The Bund Shanghai China Faces West Odyssey Guides:

The Bund Shanghai Peter Hibbard, 2007 Paralleling Shanghai's extraordinary transformation into an ultra stylish modern metropolis and its phenomenal rise on the international stage the city's landmark waterfront the Bund once the Wall Street of Asia is again in the limelight as a charismatic world class destination for life's finest pleasures Global Shanghai, 1850-2010 Jeffrey N Wasserstrom, 2008-11-25 This book explores the play of international forces and international ideas about Shanghai looking backward as far as its transformation into a subdivided treaty port in the 1840s and looking forward to its upcoming hosting of China's first World's Fair the 2010 Expo As such Global Shanghai is a lively and informative read for students and scholars of Chinese studies and urban studies and anyone interested in the history of Shanghai **Jewish Identities in East and Southeast Asia** Jonathan Goldstein, 2015-11-13 The Jewish communities of East and Southeast Asia display an impressive diversity Jonathan Goldstein's book covers the period from 1750 and focuses on seven of the area's largest cities and trading emporia Singapore Manila Taipei Harbin Shanghai Rangoon and Surabaya The book isolates five factors which contributed to the formation of transnational multiethnic and multicultural identity memory colonialism regional nationalism socialism and Zionism It emphasizes those factors which preserved specifically Judaic aspects of identity Drawing extensively on interviews conducted in all seven cities as well as governmental institutional commercial and personal archives censuses and cemetery data the book provides overviews of communal life and intimate portraits of leading individuals and families Jews were engaged in everything from business and finance to revolutionary activity Some collaborated with the Japanese while others confronted them on the battlefield The book attempts to treat fully and fairly the wide spectrum of Jewish experience ranging from that of the ultra Orthodox to the completely secular Shanghai Tai Chi Hanchao Lu, 2023-05-11 A captivating social and political history of Shanghai under high socialism Lu explores the lived experience of Mao's China **The Diaspora Encounter** Francisco A. Cruz, 2017-12-19 As a historian of a different making Francisco seeks to capture the heart of his past and that of spirituality through lifetime memories from boyhood days in Shanghai and Macau to day dreams as a young man in Hong Kong from new family life in San Francisco as a naturalized citizen to rebirth of mind through a number of pilgrimages to Fatima Medjugorje and Moscow with his extended family Together with his spiritual partner and second wife of 30 years Terry he witnessed the crowning of the Blessed Virgin Mary at the Red Square in Moscow for the 75th Anniversary of the Fatima Apparition in Portugal As just two amongst one thousand plus of God's children from bishops to priests theologians brothers sisters youths and other laypersons that were there that day they joined together at the 1992 World Youth Congress in Moscow to share a very special message with the world about the need for change It was a message of WARNING as prophesized by the Blessed Virgin the Mother of God on Sunday the 13th of May in the year 1917 But more importantly it was also a call for love and spiritual renewal There has been no phenomenon like it ever before recorded but the miracle of the sun in Fatima continues to shine bright even at the

darkest of times and is the hope behind this book Many of history s greatest thinkers have wrestled with the question of belief and non belief in God through their literary circles and often simply by the way they have lived their lives 1 Is there a God and 2 Why would He care about me Those are profound and universal questions considered in the first two books of this family story and re visited here in this third encounter in trilogy Though it might seem unlikely that any new arguments can be raised from either side between Science and Theology on Christendom ultimately each reader needs to ask through his or her own voice of Faith this question of GOD and His existence It is at that spiritual juncture of question and answer that mankind may decide which path to follow As seminarian students Terry and Francis took three years of theology at St Patrick Seminary University in Menlo Park under the Diaconate Formation Program with the hopes of Francisco becoming a deacon with the Class of 2006 Though God had other plans for Francisco both husband and wife humbly served at the Cathedral of St Mary of the Assumption in San Francisco and at St Bruno Church of the San Francisco Archdiocese for three decades This soulful dialogue is for anyone seeking out answers about Judeo Christian ethics and the belief that GOD reveals all in time

