Number two just say boo. Counting is fun with these two adorable bears. Young readers can join in with little bear as he touches his knees, bends to the floor, jumps, runs and walks. The book ends with a lovely cuddle and then you're ready to start again. Then little bear walks over the big bear mountain to see what he can see. What a busy bear! In this beautiful retelling of a classic children's song, bestselling author and illustrator Iza Trapani brings to life the seasonal activities of one cuddly bear. The bear sets out at the beginning of spring and finds fun around every corner, such as watching bunnies hop and smelling flowers. When the bear finds something unpleasant, like a smelly skunk or a prickly porcupine, he learns that the five senses have both good and bad traits. But that is all right because there is always something just as exciting to try next. *The Bear Went Over the Mountain* teaches children about the five senses and the four seasons all through a timeless song. It is so much fun kids will want to go exploring too, just like the bear.
