Tshwane University Of Technology Acceptance Letter 2015

Sabelo Ndlovu-Gatsheni

Tshwane University Of Technology Acceptance Letter 2015:

ECRM2016-Proceedings of the 15th European Conference on Research Methodology for Business Management "

Vladlena Benson, Fragkiskos Filippaios, 2016-05-20 Epistemic Freedom in Africa Sabelo Ndlovu-Gatsheni, 2018-06-27
Epistemic Freedom in Africa is about the struggle for African people to think, theorize, interpret the world and write from where they are located, unencumbered by Eurocentrism. The imperial denial of common humanity to some human beings meant that in turn their knowledges and experiences lost their value, their epistemic virtue. Now in the twenty-first century, descendants of enslaved, displaced, colonized and racialized peoples have entered academies across the world, proclaiming loudly that they are human beings, their lives matter and they were born into valid and legitimate knowledge systems that are capable of helping humanity to transcend the current epistemic and systemic crises. Together they are engaging in diverse struggles for cognitive justice, fighting against the epistemic line which haunts the twenty-first century. The renowned historian and decolonial theorist Sabelo J. Ndlovu Gatsheni offers a penetrating and well-argued case for centering Africa as a legitimate historical unit of analysis and epistemic site from which to interpret the world whilst simultaneously making an equally strong argument for globalizing knowledge from Africa so as to attain ecologies of knowledges. This is a dual process of both deprovincializing Africa and in turn provincializing Europe. The book highlights how the mental universe of Africa was invaded and colonized, the long-standing struggles for an African university and the trajectories of contemporary decolonial movements such as Rhodes Must Fall and Fees Must Fall in South Africa. This landmark work underscores the fact that only once the problem of epistemic freedom has been addressed can Africa achieve political, cultural, economic and other freedoms. This groundbreaking new book is accessible to students and scholars across Education, History, Philosophy, Ethics, African Studies, Development Studies, Politics, International Relations, Sociology, Postcolonial Studies and the emerging field of Decolonial Studies. The Open Access versions Chapter 1 and Chapter 9 available at <https://doi.org/10.4324/9780429492204> have been made available under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license.

Contextualised Critical Reflections on Academic Development Practices Teboho Pitso, 2021-04-20. This book offers insightful reflections on academic development practices. The contributors engage the reader painstakingly in the dynamics of professional learning and effective teaching. This volume facilitates the examination of the need for reflection that leads to professional maturity. All educational institutions seek teachers who continuously search for effective strategies in improving student success. The contributors uncover a variety of approaches as they evince proven suggestions. The chapters are refreshing and edifying. This book is essential for all teachers, lecturers and trainers who want to improve their teaching practice immensely. Professor Vuyisile T. Msila, Researcher at the Thabo Mbeki African School of Public and International Affairs, University of South Africa. **Analysis of Factors that Affect the Efficient Utilisation of the Online Enrollment Plan at the Tshwane University of Technology** Siphiwe Maseepe, Salome Xaba, 2015. All universities and colleges have

physical or traditional admission and registration systems in place In addition some partially automated systems like course registration where current students have to login and electronically enroll in courses of interest are also in use Some major admission process however are still not fully automated An online enrollment system was introduced at the Tshwane University of Technology TUT in 2006 with a view to enable students to apply and register online and acquire valuable information from databases that belong to the Registrar s Office at TUT Since 2006 the online system of registration at TUT has been improved in phases The online system of registration is designed in order to enable students to register for subjects prior to the commencement of their semesters The aim of his study is to assess how effectively students utilize the online system of enrollment at TUT The impact of an introduction of and transition to a self service administration module will be discussed with regard to customer satisfaction

TUT Transformation Framework 2017 Tshwane University of Technology,2018

Managing Change in the Student Affairs Division at the Tshwane University of Technology Thinamaano Elikanah Lumadi,2009

Innovation at the Tshwane University of Technology Pontso Ezekiel Ralepeli,2008

Master's Student Throughput at the Tshwane University of Technology Marisa Frouws,J. A. Watkins,Tshwane University of Technology. Business School,2007

Currently one of the most serious challenges faced by South African Universities is the fact that less than a quarter of tertiary students graduate after five years The objective of this research study is to determine the various reasons why master students do not complete their studies in the prescribed time duration It is predicted that the outcome of this research will point to the fact that there is a positive correlation between proposal formulation supervisor support and other associated factors and the success of masters students

Strategic Enrolment Management at the Tshwane University of Technology Robinson Mason,2006

Using Information Systems for Registration at TUT Ga-Rankuwa Campus Mpolokeng Vivian Masuku,2008

The objectives of this study were to analyse the existing support services to investigate the problems experienced by students in receiving these services during the registration periods and to identify factors affecting the registration system during the registration periods This dissertation presents the research and the findings gathered in the investigation of the role of information systems in the performance of the registration system at Tshwane University of Technology TUT Ga Rankuwa campus

Measuring Organizational Commitment and Effecting Cultural Change at the Tshwane University of Technology Vanessa Van Graan,Tshwane University of Technology. Department of Business School,2009

The objective of this dissertation is to determine the level of commitment of Tshwane University of technology employees to the institution after merger wether corporate cultures and leadership have tangent planes and map to one another whether leadership has an impact on the level of commitment how committed the employees are to the new institution and the role leadership plays in the commitment of staff The primary raison d etre for this dissertation is to determine the level of organisational commitment and if commitment effects the corporate culture of the staff
