The Case Against Academic Boycotts Of Israel:

The Case Against Academic Boycotts of Israel Cary Nelson, Paul Berman, 2014 How should we understand the international debate about the future of Israel and the Palestinians Can justice be achieved in the Middle East Until now there was no single place for people to go to find detailed scholarly essays analyzing proposals to boycott Israel and the Boycott Divestment and Sanctions BDS movement of which they are a part This book for the first time provides the historical background necessary for informed evaluation of one of the most controversial issues of our day the struggle between two peoples living side by side but with conflicting views of history and conflicting national ambitions This book encourages empathy for all parties but it also takes a cold look at what solutions are realistic and possible In doing so it tackles issues like the role of anti-Semitism in calls for the abolition of the Jewish state that many have found impossible to confront until now The book gathers essays by an international cohort of scholars from Britain Israel and the United States *The Case Against Academic Boycotts of Israel* Cary Nelson, Gabriel Brahm, 2015 The first collection to take critical look at the international movement to boycott Israel **The Case Against Israel's Enemies** Alan Dershowitz, 2008-09-29 Israel is seriously under attack from political academic religious and military enemies who are making vociferous threats against its continued existence In this important new book Dershowitz gives pro Israel supporters the ammunition necessary to defend themselves **Boycott Theory and the Struggle for Palestine** Nick Riemer, 2022-12-13 The academic boycott of Israel a branch of the pro Palestinian Boycott Divestment and Sanctions BDS campaign is one of the richest and most divisive topics in the politics of knowledge today In *Boycott Theory and the Struggle for Palestine* Nick Riemer addresses the most fundamental questions raised by the call to sever ties with Israeli universities and offers fresh arguments for doing so More than a narrow study of the boycott campaign the book details how academic BDS relates to a range of live controversies in progressive politics on questions such as disruptive protest silencing and free speech the real world consequences of intellectual work the rise of the far right and the nature of grassroots campaigning Written for open minded readers the book presents the fullest justification for the academic boycott yet given considering BDS efforts on campuses around the world The opening chapters explore the fundamentals of the academic boycott campaign detailing the conditions on the ground in Palestinian and Israeli higher education and analyzing debates over the boycott and its adoption or resistance in the west The later chapters contextualize the boycott with respect to broader questions about the links between theory and practice in political change Directly rebutting the arguments of BDS's opponents *Boycott Theory and the Struggle for Palestine* demonstrates the political and intellectual soundness of a controversial and often misrepresented campaign In defending an original view of the differences between reflecting on politics and doing it in the specific context of the liberation of Palestine the book's arguments will have a resonance for many wider debates beyond the context of either universities or the Middle East *Boycotting Israel is Wrong* Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue

that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel s existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides *Against Apartheid* Bill V. Mullen,Ashley Dawson,2015-11-02

Focusing on the complicity of Israeli universities in maintaining the occupation of Palestine and on the repression of academic and political freedom for Palestinians *Against Apartheid* powerfully explains why scholars and students throughout the world should refuse to do business with Israeli institutions This rich collection of essays is a handbook for scholars and activists **Challenging the Boycott, Divestment and Sanctions (BDS) Movement** Ronnie Fraser,Lola Fraser,2023-02-13

Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history Boycotts Past and Present David Feldman,2018-12-29

In this book historians and social scientists examine boycotts from the eighteenth century to the present day Employed in struggles against British rule in the American colonies against racial discrimination in the United States during the Civil Rights movement and Apartheid in South Africa today it is Israel that is the focus of a campaign for Boycott Divestment and Sanctions BDS Boycotts have featured in campaigns undertaken by labour consumer and nationalist movements Jews were the focus of some boycotts instigated by nationalist movements in Central and Eastern Europe and Jewish businesses were targeted by the National Socialist regime in Germany In this collection contributors explore the history of past boycott movements and examine the different narratives put forward by proponents and opponents of the current BDS movement

directed against Israel one which places the movement within a history of struggles for human rights the other which regards BDS as the latest manifestation of an antisemitic tradition

