

## EFT BASIC RECIPE

### The Discovery Statement of EFT:

*"The cause of all negative emotions is a disruption in the body's energy system".*

- TH** - Top of the head point (points stated in tapping order)
- EB** - Eyebrow point (bilateral, you can tap on left or right side or both)
- SE** - Side of eye point (bilateral, you can tap on left or right side or both)
- UE** - Under eye point (bilateral, you can tap on left or right side or both)
- UN** - Under nose point
- UC** - Under chin point (found right under bottom lip to be exact)
- CB** - Collar bone point (bilateral, you can tap on left or right side or both)
- UA** - Under arm point (bilateral, you can tap on left or right side or both)
- LP** - Liver point
- T** - Thumb point (side of nail facing body)
- IF** - Index finger point
- MF** - Middle finger point
- LF** - Little finger point
- GS** - Gamut spot
- KC** - Karate chop point (also known as side of hand, bilateral, you can tap on left or right side, corrects PR)
- SS** - Sore spot (bilateral, rub left or right side, corrects PR)

### Tapping procedure

1. Rate your issue from 0 to 10. 0 = not upset and 10 = the most upset you could be. If rating it by numbers is difficult, ask yourself how 'big' or 'small' it is, or if it is still there. You will know by how you feel.
2. The **set up statement** prepares your energy system for tapping. It does this by correcting any **psychological reversal**. PR is any objection, conscious or unconscious, that you may have to healing. It is stated as follows:  
**Even though** I have this (describe the issue in your own words) ... I deeply and completely love and accept myself **X 3 times**, continuously tapping either the karate chop or continuously rubbing the sore spot.
3. Repeat a **reminder phrase** "this ..." on all the points, tapping approximately 7 times on each point. The reminder phrase/word keeps you "tuned in" so tapping can correct the disruption in your energy system.
4. **9 gamut procedure** - Hold your head steady. Close your eyes, open them. Moving just your eyes, hand down right, hand down left, clockwise, anticlockwise, hum a few bars of a song, count to 5, hum a few bars of a song again. All the while tapping continuously on the gamut spot. Repeat another round on all the points.
5. Rate your issue, if not at 0, repeat the procedure. The subconscious mind is very literal so the wording you use needs to reflect this: **Even though I still have some of this issue left**, I deeply and completely love and accept myself. Repeat **"remaining ..."** on all the points. Repeat procedure until you reach 0, or until you don't feel upset when thinking about the issue.

Your body is comprised of energy pathways and energy centers that are in constant motion, a dynamic interplay with other energies and with your cells, organs, immune system, mood, and thoughts. If you can shift these energies, you can influence your physical health, your emotional patterns, and your state of mind. The Promise of Energy Psychology gives simple step-by-step instructions that will help you to overcome fear, guilt, shame, jealousy, or anger, change unwanted habits and behaviors, enhance your ability to love, succeed, and enjoy life. The energy approach presented in this book can help bring about significant change in your life. With this strategy, stubborn phobias often fade in minutes; the lifelong effects of an early trauma can frequently be reduced or completely eliminated; uncontrollable anger can rapidly become manageable; even elusive physical problems may respond where other treatments have failed. The Promise of Energy Psychology is an amazing tool that puts the ability to effect change directly into your hands and finally gives you control over your fears, pain, and destructive behaviors.

If you are a health care provider or caregiver who is struggling with anxiety, depression, or coping with the demands of each day, then this book is for you. It offers lots of practical tools in every chapter to help you create a tool box that will support your emotional health.
