular to scholars of social change peace studies and peace psychology and serve as an exemplar in teaching one of modern psychology's hitherto neglected perspectives

Gandhi's Passion Stanley Wolpert, 2002-11-28 More than half a century after his death Mahatma Gandhi continues to inspire millions throughout the world Yet modern India most strikingly in its decision to join the nuclear arms race seems to have abandoned much of his nonviolent vision Inspired by recent events in India Stanley Wolpert offers this subtle and profound biography of India's Great Soul Wolpert compellingly chronicles the life of Mahatma Gandhi from his early days as a child of privilege to his humble rise to power and his assassination at the hands of a man of his own faith This trajectory like that of Christ was the result of Gandhi's passion his conscious courting of suffering as the means to reach divine truth From his early campaigns to stop discrimination in South Africa to his leadership of a people's revolution to end the British imperial domination of India Gandhi emerges as a man of inner conflicts obscured by his political genius and moral vision Influenced early on by nonviolent teachings in Hinduism Jainism Christianity and Buddhism he came to insist on the primacy of love for one's adversary in any conflict as the invincible power for change His unyielding opposition to intolerance and oppression would inspire India like no leader since the Buddha creating a legacy that would encourage Martin Luther King Jr Nelson Mandela and other global leaders to demand a better world through peaceful civil disobedience By boldly considering Gandhi the man rather than the living god depicted by his disciples Wolpert provides an unprecedented representation of Gandhi's personality and the profound complexities that compelled his actions and brought freedom to India *Managing Internationally* Kamal Fatehi, 2008 Ideal for a course on international management for undergraduate business administration and MBA programs this textbook deals with the management of international business operations in the global market and discusses the basic managerial functions in an international enterprise **The Spectacular Few** Mark S. Hamm, 2013-03-11 Mark Hamm is without doubt the world's leading expert on prison radicalization Based on decades of research this book presents a nuanced and sophisticated picture Beautifully written it is the most complete and the most empirically rigorous account of this phenomenon to date A must read for anyone interested in homegrown radicalization Peter Neumann Director of the International Centre for the Study of Radicalisation ICSR King's College London The Madrid train bombers shoe bomber Richard Reid al Qaeda in Iraq and the 9/11 attacks all were led by men radicalized behind bars Today's prisons are hotbeds for personal transformation toward terrorist beliefs and actions due to the increasingly chaotic nature of prison life caused by mass incarceration In *The Spectacular Few* Mark Hamm a former prison warden demonstrates how prisoners use criminal cunning collective resistance and nihilism to incite terrorism Drawing from a wide range of sources *The Spectacular Few* imagines the texture of prisoners' lives Hamm covers their criminal thinking styles the social networks that influenced them and personal turning points that set them on the pathway to violent extremism Hamm argues that in order to understand terrorism today we must come to terms with how prisoners are treated behind bars Mark S Hamm is a former prison warden from Arizona and currently Professor of Criminology at Indiana State University and a Senior Research Fellow at the Terrorism Center John Jay College of Criminal Justice The City University of New York His

GANDHI -Why not a Destroyer Of India? Hari Pada Roychoudhury, 2023-11-18 The Half naked Fakir Dress of Gandhi fooled the Hindu Bengalis into thinking of him as a HINDU GOD as he started the Non Violence in Bengal but it is astonishing to see how the people of the millions of Indians of India accepted him as the FATHER of the Nation in spite of the thousands of Hindu Bengalis in CALCUTTA KILLING and millions of Bengalis and Punjabis displaced as Refugees by the division of Bengal and Punjab who were compelled to left their ancestral homes for the safety of their lives

Eccentricity David Arthur Auten, 2014-04-22 The church has been inundated in recent years with literature emphasizing the relational and the value of community David Auten provides an alternative perspective and counterbalance bringing our attention back to the other indispensable side to the communal the individual and the sacredness of the self *Eccentricity* is a sustained meditation on this strange and fundamental fact there has never been nor will there ever be another you You are inescapably and irrevocably different But what does your difference mean And who are you really Weaving together insights from Calvin Caussade Jung Derrida Wolterstorff and others Auten guides the reader through a spiritual exploration of the difference implicit in being a self the divine calling to make a difference and the interconnectedness of the two The result is an arresting bricolage reminding us of the wonderfully eccentric nature of human existence

