

National Student Financial Aid Scheme (NSFAS)

NSFAS is a **government loan scheme**, with the added incentive of a bursary conversion (maximum of 40%) depending on academic performance.

- If you do well, 40% of this can be converted to a bursary!!
 - If you fail, you will have to pay back EVERYTHING!
-
- **Academically deserving and financially needy students** have the opportunity to apply for a loan from NSFAS, part of which can be converted to a bursary, subject to academic results.
 - Loans do not always cover tuition fees and other study costs in full. The amount of the loan is determined, among other things, by the family's financial need and the student's cost of study.
 - Application forms available online: www.nsfas.org.za

Booyesen, 2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and it's double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements

while on one level amenable to change have also co-opted students into their ranks to create co-responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt

Financing Higher Education Worldwide D. Bruce Johnstone, Pamela N. Marcucci, 2010-06-07 Examines the universal phenomenon of cost sharing in higher education where financial responsibility shifts from governments and taxpayers to students and families Growing costs for education far outpace public revenue streams that once supported it Even with financial aid and scholarships defraying some of these costs students are responsible for a greater share of the cost of higher education Shows how economically diverse countries all face similar cost sharing challenges While cost sharing is both politically and ideologically debated it is imperative to implement it for the financial health of colleges and universities From publisher description

Financing Access and Equity in Higher Education, 2019-02-11 The demand for higher education worldwide is booming Governments want well educated citizens and knowledge workers but are scrambling for funds The capacity of the public sector to provide increased and equitable access to higher education is seriously challenged What are the on the ground realities of developing financial resources and policies to meet the twin goals of equity and access without jeopardizing quality This volume provides in depth reports from selected countries and sub regions Morocco Korea England Uganda Poland Oman East and southern Africa Southeast Asia Brazil and Egypt Each chapter is written by a seasoned educator participating in the Fulbright New Century Scholar program for 2007 2008 Given the near universal constraints of declining resources but increasing enrollments the authors identify common trends such as the public private divide the privatization of the public sector and diversification of funding To address these issues the chapters examine a surprising variety of policy instruments such as means testing targeted subsidies cost sharing institutional aid student bursaries and tax exemptions

In Pursuit of Epistemic Healing in South African Universities Wanelisa Xaba, 2025-09-30 This book demonstrates the epistemic challenges in the South African

education system and asks readers to think critically about the university's role in a decolonial future Wanelisa Xaba reveals how Western colonial educational models severed indigenous ways of knowing and learning across the Global South and settler colonial contexts Presenting narratives capturing ongoing histories of violence this book shows how Black South African students navigate intersecting identities of race class gender and spirituality within university settings It shows how racial discrimination from fellow students academics and staff coupled with discriminatory language policies financial exclusion and violent colonial curricula affects Black students wellbeing on university campuses Xaba argues that these intersecting colonial violences mirror spiritual violence hinder their holistic citizenship in South African universities and result in psycho spiritual disease By centring Black students voices this book provides crucial insights for educators policymakers activists healers and institutions committed to creating affirming academic spaces and epistemic healing It is an insightful read for scholars researching decoloniality in higher education as well as students of feminist studies decolonial theory educational justice and critical university studies

The Rise of the Radical Right in the Global South Rosana Pinheiro-Machado,Tatiana Vargas-Maia,2023-05-31 The Rise of the Radical Right in the Global South is the first academic study adopting an interdisciplinary and international perspective to offer a comprehensive and groundbreaking framework for understanding the emergence and consolidation of different radical right movements in Global South countries in the twenty first century From deforestation and the anti vaccine movement in Bolsonaro's Brazil to the massacre of religious minorities in Modi's India the rise of the radical right in the Global South is in the news every day Not long ago some of these countries were globally celebrated as emerging economies that consolidated vibrant democracies Nonetheless they never overcame structural problems including economic inequality social violence cultural conservatism and political authoritarianism Featuring case studies from Brazil India the Philippines and South Africa and more generally from Africa and Latin America this book analyses future scenarios and current alternatives to this political movement to the radical right It proposes a shift of focus in examining such a trend adopting a view from the Global South conventional theoretical tools developed around the experience in Global North countries are not enough The authors show that the radical right in the Global South should be analysed through specific lenses considering national historical patterns of political and economic development and instability They also warn that researching these countries may differ from contexts where democratic institutions are more reliable This does not mean abandoning a transnational understanding of the radical right rather it calls for the opposite the chapters examine how the radical right is invented adapted modified and resisted in specific regions of the globe This volume will be of interest to all those researching the radical right and the politics of development and the Global South

South Africa Can Work Frans Rautenbach, 2017-08-18 What will it take to turn South Africa around In this insightful and provocative book Frans Rautenbach proposes a complete overhaul of policy thinking and provides fresh arguments that effectively address South Africa's unemployment race problems and lack of education Rautenbach examines the fundamental problem of rent seeking to which he proposes two antidotes the free market and decentralisation of government Along the way he tackles holy cows such as affirmative action trade unions labour law and welfare payments He also addresses contentious topics such as racism white privilege political correctness state funding of higher education and mounting evidence that trade unions substantially suppress employment growth Written by a labour lawyer with a proven track record in a range of policy issues South Africa Can Work speaks effectively to a cross section of readers of all disciplines and brings sorely needed good news

Universities, Inclusive Development and Social Innovation Claes Brundenius, Bo Göransson, José Manoel Carvalho de Mello, 2016-10-25 This book examines the ways in which universities can play a crucial role in inclusive development social innovation and social entrepreneurship It aims to prove the importance of inclusive development and inclusive innovation on economic growth and demonstrate the ways in which universities can be pioneers in this area through initiatives in social responsibility and social innovation For example providing access to a university education without discrimination of race gender income status or other factors would help to diminish the increasing income differentials currently being experienced in many countries especially in the developing world The research and studies included in this book provide insight into possible actions that can be taken by universities and public and private shareholders in inclusive development social innovation social entrepreneurship and overall regional economic and social development Innovation is currently considered to be the most important and dynamic factor explaining growth and development At the same time the

traditional view considering innovation as having to be commercialized at any price is being challenged. Lately there has been growing interest in innovation in the public sector particularly with respect to social innovations designed to reduce income inequality. To address these concepts constant exchange of ideas and information between research groups became necessary. UniDev Universities in Development the Evolving Role of Academic Institutions in Innovation Systems and Development is an international research group with researchers in twelve countries interested in the role of universities in development. This book features the results of research performed by eleven research groups from UniDev country communities presenting in depth and comparative case studies from universities around the world including Latin America Northern and Eastern Europe and sub Saharan Africa. This title will be of interest to students academics researchers and policy makers interested in the role of universities in development social innovation and social entrepreneurship.
