Theatre and Aural Attention George Home-Cook, 2015-05-10 Theatre and Aural Attention investigates what it is to attend theatre by means of listening Focusing on four core aural phenomena in theatre noise designed sound silence and immersion George Home Cook concludes that theatrical listening involves paying attention to atmospheres

Visual Experiences in Cinquecento Theatrical Spaces Jimena Berzal de Dios, 2019-01-02 Through an interdisciplinary examination of sixteenth century theatre Visual Experiences in Cinquecento Theatrical Spaces studies the performative aspects of the early modern stage paying special attention to the overlooked complexities of audience experience Examining the period s philosophical and aesthetic ideas about space place and setting the book shows how artists consciously moved away from traditional representations of real spaces on stage instead providing their audiences with more imaginative and collaborative engagements that were untethered by strict definitions of naturalism In this way the book breaks with traditional interpretations of early modern staging techniques arguing that the goal of artists in this period was not to cater to a single privileged viewer through the creation of a naturalistically unified stage but instead to offer up a complex multimedia experience that would captivate a diverse assembly of theatre goers

Working in the Wings Elizabeth A. Osborne, Christine Woodworth, 2015-04-27 Theatre has long been an art form of subterfuge and concealment Working in the Wings New Perspectives on Theatre History and Labor edited by Elizabeth A Osborne and Christine Woodworth brings attention to what goes on behind the scenes challenging and revising our understanding of work theatre and history Essays consider a range of historic moments and geographic locations from African Americans performance of the cakewalk in Florida s resort hotels during the Gilded Age to the UAW Union Theatre and striking automobile workers in post World War II Detroit to the struggle in the latter part of the twentieth century to finish an adaptation of Moby Dick for the stage before the memory of creator Rinde Eckert failed Contributors incorporate methodologies and theories from fields as diverse as theatre history work studies legal studies economics and literature and draw on traditional archival materials

including performance texts and architectural structures as well as less tangible material traces of stagecraft *Working in the Wings* looks at the ways in which workers identities are shaped influenced and dictated by what they do the traces left behind by workers whose contributions have been overwritten the intersections between the sometimes repetitive and sometimes destructive process of creation and the end result the play or performance and the ways in which theatre affects the popular imagination This collected volume draws attention to the significance of work in the theatre encouraging a fresh examination of this important subject in the history of the theatre and beyond **Ecoscenography** Tanja Beer,2022-01-01 This ground breaking book is the first to bring an ecological focus to theatre and performance design both in scholarship and in practice Ecoscenography weaves environmental philosophies and practices across genres and fields to provide a captivating vision for the future of sustainable theatre production The book forefronts leading designers that are driving this emerging field into the mainstream through their relational and reciprocal engagement with place audiences materials and processes Beyond its radical philosophy and framework Ecoscenography makes a compelling case for pursuing an ecological ethic in theatre and performance design not only as a moral imperative but for the extraordinary possibilities that it offers for more than human engagement Based on her personal insights as a leading ecological researcher and practitioner Beer offers a rich resource for scholars students and practitioners alike opening up new processes and aesthetics of theatrical design that enhance the environmental and social advocacy of the field *Props* Eleanor Margolies,2017-09-16 This diverse book brings together theoretical and practical viewpoints on objects in performance how they can be part of theatre scenery equal partners in performance or autonomous things Through close analysis of specific performances Eleanor Margolies examines actor training scenography materials construction techniques and object theatre The text investigates a number of critical questions including what the difference is between a theatre prop and an everyday object how audiences respond to the various ways that props are used by actors and designers and whether devising with stuff affect the making process or the attitudes to materiality embodied in performance With discussions of papier m ch and collapsing chairs fake food and stage blood *Props* is an essential sourcebook for students practitioners and researchers of theatre design and prop making

Museum Making Suzanne Macleod,Laura Hourston Hanks,Jonathan Hale,2012-03-15 Over recent decades many museums galleries and historic sites around the world have enjoyed an unprecedented level of large scale investment in their capital infrastructure in building refurbishments and new gallery displays This period has also seen the creation of countless new purpose built museums and galleries suggesting a fundamental re evaluation of the processes of designing and shaping of museums *Museum Making Narratives Architectures Exhibitions* examines this re making by exploring the inherently spatial character of narrative in the museum and its potential to connect on the deepest levels with human perception and imagination Through this uniting theme the chapters explore the power of narratives as structured experiences unfolding in space and time as well as the use of theatre film and other technologies of storytelling by contemporary museum makers to

generate meaningful and it is argued here highly effective and affective museum spaces Contributions by an internationally diverse group of museum and heritage professionals exhibition designers architects and artists with academics from a range of disciplines including museum studies theatre studies architecture design and history cut across traditional boundaries including the historical and the contemporary and together explore the various roles and functions of narrative as a mechanism for the creation of engaging and meaningful interpretive environments *Artificial Darkness* Noam M. Elcott, 2016-05-30 This ambitious study explores how important darkness artificial darkness was as an actual technology in producing not just photographs but visual novelties and experiments in cinema in the nineteenth century The study plays out against a backdrop of urban history where most scholars have focused on the growth of artificial light and the electrification of cities Elcott's study challenges that approach In considering zones of darkness it ranges from the sites of production darkrooms studios to those of reception theaters cinemas arcades that shaped modern media and perceptions He argues that in the nineteenth century the avant garde was often less interested in the filmed image than in everything surrounding it the screen the projected light the darkness the experience of disembodiment He argues that darkness has a history separate from night evil or the color black and has a specifically modern manifestation as a media technology We are all aware of the velvet light trap in photography but at the heart of this book are technologies of darkness crucial to cinema that were commonly known as the black screen but have over time faded from the storied discourse *The Art of Light on Stage* Yaron Abulafia, 2015-07-16 The Art of Light on Stage is the first history of theatre lighting design to bring the story right up to date In this extraordinary volume award winning designer Yaron Abulafia explores the poetics of light charting the evolution of lighting design against the background of contemporary performance The book looks at the material and the conceptual the technological and the transcendental Never before has theatre design been so vividly and excitingly illuminated The book examines the evolution of lighting design in contemporary theatre through an exploration of two fundamental issues 1 What gave rise to the new directions in lighting design in contemporary theatre 2 How can these new directions be viewed within the context of lighting design history The study then focuses on the phenomenological and semiotic aspects of the medium for light the role of light as a performer as the medium of visual perception and as a stimulus for imaginative representations in selected contemporary theatre productions by Robert Wilson Romeo Castellucci Heiner Goebbels Jossi Wieler and David Zinder This ground breaking book will be required reading for anyone concerned with the future of performance Shakespeare Dwelling Julia Reinhard Lupton, 2018-04-06 Great halls and hovels dove houses and sheepcotes mountain cells and seaside shelters these are some of the spaces in which Shakespearean characters gather to dwell and to test their connections with one another and their worlds Julia Reinhard Lupton enters Shakespeare's dwelling places in search of insights into the most fundamental human problems Focusing on five works Romeo and Juliet Macbeth Pericles Cymbeline and The Winter's Tale Lupton remakes the concept of dwelling by drawing on a variety of sources

including modern design theory Renaissance treatises on husbandry and housekeeping and the philosophies of Hannah Arendt and Martin Heidegger The resulting synthesis not only offers a new entry point into the contemporary study of environments it also shows how Shakespeare's works help us continue to make sense of our primal creaturely need for shelter

Beyond Text Jennifer Buckley, 2019-10-09 Taking up the work of prominent theater and performance artists Beyond Text reveals the audacity and beauty of avant garde performance in print With extended analyses of the works of Edward Gordon Craig German expressionist Lothar Schreyer the Living Theatre Carolee Schneemann and Guillermo Gomez-Peña the book shows how live performance and print aesthetically revived one another during a period in which both were supposed to be in a state of terminal cultural decline While the European and American avant gardes did indeed dismiss the dramatic author they also adopted print as a theatrical medium altering the status form and function of text and image in ways that continue to impact both the performing arts and the book arts Beyond Text participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text performance relations which have too often been figured in binary chronological from page to stage or hierarchical terms Across five case studies spanning twelve decades Beyond Text demonstrates that print as noun and verb has been integral to the practices of modern and contemporary theater and performance artists