The Moral Democracy Michał Lubina, 2019-03-12 Aung San Suu Kyi spoke passionately about non violence she wrote involved articles about compatibility of democracy with Buddhism and she won the hearts and minds of so many with her call for the freedom from fear It seemed for more than two decades that Suu Kyi was a perfect non Western propagator of democracy human rights rule of law Yet a deeper analysis reveals that Suu Kyi intellectually indeed has been a democrat all along but a Burmese democrat Suu Kyi understands democracy in a

Buddhist way and she reasons about politics using Buddhist ideas idioms and concepts This Buddhist dominance of her political thought had several consequences the most important one being that her approach to politics has first and foremost been a moral one her vision of democracy and of politics in general is a moral vision It is something I propose to call the moral democracy The same reason that made her famous and admired worldwide now contributed to her fall from grace For too many outside Burma Myanmar it is impossible to understand how Suu Kyi yesterday s global personification of good and morality can now silently endorse crimes against humanity conducted in her country and accept forced relocation of 700 thousand people A cynic would quote Bertrand Russell s words we have two kinds of morality side by side one which we preach but do not practice and another which we practice but seldom preach and add a commentary that it applies especially to politicians One however may offer a more favourable explanation that Suu Kyi represents a tragic clash of ideas including moral ideas with political reality Whatever the case it was morality that made her famous it was the same moralistic attitude that contributed to her removal from international Olympus and it is this moral understanding of politics that is the hallmark of her political thought which is here to stay for longer as political ideas last longer than changing political circumstances and fashions From the Preface The dramatic fall from grace of Burma s human rights icon Aung San Suu Kyi shocked the world Micha Lubina s magisterial account of Aung San Suu Kyi s political education demystifies the behavior in power of this otherwise enigmatic leader This is the indispensable book for anyone who wants to understand the mind of one of the world s most controversial women Prof Salvatore Babones University of Sydney Dr Micha Lubina known in Poland for portraying Aung San Suu Kyi not as a human rights activist but as a realist politician in the very footsteps of her father now comes out with his research to the international audience Following the example of Mahbubani s *Can Asian Think* Lubina shows the intellectual and philosophical tradition of Myanmar through the case study of Suu Kyi s political thought It s a unique undertaking that presents Suu Kyi from an unexpected angle as a theoretician and political thinker or sage Both the scope of research done and the material presented are very impressive and rather unique even on international scene Prof Bogdan G ralczyk University of Warsaw Former Ambassador to Myanmar This book is a well documented and well constructed multilayered complex analytical work based on very rich research interviews with Suu Kyi and personal observations of the Author who displays unquestioned analytical skills As such the book represents a pioneer work in Burmese studies Prof Agnieszka Kuszewska Jagiellonian University in Cracow None of the numerous books and articles that I have read about Daw Aung San Suu Kyi dissects her political thoughts and background as thoroughly as the book written by Dr Micha Lubina He shows the political construction of her character her struggle her idealism her sources of inspiration and her weaknesses It is a necessary publication to read in order to understand historical and contemporary policymaking in today s Burma Dr Marion Sabri University of Rouen Normandy

Comparative Approaches to Compassion Ramin Jahanbegloo, 2022-06-30 Ramin Jahanbegloo develops the concept of compassion as a practical and ethical response to the problems of today s world

Examining the power of compassion through the lens of multiple world religions he explores ahimsa in Buddhism Jainism and Hinduism and neighbourly love in Christianity before synthesizing the two concepts in the Gandhian theory of non violence and its impact on Muslim and Christian thinkers such as Abdul Ghaffar Khan and Martin Luther King Jr Jahanbegloo considers the idea of a compassionate civilization based on the nonviolent democratic theory put forward by Gandhi with Swaraj and completed by Martin Luther King Jr with the Beloved Community By scrutinizing compassion in various religious and ethical traditions and exploring the relevance of homo fragilis Jahanbegloo s comparative approach enriches our understanding of nonviolence as a universal philosophy and practice for the 21st century He shows that nonviolence is not only a mode of thinking and a way of life but also a powerful strategy of social and political transformation **Poetry and Social Studies for All** Benjamin Uriah Critchlow,2014-05-16 Collections of Poems relating to Social Studies with Exercises in comprehension after every poem *Inner Democracy* Hubert J. M. Hermans,2020-09-12 Inner Democracy Empowering the Mind Against a Polarizing Society investigates the psychological backgrounds of contemporary societal problems such as hate speech authoritarianism and divisive forms of identity politics and how we can counter such destructive forces The book argues that a democratic society needs citizens who do more than just express their preference for free elections freedom of speech and respect of constitutional rights Rather democracy is vital only if it is deeply rooted in the hearts minds and selves of its participants In the field of tension created by societal power clashes and absolute truth pretensions the book investigates how opposition cooperation and participation work as innovative forces in a democratic self Democracy is understood as a personal learning process and as a dialogical play between thought and counter thought between imagination and counter imagination and between emotion and reason Written for social scientists teachers journalists and parents who are interested in the facilitation of democracy in a wide variety of situations this book proposes inner democracy as an antidote against the widespread polarization in our society Gandhi G. B. Singh,2004-04 Among prominent leaders of the twentieth century perhaps no one is more highly regarded than Mahatma Gandhi He is revered by the vast majority of Hindus as the hero of Indian independence and many people throughout the world consider him to be a modern saint In this explosive intriguing and provocative investigation Colonel G B Singh charges that the popular image of Gandhi is highly misleading Despite his famous philosophy of nonviolent resistance satyagraha Colonel Singh s analysis of the evidence leads him to conclude that Gandhi s ideology was in fact rooted in racial animosity first against blacks in South Africa and later against whites in India The author also finds evidence of multiple cover ups designed to hide Gandhi s real history including even collusion to cover up the murder of an American This provocative thesis is sure to be controversial The Simple Difference Becky Keife,2021-10-05 We ve all got a lot of questions these days In a world marked by division how do we create bridges of meaningful connection When despair runs rampant is real hope possible When competition is elevated is compassion still relevant And at the end of the day can one person really make any impact at all When the world s problems

loom large and your ordinary life stretches you thin it is still possible to be a difference maker one small intentional extravagant act of kindness at a time Rather than telling you to do more The Simple Difference shows you how to see more more of the people in front of you more of God s lavish love for you more of his power within you The Simple Difference will help you stop getting buried in busyness and distraction and discover countless opportunities for impact right where you are remove your perceived limitations and learn to see that your not enough is exactly what the world needs discard expectations of what it takes to make a difference and delight in the life changing power of simple kindness The Simple Difference isn t about totally changing the course of your life it s about letting God change you and work through you in the midst of your ordinary days To say As I go on my way Lord have your way with me Be a part of The Simple Difference movement your life and the world will never be the same

Developing Leadership in the Asia Pacific Sivanes Phillipson, Shane Phillipson, 2013-11-26 Developing Leadership in the Asia Pacific focuses on the design of leadership programs that are able to meet the needs of students teachers and the wider community Rather than taking an all encompassing approach that cover all contexts of leadership development this book is based on research that guides the leadership teacher in designing a course that takes into account the specific context and needs of individual students the purpose of the course and how the course can be evaluated for its effectiveness Emphasising learner diversity the book argues that the students specific cultural and educational contexts need to be taken into account when designing leadership programs Although these courses are often taught outside of the regular curriculum components of leadership can be found in the regular curriculum Accordingly this book helps the leadership teacher to integrate the leadership program with the regular curriculum through the use of guiding questions quizzes case studies dilemmas and other pedagogical strategies It links research with practice scaffolding teachers in understanding the content or issues described in each chapter assisting them in building a fully defensible leadership program A number of real life worked examples are also provided throughout each chapter as a practicable framework that can be used in teaching design for everyday units of work This book is a useful reference for researchers working in leadership as well as an essential tool for teachers developing leadership programs for students in primary secondary or tertiary contexts
