Shadow Wars David Axe, 2013-09-03 Warfare's evolution especially since 2001 has irrevocably changed the meaning of war In the twentieth century humankind's bloodiest 231 million people died in armed conflicts Battlefield deaths since then have been steadily declining despite the wars in Iraq and Afghanistan and by 2012 less than 1 person in a million dies in war every year This drastic change has led some academics to label our era one of peace recalling the erroneously named Hundred Years Peace or Pax Britannica of the nineteenth century which nonetheless saw many violent conflicts But war hasn't gone extinct It has merely evolved In Shadow Wars journalist David Axe tells the story of the new war era one of insurgents and counterinsurgents terrorists and their hunters pirates mercenaries smugglers and slavers wreaking havoc on regions where conditions are brutal people are poor governments are weak and the world rarely pays attention Axe shows us what war has become in our era of peace The mainstream media meanwhile ignores it This book profoundly challenges readers' conceptions of war and peace in the twenty-first century

The Beast of Kandahar Trent Diesel, 2014-11-26 After years of war along the bleak rocky terrains of Afghanistan and Pakistan the American military led by the CIA refined search and destroy techniques to find terrorists hiding around the world Capture kill missions are performed at a rate of about three thousand per year several each day This technique has been successful and has become the cornerstone of this new war To keep US casualties low America uses its best tool drone warfare Over time the Muslim war fighters are pushed to the brink When someone is placed on the target list the all-seeing eyes are relentless and show no mercy One of these unmanned weapons became known as the beast of Kandahar

No Retreat Amir Avivi, 2024-09-17 Foreword by Avigdor Kahalani This book was written out of boundless love for our country the State of Israel and shines a spotlight on life in the Land of Israel There isn't a single person among us with his head screwed on who isn't concerned for the future of our existence here The developments in the region around us keep us awake at night Our state depends on those citizens who bear the burden but even those who do not carry the proverbial stretcher on their shoulders have to find a place underneath it Every citizen of Israel and the diaspora must play a

role in keeping the country safe respecting our differences and each other's values Amir Avivi is part of Israel's beautiful vista and I consider him a symbol of love for our homeland He has taken on an extremely difficult task to lead a movement that voices concern for our country's future and at the same time work to deepen citizens confidence and faith in our abilities and power Only someone with such deep roots and so full of love can express such concerns about the future while articulating a sweeping meaningful vision This book guides us with tremendous skill through scenarios that might seem farfetched and at times downright fantastical But this reality check is supremely important because these possible future scenarios scenarios that are scarcely imaginable pose a concrete threat to our existence here in Israel The vision that this book articulates is based on a clear eyed view of the reality unfolding in front of our eyes in the Middle East Let's open our eyes together start reading get into the weeds and prepare for our common future here lest we become yet another nation that failed to safeguard its land and historical heritage The State of Israel has been blessed with sons and daughters who have proudly passed on the Zionist torch from generation to generation It's our job to make sure that legacy keeps getting handed down

Among the Walking Wounded John Conrad, 2017-04-29 A gripping account of PTSD and a stark reminder that for many wars go on long after the last shot is fired In the shadows of army life is a world where friends become monsters where kindness twists into assault and where self loathing and despair become constant companions Whether you know it by old names like soldier s heart shell shock or combat fatigue post traumatic stress disorder has left deep and silent wounds throughout history in the ranks of fighting forces Among the Walking Wounded tells one veteran s

experience of PTSD through an intimate personal account as visceral as it is blunt In a courageous story of descent and triumph it tackles the stigma of PTSD head on and brings an enduring message of struggle and hope for wounded Canadian veterans This book is a must read for anyone who cares about Canadian veterans and the dark war they face long after their combat service is ended Makhmalbaf at Large Hamid Dabashi,2007-11-28 The name of Mohsen Makhmalbaf is almost synonymous with the dramatic rise of Iranian cinema in the aftermath of the Islamic Revolution and over the last quarter of a century his career as filmmaker and writer has reflected the tumultuous history of his homeland and the fate of its neighbours Hamid Dabashi draws from his friendship with Makhmalbaf as well as his direct involvement with Makhmalbaf's films and thought to give us this deeply engaging book on the tumultuous life and spectacular career of a great filmmaker This is also the account of Makhmalbaf's transformation from committed Muslim revolutionary who was jailed for his part in the revolution into an artistic humanist of great energy and elegance His films including *The Peddler* and *The Time for Love* Salaam Cinema Gabbeh Silence and Kandahar confound conventional genres and are always surprising They represent his own journey and take part in it in ways that Dabashi explores with great insight Makhmalbaf's cinematic career started in Iran and has since expanded into Turkey Tajikistan Afghanistan Pakistan India and into Europe Dabashi uncovers how moving across boundaries Makhmalbaf's creative genius can illuminate our contemporary world And this book is in part the story of a friendship As Mohsen Makhmalbaf writes in its Preface Hamid Dabashi this pious atheist friend of mine the man who loves cinema and hates art this political activist who abhors politics this thinking pondering critical intellect I have learned much from him Perhaps he too has learned from me The times he and I have spent together have been occasions of discovery and illumination Unseen Support Andrew Canning,2024-08-01 An insight to the often unseen civilian life in a modern war zone After decades in the Royal Marines Andrew Canning spent four years working for coalition forces in Afghanistan as a civilian During his time there he met extraordinarily committed and brave civilians not only on the program he was delivering but involved in supporting military forces in many other areas of the conflict Coming to Afghanistan from across the globe these civilians were making varied crucial contributions to the conflict much of it unseen to external observers Canning brings his unique perspective to examine the part of civilians in supporting modern military operations especially in campaigns of long duration He was particularly impressed by the fortitude and resilience of those ensconced in some of the most remote forward operating bases in Taliban bandit country and under repeated attack isolated and utterly reliant on ISAF protection He also explains some of the trials and tribulations of daily life for those living in a war zone especially for civilians that do benefit from the umbrella of national government protection and provision and pays tribute to the unheralded civilians who worked to the common good in Afghanistan Hunting al Qaeda Anonymous,2009-10-08 Active duty special forces units tend to look down their noses at National Guard special forces calling them the summer help But the men of Beast 85 were much more than summer help They were experienced highly qualified Green Berets in every

sense of the term with the kind of exceptional skill and insight necessary to fight an unconventional war They were anxious to prove themselves in Afghanistan High adventure heavy combat but in the end these Green Berets were left disillusioned by what might have been as overly cautious military and CIA superiors let Al Qaeda slip through their fingers *Afghanistan in the Cinema* Mark Graham, 2010-04-07 In this timely critical introduction to the representation of Afghanistan in film Mark Graham examines the often surprising combination of propaganda and poetry in films made in Hollywood and the East Through the lenses of postcolonial theory and historical reassessment Graham analyzes what these films say about Afghanistan Islam and the West and argues that they are integral tools for forming discourse on Afghanistan a means for understanding and avoiding past mistakes and symbols of the country's shaky but promising future Thoughtfully addressing many of the misperceptions about Afghanistan perpetuated in the West *Afghanistan in the Cinema* incorporates incisive analysis of the market factors funding sources and political agendas that have shaped the films The book considers a range of films beginning with the 1970s epics *The Man Who Would Become King* and *The Horsemen* and following the shifts in representation of the Muslim world during the Russian War in films such as *The Beast* and *Rambo III* Graham then moves on to Taliban era films such as *Kandahar* *Osama* and *Ellipsis* the first Afghan film directed by a woman Lastly the book discusses imperialist nostalgia in films such as *Charlie Wilson's War* and destabilizing visions represented in contemporary works such as *The Kite Runner*
