BRADFORD E BUSTER LOKER was born in Cut Off Louisiana on April 21 1964 His lifelong passion as a Beatlemaniac is only exceeded by his love for God his wife Bonnie and beautiful children Madison Matthew and Miles They currently live in Thibodaux Louisiana He has been an appraiser of real estate for the past 25 years This is his first book **The Beatles from A to Zed** Peter Asher,2019-10-29 At last I finally understand the alphabet I also love this book secret Beatles knowledge from one of the closest insiders Steve Martin Peter Asher met the Beatles in the spring of 1963 the start of a lifelong association with the band and its members He had a front row seat as they elevated pop music into an art form and he was present at the creation of some of the most iconic music of our times Asher is also a talented musician in his own right with a great ear for what was new and fresh He was asked by Paul McCartney to help start Apple Records the first artist Asher discovered and signed up was a young American singer songwriter named James Taylor Before long he would be not only managing and producing Taylor but also working with Linda Ronstadt Neil Diamond Robin Williams Joni Mitchell and Cher among others The Beatles from A to Zed grows out of his popular radio program From Me to You on SiriusXM s The Beatles Channel where he shares memories and insights about the Fab Four and their music Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter but also on recurrent themes in the Beatles music the instruments they played the innovations they pioneered the artists who influenced them the key people in their lives and the cultural events of the time Few can match Peter Asher for his fresh and personal perspective on the Beatles And no one is a more congenial and entertaining guide to their music *Who Could Ask for More?* Chris Gregory,2008 Who Could Ask For More is both an in depth study of The Beatles songs and an often oblique commentary on their life and times Identifying the constant fear of an imminent nuclear holocaust as the spark for the huge social changes of the decade Chris Gregory seeks to reclaim The Beatles from the tendency to position them within a fake sixties nostalgia industry Combining analysis of their words and music with fictionalised sequences depicting key episodes in their career the book provides a unique insight into an artistic and cultural phenomenon whose effects still resonate strongly many decades after the group broke up The extraordinary evolution of their art is discussed in relation to the musical context of their day with particular emphasis on the influence of 50s rock and roll and 60s soul music Best of the Beatles Spencer Leigh,2015-04-30 Why was Pete Best sacked from the Beatles In this unique book based on extensive research and interviews

as an artistic fusion Womack traces the Beatles creative arc from their first primitive recordings through Abbey Road and the twilight of their career In this revised edition Womack addresses new insights in Beatles related scholarship since the original publication of *Long and Winding Roads* along with hundreds of the group's outtakes released in the intervening years The updated edition also affords attention to the Beatles musical debt to Rhythm and Blues as well as to key recent discoveries that vastly shift our understanding of formative events in the band's timeless story

Counting Down the Beatles Jim Beviglia, 2017-03-02 The Beatles loom large over the musical landscape even now that nearly a half century has passed since the four men from Liverpool played their last notes together While the story of their stunning rise and brief but brilliant time together on top of the pop music world is undoubtedly fascinating it would ring hollow without the scores of incredible songs that accompanied each milestone These songs are the focus of rock writer Jim Beviglia's latest foray into the catalogs of rock royalty *Counting Down the Beatles: Their 100 Finest Songs* features Beviglia's list of the best songs in the band's unparalleled oeuvre Ranked in descending order from 100 to 1 each song is accompanied by a lengthy essay providing information on the song's writing and recording context on where it falls within the band's timeline and the author's analysis and explanation why it deserves its position in this hallowed canon Every fan of the Beatles from attendees at their first U.S. tour to the newest generation's devotees will find this collection an informative insightful and entertaining adventure Not only will it reveal little known facts but it just may start some arguments and settle a few debates

The Beatles as Musicians Walter Everett, 1999 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair and flashy clothing the

Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources
