

6. Figure 11-4 is a diagram of the frontal section of the heart. Follow the instructions below to complete this exercise.

First, draw arrows to indicate the direction of blood flow through the heart. Draw the pathway of the oxygen-rich blood with red arrows, and trace the pathway of oxygen-poor blood with blue arrows.

Second, identify each of the elements of the intrinsic conduction system (numbers 1-5 on the figure) by inserting the appropriate terms in the blanks left of the figure. Then, indicate with green arrows the pathway that impulses take through this system.

Third, correctly identify each of the heart valves (numbers 6-9 on the figure) by inserting the appropriate terms in the blanks left of the figure, and draw in and identify by name the cordlike structures that anchor the flaps of the atrioventricular (AV) valves.

Fourth, use the numbers from the figure to identify the structures described below. Place the numbers in the lettered answer blanks.

The Cardiovascular System Packet Answers:

The Cardiovascular System E-Book Alan Noble, Robert Johnson, Alan Thomas, Paul Bass, 2013-11-15 This is an integrated textbook on the cardiovascular system covering the anatomy physiology and biochemistry of the system all presented in a clinically relevant context appropriate for the first two years of the medical student course One of the seven volumes in the Systems of the Body series Concise text covers the core anatomy physiology and biochemistry in an integrated manner as required by system and problem based medical courses The basic science is presented in the clinical context in a way appropriate for the early part of the medical course There is a linked website providing self assessment material ideal for examination preparation

The Cardiovascular System Alan Noble, 2005 A textbook on the cardiovascular system for medical students offering an integrated coverage of the basic science and major diseases of the system Integrated coverage of the structure function and major diseases of the cardiovascular system highly suitable for systems courses as taught in the new medical curriculum Coverage of the basic science is clinically driven a common clinical presentation introduces each major topic Clinical cases are used and explained in the chapter rather than merely being present to provide additional interest Coverage of major diseases of the cardiovascular system equips students for the contact with patients which now occurs much earlier in the medical course Attractive open two colour page design with objectives defined at the start of each chapter and self assessment at the end

[The Menopause Answer Book](#) Marsha Lynn Speller, 2004-05-01 Estrogen is a powerful female hormone that protects women from many health risks In menopause estrogen levels decline and its protective qualities decline as well At the same time a lifetime of bad habits may begin to catch up with us and our genetic predispositions to disease begin to surface All this leads to a plethora of symptoms some temporary some chronic and some life threatening The Menopause Answer Book allows women to carefully assess their own symptoms and then seek out the information and treatments that will be tailored to their own specific needs Find out if you are at risk for diseases associated with menopause Develop your Menopause Action Plan Assess the pros and cons of Hormone Replacement Therapy Find out what tests to request from your doctor Find out how to get the attention and treatment that you need Learn about important lifestyle changes to make right now Women dealing with menopause and perimenopause are bombarded with information but often have a hard time figuring out what applies to them and how to choose between conflicting advice The Menopause Answer Book is the must have companion to the top selling menopause books which are informational but don't help women tailor their treatment
