The Borgias The Hidden History:

The Borgias G. J. Meyer, 2014-04-29 The startling truth behind one of the most notorious dynasties in history is revealed in a remarkable new account by the acclaimed author of *The Tudors* and *A World Undone* Sweeping aside the gossip slander and distortion that have shrouded the Borgias for centuries G J Meyer offers an unprecedented portrait of the infamous Renaissance family and their storied milieu They burst out of obscurity in Spain not only to capture the great prize of the papacy but to do so twice Throughout a tumultuous half century as popes statesmen warriors lovers and breathtakingly ambitious political adventurers they held center stage in the glorious and blood drenched pageant known to us as the Italian Renaissance standing at the epicenter of the power games in which Europe's kings and Italy's warlords gambled for life and death stakes Five centuries after their fall a fall even more sudden than their rise to the heights of power they remain immutable symbols of the depths to which humanity can descend Rodrigo Borgia who bought the papal crown and prostituted the Roman Church Cesare Borgia who became first a teenage cardinal and then the most treacherous cutthroat of a violent time Lucrezia Borgia who was as shockingly immoral as she was beautiful These have long been stock figures in the dark chronicle of European villainy their name synonymous with unspeakable evil But did these Borgias of legend actually exist Grounding his narrative in exhaustive research and drawing from rarely examined key sources Meyer brings fascinating new insight to the real people within the age encrusted myth Equally illuminating is the light he shines on the brilliant circles in which the Borgias moved and the thrilling era they helped to shape a time of wars and political convulsions that reverberate to the present day when Western civilization simultaneously wallowed in appalling brutality and soared to extraordinary heights Stunning in scope rich in telling detail G J Meyer's *The Borgias* is an indelible work sure to become the new standard on a family and a world that continue to enthrall Praise for *The Borgias* A vivid and at times startling reappraisal of one of the most notorious dynasties in history If you thought you knew the Borgias this book will surprise you Tracy Borman author of *Queen of the Conqueror* and *Elizabeth's Women* The mention of the Borgia family often conjures up images of a ruthless drive for power via assassination serpentine plots and sexual debauchery G J Meyer convincingly looks past the mythology to present a more nuanced portrait Booklist Meyer brings his considerable skills to another infamous Renaissance family the Borgias and a fresh look into the machinations of power in Renaissance Italy He makes a convincing case that the Borgias have been given a raw deal Historical Novels Review Fascinating a gripping history of a tempestuous time and an infamous family Shelf Awareness

The Borgia Family Jennifer Mara DeSilva, 2019-10-11 *The Borgia Family Rumor and Representation* explores the historical and cultural structures that underpin the early modern Borgia family their notoriety and persistence and reinvention in the popular imagination The book balances studies focusing on early modern observations of the Borgias and studies deconstructing later incarnations on the stage on the page on the street and on the screen It reveals how contemporary observers later authors and artists and generations of historians reinforced and

perpetuated both rumor and reputation ultimately contributing to the Borgia Black Legend and its representations Focused on the deeds and posthumous reputations of Pope Alexander VI and his children Cesare and Lucrezia Borgia the volume charts the choices made by the family and contextualizes them amid contemporary expectations and reactions Extending beyond their deaths it also investigates how the Borgias became emblems of anti Catholic and anti Spanish criticism in the later early modern period and their residing reputation as the best and worst of the Renaissance Exploring a spectrum of traditional and modern media The Borgia Family contextualizes both Borgia deeds and their modern representations to analyze the family s continuing history and meaning in the twenty first century It will be of great interest to researchers and students working on interdisciplinary aspects of the Renaissance and early modern Italy

Cesare and Lucrezia Borgia Samantha Morris,2020-12-28 This myth busting biography reveals the fascinating true lives of Renaissance Italy s most infamous brother and sister Salacious rumors have shrouded the Borgia family for centuries In particular tales of murder and incest have stuck to the names of Cesare and Lucrezia But in this enlightening biography Samantha Morris separates fact from fiction presenting these two fascinating individuals from their early lives through their years at the Vatican and their untimely deaths Morris begins her narrative in the bustling metropolis of Rome where the siblings were caught up in the dynastic plans of their father Pope Alexander VI Though they were not the villains depicted in popular media their intertwined lives were full of ambition intrigue and danger Drawing on both primary and secondary sources Morris follows Cesare through his cardinalship and military career and Lucrezia through her multiple arranged marriages and her rule over Spoleto

The Hidden Power Thomas Troward,1921

The Family Medici Mary Hollingsworth,2018-03-06 Having founded the bank that became the most powerful in Europe in the fifteenth century the Medici gained massive political power in Florence raising the city to a peak of cultural achievement and becoming its hereditary dukes Among their number were no fewer than three popes and a powerful and influential queen of France Their influence brought about an explosion of Florentine art and architecture Michelangelo Donatello Fra Angelico

and Leonardo were among the artists with whom they were socialized and patronized Thus runs the accepted view of the Medici However Mary Hollingsworth argues that this is a fiction that has now acquired the status of historical fact In truth the Medici were as devious and immoral as the Borgias In this dynamic new history Hollingsworth argues that past narratives have focused on a sanitized view of the Medici wise rulers enlightened patrons of the arts and fathers of the Renaissance and their story was reinvented in the sixteenth century mythologized by later generations of Medici who used this as a central prop for their legacy Hollingsworth s revelatory re telling of the story of the family Medici brings a fresh and exhilarating new perspective to the story behind the most powerful family of the Italian Renaissance **The Borgias**
