about the Black Notebooks quickly came to propagate catchy expressions such as being historical anti Semitism and metaphysical anti Semitism The first question that obviously arises is Does the thought of Martin Heidegger exhibit any kind of anti Semitism at all In this book Professor von Herrmann now advances his hermeneutic explication With Professor Francesco Alfieri of the Pontificia Universit Lateranense he has found a colleague who has drawn up a comprehensive philological analysis of volumes GA 94 through GA 97 of the Complete Edition The fact that Heidegger designated the hitherto published black notebooks as Ponderings berlegungen and as Observations Anmerkungen has been given little consideration He intentionally placed them at the conclusion of the Complete Edition because without acquaintance with the lectures and above all with the being historical treatises that would come to be published in the framework of the Complete Edition they would not be comprehensible Arnulf Heidegger **CLASSICAL & STATISTICAL MECHANICS (Physics** Part-1) English Edition Dr. Hariom Gupta ,Dr. K.Y.