Crossing Continents Duncan Campbell-Smith,2021-05-13 For almost a hundred years from the 1860s the City of London s overseas banks financed the global trade that lay at the core of the British Empire Foremost among them from the beginning were two start up ventures the Standard Bank of South Africa which soon developed a powerful domestic franchise at the Cape and the Chartered Bank of India Australia and China This book traces their stories in the nineteenth century their glory days before 1914 and their remarkable survival in the face of global wars and the collapse of world trade in the first half of the twentieth century The unravelling of the Empire after 1945 eventually forced Britain s overseas banks to confront a different future The Standard and the Chartered alarmed at the expansion of American banking determined in 1969 on a merger as a way of sustaining the best of the City s overseas traditions But from the start Standard Chartered had to grapple with the fading fortunes of its own inherited franchise badly dented in both Asia and Africa and with radical changes in the nature of banking Its British managers steeped in the past proved ill suited to the challenge By the late 1980s efforts to expand in Europe and the USA had brought the merged Group to the brink of collapse Yet it survived and then pulled off a dramatic recovery Standard Chartered realigned itself just in time with the phenomenal growth of Asia s emerging markets many of them in countries where the Chartered had flourished a century earlier In the process the Group was transformed Trebling its workforce it brushed aside the global financial crisis of 2008 and by 2012 could look back on a decade of astonishing growth Recent times have added an eventful postscript to a long and absorbing history Crossing Continents recounts Standard Chartered s story with a wealth of detail from one of the richest archives available to any commercial bank The book also affords a rare and compelling perspective on the evolution of international trade and finance showing how Britain s commercial influence has actually worked in practice around the world over one hundred and fifty years

The Diaspora Encounter Francisco Cruz,2023-12-04 The mere record of a humane experience in the politics economics

and social mores of colonial life was entrenched in the heritage of a people living detached from the motherland to a frenzied Diaspora Encounter in China One discussed relativity and the atom bomb analyzed Marxism and Communism comparing both to Christianity and Democracy The ships of Columbus pierced that veil and brought the vast continent into view Today it is the destiny of America to pierce another veil the veil of the Middle Eastern peoples of the world Our performance is to uplift these people to some decency of living Ultimately our ending of all wars whether for religious or other reasons is our task and our mission As a historian in his own right who is emerging as an author of alternative history he has captured all his personal history in this memoir incorporating his life experiences throughout his many travels

Colonialism and Male Domestic Service across the Asia Pacific Julia Martínez, Claire Lowrie, Frances Steel, Victoria Haskins, 2018-11-29 Examining the role of Asian and indigenous male servants across the Asia Pacific from the late 19th century to the 1930s this study shows how their ubiquitous presence in these purportedly humble jobs gave them a degree of cultural influence that has been largely overlooked in the literature on labour mobility in the age of empire With case studies from British Hong Kong Singapore Northern Australia Fiji and British Columbia French Indochina the American Philippines and the Dutch East Indies the book delves into the intimate and often conflicted relationships between European and American colonists and their servants It explores the lives of houseboys cooks and gardeners in the colonial home considers the bell boys and waiters in the grand colonial hotels and follows the stewards and cabin boys on steamships travelling across the Indian and Pacific Oceans This broad conception of service allows *Colonialism and Male Domestic Service* to illuminate trans colonial or cross border influences through the mobility of servants and their employers This path breaking study is an important book for students and scholars of colonialism labour history and the Asia Pacific region

