What would you do if you knew that you had been given a second chance to sail away from life's safe harbour? Each of us has dreams of doing something that takes us out of our comfort zone but few of us take the plunge and actually do it. In this book Mervyn Smith describes a point in his life when he was facing the question of his own mortality as he recovered from a serious life-saving surgery. This is the story of how he responded to that challenge and followed a life-long dream to ride a motorcycle from his Shropshire home to a destination way above the Arctic Circle and who he did it for. Read what brought him to that decision, what difficulties he overcame to pursue his dream and the adventures he had on the journey riding through the hottest European summer on record. This book will inspire you, challenge you and hopefully motivate you to realise that everyone has a skill set unique to them which, with faith, imagination and creativity, can be released. And that age is never a barrier to doing something extra-ordinary.

Riding the Dragon's Spine: David Bristow, Steve Thomas, 2013-02-07. When windmill dodgers David Bristow and Steve Thomas followed their dream to blaze and map a mountain bike trail across South Africa, they hoped to be spared howling headwinds, freezing rain and slushy terrain. They weren't yet, but were not deterred from having a mud-splattering good time. The result: the Spine of the Dragon trail, the country's ultimate mountain bike tour covering a distance of 4000km from Beit Bridge to Cape Town. Aimed at the average off-road rider, the 58-day trail through South Africa and Lesotho is broken into nine sections, each with several stages. The entire course can be done in one go or as a series of shorter rides, ideal for those with boundless enthusiasm but limited time. The authors offer valuable advice on preparing for the trail that includes suggested clothing, gear, bike maintenance, food and safety. Each day's route is described in detail and includes a customised annotated map with GPS points. Total daily distance: Difficulty grading from short and easy to long and hard. Entertaining insight into the people and places along the way. Engaging photographs. Accommodation suggestions and contact details. When he's not out cycling, David Bristow writes for a living. He is the former editor of Getaway travel magazine and the author of more than a dozen books for Random House Struik. Steve Thomas discovered mountain bikes while living in the US in the 1980s. Upon his return to South Africa in 1992, he established Daytrippers, South Africa's oldest and biggest bicycle touring company.