Beauty for Ashes: Understanding the Israel-Hamas War Judith Mendelsohn Rood, 2024-12-28 This guide to understanding the grotesque Hamas attack on Israel on the Sabbath of Darkness October 7 2023 is framed by a biblical generous theology of history Judith Mendelsohn Rood shares her experiences as a researcher at the Islamic Court in Jerusalem a professor of Middle Eastern history teaching world history at an evangelical Christian university and as a participant in Israeli Palestinian reconciliation ministries Her story is interwoven with her perspectives on the imperative of loving one's enemies during this age of war Her faith in Yeshua has given her hope and courage during her forty years engaging with the enemy an enemy she has known as friends *Beauty for Ashes* shows us how the Biblical metanarrative guides us to the answers we seek and equips us for the battle ahead

Israel Denial Cary Nelson, 2019-06-07 A work of rigorous intellectual inquiry critiquing the BDS movement in academia Jewish Journal Israel Denial is the first book to offer detailed analyses of the work faculty members have published individually and collectively in support of the Boycott Divestment and Sanctions BDS movement it contrasts their claims with options for promoting peace The faculty discussed here have devoted a significant part of their professional lives to delegitimizing the Jewish state While there are beliefs they

hold in common including the conviction that there is nothing good to say about Israel they also develop distinctive arguments designed to recruit converts to their cause in novel ways They do so both as writers and as teachers Israel Denial is the first to give substantial attention to anti Zionist pedagogy No effort to understand the BDS movement's impact on the academy and public policy can be complete without the kind of understanding this book offers A co publication of the Academic Engagement Network

Antisemitism Deborah E. Lipstadt, 2019-01-29 2019 NATIONAL JEWISH BOOK AWARD WINNER Jewish Education and Identity Award The award winning author of The Eichmann Trial and Denial Holocaust History on Trial gives us a penetrating and provocative analysis of the hate that will not die focusing on its current virulent incarnations on both the political right and left from white supremacist demonstrators in Charlottesville Virginia to mainstream enablers of antisemitism such as Donald Trump and Jeremy Corbyn to a gay pride march in Chicago that expelled a group of women for carrying a Star of David banner Over the last decade there has been a noticeable uptick in antisemitic rhetoric and incidents by left wing groups targeting Jewish students and Jewish organizations on American college campuses And the reemergence of the white nationalist movement in America complete with Nazi slogans and imagery has been reminiscent of the horrific fascist displays of the 1930s Throughout Europe Jews have been attacked by terrorists and some have been murdered Where is all this hatred coming from Is there any significant difference between left wing and right wing antisemitism What role has the anti Zionist movement played And what can be done to combat the latest manifestations of an ancient hatred In a series of letters to an imagined college student and imagined colleague both of whom are perplexed by this resurgence acclaimed historian Deborah Lipstadt gives us her own superbly reasoned brilliantly argued and certain to be controversial responses to these troubling questions

Anti-Zionism on Campus Doron S. Ben-Atar, Andrew Pessin, 2018-03-30 Many scholars have endured the struggle against rising anti Israel sentiments on college and university campuses worldwide This volume of personal essays documents and analyzes the deleterious impact of the Boycott Divestment and Sanctions BDS movement on the most cherished Western institutions These essays illustrate how anti Israelism corrodes the academy and its treasured ideals of free speech civility respectful discourse and open research Nearly every chapter attests to the blurred distinction between anti Israelism and antisemitism as well as to hostile learning climates where many Jewish students staff and faculty feel increasingly unwelcome and unsafe Anti Zionism on Campus provides a testament to the specific ways anti Israelism manifests on campuses and considers how this chilling and disturbing trend can be combatted

Dreams Deferred Cary Nelson, 2016-07-11 Dreams Deferred arrives as debates about the future of the Middle East and the Israeli Palestinian conflict intensify under the extraordinary pressure of a region in chaos The book empowers readers to be informed participants in conversations and debates about developments that increasingly touch all of our lives Its sixty concise but detailed essays give facts and arguments to assist all who seek justice for both Israelis and Palestinians and who believe the two state solution can yet be realized Inspired both by the vision of a