The Eurasian Gentile Francisco A. Cruz, 2014-11-15 In this book he will take you behind the scenes of views on an amazing variety of subjects from the character of the Eurasians domiciled in the San Francisco Archdiocese Who discussed relativity and the atom bomb analyzed Marxism and Communism comparing both to Christianity and Democracy It displays the intellectual grasp of both spiritual and temporal problems of our society in the signs of times From 1914 the Cruz family moved to Shanghai it resonates with today s conflicts and challenges of endless wars And it was truly providential they had survived these many years As a historian in his own right is emerging as an author of alternative history Thus an epic story on Moses of the Old Testament about the Exodus of Israelites from Egypt into the Promise Land is being retold in resemblance of this modern day narrative in *The Eurasian Gentile* With great conviction one who ponders the fate of the free world and speaks of America s destiny in the present world crisis and the philosophy of life and living which embraces love of God love of neighbor and love of country By the Grace of God the writer has captured all his personal history in this memoir incorporating his life experiences throughout his many travels

Knowledge Is Pleasure Lindsay Shen, 2012-08-01 The Sensuous Realist Florence Ayscough poet translator Sinologist Shanghailander avid collector pioneering photographer and early feminist champion of women s

rights in China Ayscough's modernist translations of the classical poets still command respect her ethnographic studies of the lives of Chinese women still engender feminist critiques over three quarters of a century later and her collections of Chinese ceramics and objets now form an important part of several American museum's Asian art collections Raised in Shanghai in an archetypal Shanghailanders family in the late nineteenth century Ayscough was to become anything but a typical foreigner in China Encouraged by the New England poet Amy Lowell she was to become a much sought after translator in the early years of the new century not least for her radical interpretations of the Tang dynasty poet Tu Fu She later moved on to record China and particularly Chinese women using the new technology of photography turn the Royal Asiatic Society's Shanghai library into the best on the China Coast and build several impressive collections featuring textiles Ming and Qing ceramics By the time of her death Florence Ayscough has left a legacy of collection and scholarship unrivalled by any other foreign woman in China before or since In this biography Lindsay Shen recovers Ayscough for posterity and returns her to us as a woman of amazing intellectual vibrancy and strength **The Scramble for China** Robert

Bickers,2016-02-25 In the early nineteenth century China remained almost untouched by British and European powers but as new technology started to change this balance foreigners gathered like wolves around the weakening Qing Empire Would the Chinese suffer the fate of much of the rest of the world carved into pieces by Europeans Or could they adapt rapidly enough to maintain their independence This important and compelling book explains the roots of China's complex relationship with the West by illuminating a dramatic colourful and sometimes shocking period of the country's history **Landscape**

Biographies Rita Hermans,Jan Kolen,Hans Renes,2025-10-01 Landscape Biographies explores the long and complex histories of landscapes from personal and social perspectives As an essential part of human life worlds landscapes have the potential to absorb something of people's lives works and thoughts But landscapes also shape their own life histories at different timescales transcending human life cycles and generating their own temporalities and rhythms It comes as no surprise therefore that the co-scripting of landscapes and people figures prominently in the auto-biographical works of writers and attracts the interest of geographers archaeologists historians and anthropologists This has even resulted in a new genre in landscape research rapidly gaining in popularity under the heading of landscape biography In Landscape Biographies twenty geographers archaeologists historians and anthropologists investigate the diverse ways in which landscapes and monuments have been constructed transmitted and transformed from prehistory up to the present from Manhattan to Shanghai from Iceland to Portugal and from England to Estonia Among the authors are distinguished scholars like G sli P lsson Cornelius Holtorf Joshua Pollard and Mark Gillings **Shanghai Sacred** Benoît Vermander,Liz

Hingley,Liang Zhang,2018-04-15 Shanghai a dynamic world metropolis is home to a multitude of religions from Buddhism and Islam to Christianity and Baha'ism to Hinduism and Daoism and many more In this city of 24 million inhabitants new religious groups and older faiths together claim and reclaim spiritual space Shanghai Sacred explores the spaces rituals and

daily practices that make up the religious landscape of the city offering a new paradigm for the study of Chinese spirituality that reflects the global trends shaping Chinese culture and civil society Based on years of fieldwork incorporating both comparative and methodological perspectives Shanghai Sacred demonstrates how religions are lived constructed and thus inscribed into the social imaginary of the metropolis Evocative photographs by Liz Hingley enrich and interact with the narrative making the book an innovative contribution to religious visual ethnography **Champions Day** James

