A decorative red circular graphic element, resembling a stylized eye or a lens, is positioned to the right of the author's name. It has a soft, glowing red center that fades into a lighter red outer ring.

The Birth Of Venus English Edition:

Grammatology of Images Sigrid Weigel, 2022-08-16 Grammatology of Images radically alters how we approach images. Instead of asking for the history, power, or essence of images, Sigrid Weigel addresses imaging as such. The book considers how something visible gets transformed into an image. Weigel scrutinizes the moment of mis en apparition of making an appearance and the process of concealment that accompanies any imaging. Weigel reinterprets Derrida's and Freud's concept of the trace as that which must be thought before something exists. In doing so, she illuminates the threshold between traces and iconic images between something immaterial and its pictorial representation. Chapters alternate between general accounts of the line, the index, the effigy, and the cult image and case studies from the history of science, art, politics, and religion involving faces as indicators of emotion, caricatures as effigies of defamation, and angels as embodiments of transcendental ideas. Weigel's approach to images illuminates fascinating, unexpected correspondences between premodern and contemporary image practices between the history of religion and the modern sciences and between things that are and are not understood as art. The Bookseller, 1907 **The Oxford Anthology of Roman Literature** Peter E. Knox, J. C. McKeown, 2013-11 Each selection begins with a short biographical and historical essay. *The Nation*, 1910 **On the Animation of the Inorganic** Spyros Papapetros, 2012-06-08 Throughout human history, people have imagined inanimate objects to have intelligence, language, and even souls. In our secular societies today, we still willingly believe that nonliving objects have lives of their own as we find ourselves interacting with computers and other equipment. In *On the Animation of the Inorganic*, Spyros Papapetros examines ideas about simulated movement and inorganic life during and after the turn of the twentieth century, a period of great technical innovation whose effects continue to reverberate today. Exploring key works of art historians such as Aby Warburg, Wilhelm Worringer, and Alois Riegl, as well as architects and artists like Fernand Léger, Mies van der Rohe, and Salvador Dalí, Papapetros tracks the evolution of the problem of animation from the fin de siècle through the twentieth century. He argues that empathy, the ability to identify with objects of the external world, was repressed by twentieth-century modernist culture but it returned, projected onto inorganic objects such as machines, automobiles, and crystalline skyscrapers. These modern artifacts, he demonstrates, vibrated with energy, life, and desire of their own and had profound effects on people. Subtle and insightful, this book will change how we view modernist art, architecture, and their histories. The Classics in Modernist Translation Lynn Kozak, Miranda Hickman, 2019-02-07 This volume sheds new light on a wealth of early 20th-century engagement with literature of Graeco-Roman antiquity that significantly shaped the work of anglophone literary modernism. The essays spotlight translation, a concept the modernists themselves used to reckon with the Classics and to denote a range of different kinds of reception, from more literal to more liberal translation work, as well as forms of what contemporary reception studies would term adaptation, refiguration, and intervention. As the volume's essays reveal, modernist translations of Classical texts crucially informed the innovations of many modernists and often themselves

constituted modernist literary projects Thus the volume responds to gaps in both Classical reception and Modernist studies essays treat a comparatively understudied area in Classical reception by reviving work in a subfield of Modernist studies relatively inactive in recent decades but enjoying renewed attention through the recent work of contributors to this volume The volume s essays address work significantly informed by Classical materials including Homer Sophocles Euripides Sappho Ovid and Propertius and approach a range of modernist writers Pound and H D among the modernists best known for work engaging the Classics as well as Cummings Eliot Joyce Laura Riding and Yeats *The Awakening (Third Edition) (Norton Critical Editions)* Kate Chopin, 2017-07-28 I have used the Norton Critical Editions since graduate school As a teacher of high school literature I find them to be excellent resources for the study of various novels plays etc Brooke Gifford Vincent Middle High School This Norton Critical Edition includes The annotated text of Kate Chopin s modernist novel of marital infidelity set in New Orleans and Grande Isle Louisiana A preface a critical essay and explanatory annotations by Margo Culley Essays by acclaimed Chopin biographers Per Seyersted and Emily Toth An Etiquette Advice Book Sampler with selections from the conduct books of the period and contemporary perspectives on womanhood motherhood and marriage Forty five reviews and interpretive essays on *The Awakening* spanning three centuries A Chronology of Chopin s life and work and an updated Selected Bibliography About the Series Read by more than 12 million students over fifty five years Norton Critical Editions set the standard for apparatus that is right for undergraduate readers The three part format annotated text contexts and criticism helps students to better understand analyze and appreciate the literature while opening a wide range of teaching possibilities for instructors Whether in print or in digital format Norton Critical Editions provide all the resources students need **The New International Encyclopædia** Daniel Coit Gilman, Harry Thurston Peck, Frank Moore Colby, 1902 **The Secret Sharer and Other Stories (riverrun editions)** Joseph Conrad, 2025-03-27 Sailing away he survived at sea then on foreign land and then by writing re living his life many times many ways in English fiction Neil Rennie from his preface to *The Secret Sharer and Other Stories* The stories in this selection show the intense influence of Conrad s many voyages and his varied reading He was able to dramatize his personal international experiences as he journeyed from Europe to Africa and the East while absorbing the influence of Stevenson s adventure romances and the realism of Flaubert and Maupassant *An Outpost of Progress* is a response to what Conrad witnessed in the Congo Youth turns to his early days at sea Amy Foster explores the strangeness and hostility of England to foreigners *The Secret Sharer* charts his time as a ship s captain *A Smile of Fortune* returns to the island of Mauritius and *The Planter of Malata* opens in a great colonial city in Australia Neil Rennie s preface examines the interweaving of Conrad s life and work and the development of his art **History of the Renaissance: Literature and art** Emil Lucki, 1965 *The Advocate* , 2004-03-16 *The Advocate* is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Publisher and Bookseller** , 1907 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller
