The Bicycling World And Motorcycle Review 27 Sept 18 1909

Andrew M. Homan

The Bicycling World And Motorcycle Review 27 Sept 18 1909:

Bicycle David V. Herlihy, 2004-01-01 In this the ultimate history of the bicycle David Herlihy recounts the saga of this far reaching invention and the passions it aroused The pioneer racer insisted the bicycle would become as common as umbrellas Mark Twain was more skeptical enjoining his reader to get a bicycle You will not regret it if you live Herlihy shows readers why the bicycle captured the public s imagination and the myriad ways in which it reshaped the world **Motorcycle Illustrated** ,1912 **At the Creation** Herbert Wagner, 2003 At the Creation by Herbert Wagner brings to life the human side of Harley Davidson s quest to motorize the bicycle and then to promote it as a powerful fast reliable and thrilling means of personal transportation This book examines the origins of two wheeled transportation from a time when combining the gasoline engine with the bicycle was the province of dreamers and con men This is the definitive account of the beginnings of the only American motorcycle brand to ultimately succeed and survive Backed by a decade of research At the Creation documents for the first time the early years of the Harley Davidson motorcycle in its birthplace of Milwaukee Wisconsin an area that was an early center of motorcycle manufacturing Previous books on Harley Davidson have failed to adequately cover this critical period which has been described as the era of mystery by Harley Davidson company historian Martin Jack Rosenblum At the Creation takes on several long standing puzzles and myths and then through the use of period documents and original photographs recreates the actual events of Harley s first years as they most plausibly occurred **The Motor World** ,1910 **Motor World Wholesale** ,1910 **Iron Mac** Andrew M. Homan, 2016-07-01 At a time when cycling in the United States rivaled baseball as the nation s most popular professional sport along came Reggie McNamara a farmer s son from Australia Within a month of his arrival in the United States in 1913 he had earned the moniker Iron Man for his high tolerance of pain and his remarkable ability to recover from seemingly catastrophic injury The nickname proved justified Not only was he tough he was also one of the best and highest paid athletes in the world During his thirty year career McNamara won seventeen punishing six day races along with an inestimable number of shorter distance races including high profile events on three different continents peaking in 1926 27 at the age of thirty nine The fans media and his fellow professionals all idolized him as an example of the true grit needed to succeed in this grueling and dangerous sport Late in his career however hard drinking and injuries took their toll and McNamara became estranged from his wife and children He fought back just as he always had on the race course conquering his addiction to alcohol and becoming one of the earliest success stories of Alcoholics Anonymous In this humorous and exciting biography of the original Iron Man Andrew M Homan pulls McNamara back into the spotlight depicting a flawed but beloved man whose success in those unrelenting six day races came at a price National Union Catalog ,1958 Includes entries for maps and atlases **Popular Mechanics** ,1909 **The Bee Hive** ,1915 *Famous First Facts* Joseph Nathan Kane, 1981 Presents more than 9 000 firsts in American history alphabetically by topic