democratic Jewish state and by the need for Palestinian political self determination the book addresses the long history of the Israeli Palestinian conflict and its current status It demonstrates that the division and suspicion promoted by the Boycott Sanctions and Divestment BDS movement will only undermine the cause of peace *The Routledge History of Antisemitism* Mark Weitzman, Robert J. Williams, James Wald, 2023-09-04 Antisemitism is a topic on which there is a wide gap between scholarly and popular understanding and as concern over antisemitism has grown so too have the debates over how to understand and combat it This handbook explores its history and manifestations ranging from its origins to the internet Since the Holocaust many in North America and Europe have viewed antisemitism as a historical issue with little current importance However recent events show that antisemitism is not just a matter of historical interest or of concern only to Jews Antisemitism has become a major issue confronting and challenging our world This volume starts with explorations of antisemitism in its many different shapes across time and then proceeds to a geographical perspective covering a broad scope of experiences across different countries and regions The final section discusses the manifestations of antisemitism in its varied cultural and social forms With an international range of contributions across 40 chapters this is an essential volume for all readers of Jewish and non Jewish history alike **Not in Kansas Anymore** Cary Nelson, 2021-01-19 For years anti Zionist activists have accused Israel of undermining academic freedom and campus free speech in both Gaza and the West Bank Not in Kansas Anymore demonstrates conclusively that the major threats to academic freedom come from Palestinians themselves including from both the Palestinian Authority and from paramilitary and terrorist groups Hamas most prominent among them This is the first thoroughly researched and documented study of the status of academic freedom in Gaza and the West Bank *We Are Not One* Eric Alterman, 2022-11-22 A bestselling historian uncovers the surprising roots of America's long alliance with Israel and its troubling consequences Fights about the fate of the state of Israel and the Zionist movement that gave birth to it have long been a staple of both Jewish and American political culture But despite these arguments significance to American politics American Jewish life and to Israel itself no one has ever systematically examined their history and explained why they matter In *We Are Not One* historian Eric Alterman traces this debate from its nineteenth century origins Following Israel's 1948-1949 War of Independence called the nakba or catastrophe by Palestinians few Americans including few Jews paid much attention to Israel or the challenges it faced Following the 1967 Six Day War however almost overnight support for Israel became the primary component of American Jews collective identity Over time Jewish organizations joined forces with conservative Christians and neoconservative pundits and politicians to wage a tenacious fight to define Israel's image in the US media popular culture Congress and college campuses Deeply researched *We Are Not One* reveals how our consensus on Israel and Palestine emerged and why today it is fracturing **Narratives of Identity in Social Movements, Conflicts and Change** Landon E. Hancock, 2016-08-26 This volume focuses on analyses of identity and narratives of identity in conflict outbreaks dynamics resolution and or post conflict peacebuilding and

transitional justice *Left Theory and the Alt-Right* Jeffrey R. Di Leo, Sophia A. McClennen, 2023-08-23 The alt right movement in the United States has actively been endorsing the use of left theory to achieve its ends and with varying degrees of success Tracing occasions where figures on the alt right reference left theory this volume asks if the alt right's reference of left theory is just bad reading or are there troubling ways that certain types of left theory encourage such interpretations What if the connections between left theory and the alt right lie in the shared disdain for certain types of institutions structures of power and the status quo Are there lessons to be learned in what can often appear as an overlapping desire to deconstruct concepts like truth justice freedom and democracy Drawing on the longer history of right wing readings of left theory this volume seeks to unpack these recent developments and consider their impact on the future of theory

Three Faces of Antisemitism Jeffrey Herf, 2023-12-11 Three Faces of Antisemitism examines the three primary forms of antisemitism as they emerged in modern and contemporary Germany and then in other countries The chapters draw on the author's historical scholarship over the years on the form antisemitism assumed on the far right in Weimar and Nazi Germany in the Communist regime in East Germany and in the West German radical left and in Islamist organizations during World War II and the Holocaust and afterward in the Middle East The resurgence of antisemitism since the attacks of September 11 2001 has origins in the ideas events and circumstances in Europe and the Middle East in the half century from the 1920s to the 1970s This book covers the period since 1945 when neo Nazism was on the fringes of Western and world politics and the persistence of antisemitism took place primarily when its leftist and Islamist forms combined antisemitism with anti Zionism in attacks on the state of Israel The collection includes recent essays of commentary that draw attention to the simultaneous presence of antisemitism's three faces While scholarship on the antisemitism of the Nazi regime and the Holocaust remains crucial the scholarly intellectual and political effort to fight antisemitism in our times requires the examination of antisemitism's leftist and Islamist forms as well This book will be of interest to scholars researching antisemitism racism conspiracy theories the far right the far left and Islamism