Carter,2020-06-16 How a single day revealed the history and foreshadowed the future of Shanghai It is November 12 1941 and the world is at war In Shanghai just weeks before Pearl Harbor thousands celebrate the birthday of China s founding father Sun Yat sen in a new city center built to challenge European imperialism Across town crowds of Shanghai residents from all walks of life attend the funeral of China s wealthiest woman the Chinese French widow of a Baghdadi Jewish businessman whose death was symbolic of the passing of a generation that had seen Shanghai s rise to global prominence But it is the racetrack that attracts the largest crowd of all At the center of the International Settlement the heart of Western colonization but also of Chinese progressivism art commerce cosmopolitanism and celebrity Champions Day unfolds drawing tens of thousands of Chinese spectators and Europeans alike to bet on the horses In a sharp and lively snapshot of the day s events James Carter recaptures the complex history of Old Shanghai Champions Day is a kaleidoscopic portrait of city poised for revolution **A History of Future Cities** Daniel Brook,2013-02-12 Hailed as an original and fascinating book Times

Literary Supplement A History of Future Cities is Daniel Brook s captivating investigation of four instant cities St Petersburg Shanghai Mumbai and Dubai that sought to catapult themselves into the future by emulating the West **Museums in China** Tracey Lu,2013-11-20 From the earliest museums established by Western missionaries in order to implement religious and political power to the role they have played in the formation of the modern Chinese state the origin and development of museums in mainland China differ significantly from those in the West The occurrence of museums in mainland China in the late nineteenth century was primarily a result of internal and external conflicts Westernization and colonialism and as such they were never established solely for enjoyment and leisure Using a historical and anthropological framework this book provides a holistic and critical review on the establishment and development of museums in mainland China from 1840 to the present day and shows how museums in China have been used by a wide range of social political and state actors for a number of economic religious political and ideological purposes Indeed Tracey L D Lu examines the key role played by museums in reinforcing social segmentation influencing the economy protecting cultural heritage and the construction and enhancement of ethnic identities and nationalism and how they have throughout their history helped the powerful to govern the less powerful or the powerless More broadly this book provides important comparative insights on museology and heritage management and questions who the key stakeholders are how museums reflect broader social and cultural changes and the relationship between museum and heritage management Drawing on extensive archival research and anthropological

fieldwork as well as the author's experience working as a museum curator in mainland China in the late 1980s. Museums in China such as this will be of great interest to students and scholars working across museology, heritage studies, tourism studies, Chinese culture and Chinese history.

China's Foreign Places Robert Nield, 2015-03-01. During the nineteenth and early twentieth centuries, the imperial powers principally Britain, the United States, Russia, France, Germany, and Japan signed treaties with China to secure trading residence and other rights in cities on the coast, along important rivers, and in remote places further inland. The largest of them, the great treaty ports of Shanghai and Tientsin, became modern cities of international importance, centres of cultural exchange and safe havens for Chinese who sought to subvert the Qing government. They are also lasting symbols of the uninvited and often violent incursions by foreign powers during China's century of weakness. The extraterritorial privileges that underpinned the treaty ports were abolished in 1943, a time when much of the treaty port world was under Japanese occupation. *China's Foreign Places* provides a historical account of the hundred or more major foreign settlements that appeared in China during the period 1840 to 1943. Most of the entries are about treaty ports, large and small, but the book also includes colonies, leased territories, resorts, and illicit centres of trade. Information has been drawn from a wide range of sources, and entries are arranged alphabetically, with extensive illustrations and maps. *China's Foreign Places* is both a unique work of reference, essential for scholars of this period and travellers to modern China, and a fascinating account of the people, institutions, and businesses that inhabited China's treaty port world.