Staging, Playing, Pyrotechnics and Magic: Conventions of Performance in Early English Theatre Philip Butterworth, 2022-02-07 In this selection of research articles Butterworth focuses on investigation of the practical and technical means by which early English theatre from the fifteenth to the early seventeenth century was performed Matters of staging for both pageant vehicle and theatre in the round are described and analysed to consider their impact on playing by players expositors narrators and prompters All these operators also functioned to promote the closely aligned disciplines of pyrotechnics and magic legerdemain or sleight of hand which also influence the nature of the presented theatre The sixteen chapters form four clearly identified parts staging playing pyrotechnics and magic and drawing on a wealth of primary source material Butterworth encourages the reader to rediscover and reappraise the actors magicians wainwrights and wheelwrights pyrotechnists and in modern terms the special effects people and event managers who brought these early texts to theatrical life on busy city streets and across open arenas The chapters variously explore and analyse the important backwaters of material culture that enabled facilitated and shaped performance yet have received scant scholarly attention It is here among the itemised payments to carpenters and chemists the noted requirements of mechanics and wheelwrights or tucked away among the marginalia of suppliers of staging and ingenious devices that Butterworth has made his stamping ground This is a fascinating introduction to the very nuts and bolts of early theatre Staging Playing Pyrotechnics and Magic Conventions of Performance in Early English Theatre is a closely argued celebration of stagecraft that will appeal to academics and students of performance theatre history and medieval studies as well as history and literature more broadly It constitutes the eighth volume in the Routledge series Shifting Paradigms in Early

English Drama Studies and continues the valuable work of that series of which Butterworth is a general editor in bringing significant and expert research articles to a wider audience CS 1105 **Costume** Ali Maclaurin,Aoife Monks,2018-03-17

Focussing on costume in performance this reader brings together key texts case studies and interviews Exploring costume s role and function in a variety of theoretical historical conceptual and practical contexts this exciting volume also reflects on the broader relationship between costume and visual culture throughout *Theory for Theatre Studies: Light* Dean Wilcox,2024-06-27

What properties of light can be manipulated for aesthetic effect What role does the perception of the audience play in how stage information is received and processed How do changes in technology affect methods or approaches to design and practice This book is designed to introduce key ideas about light and to generate questions and perspectives that will encourage readers to explore light in the theatre more fully in their own critical and creative practices Examining the theories behind stage lighting practice to help students learn to analyse the aesthetic and critical impacts of light in performance this book traces the development of lighting practice by focusing on important shifts in technology and aesthetics from the classical period to the modern era Central to this study are ideas developed by New Stagecraft theorists and designers Adolphe Appia Edward Gordon Craig and Robert Edmond Jones Case studies include semiotic approaches to Lo e Fuller s combination of light movement and costume Robert Wilson s *Einstein on the Beach* and Tadashi Suzuki s *The Trojan Women* Further case studies including the installation work of James Turrell and Refik Anadol the Winston Salem Light Project and David Byrne s *American Utopia* examine the use of light in theatrical and non theatrical spaces by focusing on phenomenology community engagement and the evolution of lighting technology A companion website features links to images chapter summaries questions and further resources for study *The Perpetuation of Site-Specific Installation Artworks in Museums* Tatja Scholte,2025-10-01

Site specific installations are created for specific locations and are usually intended as temporary artworks The *Perpetuation of Site Specific Installation Artworks in Museums* Staging Contemporary Art shows that these artworks consist of more than a singular manifestation and that their lifespan is often extended In this book Tatja Scholte offers an in depth account of the artistic production of the last forty years With a wealth of case studies the author illuminates the diversity of site specific art in both form and content as well as in the conservation strategies applied A conceptual framework is provided for scholars and museum professionals to better understand how site specific installations gain new meanings during successive stages of their biographies and may become agents for change in professional routines
