Pietro Bembo on Etna Gareth D. Williams, 2017-07-03 This book is centered on the Venetian humanist Pietro Bembo 1470 1547 on his ascent of Mount Etna in 1493 and above all on the striking artistic originality of the elegant Latin work that he

wrote about his climb after his return to Venice in 1494 his *De Aetna* published at the Aldine press in Venice in 1496 *The CQ Press Guide to Urban Politics and Policy in the United States* Christine Kelleher Palus, Richardson Dilworth, 2016-02-11

The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States If the old adage that all politics is local is even partially true then cities are important centers for political activity and for the delivery of public goods and services U S cities are diverse in terms of their political and economic development demographic makeup governance structures and public policies Yet there are some durable patterns across American cities too Despite differences in governance and or geographic size most cities face similar challenges in the management of public finances the administration of public safety and education And all U S cities have a similar legal status within the federal system This reference guide will help students understand how American cities from old to new have developed over time Part I how the various city governance structures allocate power across city officials and agencies Part II how civic and social forces interact with the organs of city government and organize to win control over these organs and or their policy outputs Part III and what patterns of public goods and services cities produce for their residents Part IV The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

FEATURES Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments population growth size of city budgets etc or historical figures e g mayors a bibliographic essay and a detailed index Sidebars are provided throughout and chapters conclude with References Further Readings and Cross References to related chapters as links in the e version This Guide is a valuable reference on the topics in urban politics and policy in the United States The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

René Girard, Unlikely Apologist Grant Kaplan, 2016-08-20 Since the late 1970s theologians have been attempting to integrate mimetic theory into different fields of theology yet a distrust of mimetic theory persists in some theological camps In Ren Girard Unlikely Apologist Mimetic Theory and Fundamental Theology Grant Kaplan brings mimetic theory into conversation with theology both to elucidate the relevance of mimetic theory for the discipline of fundamental theology and to understand the work of Ren Girard within a theological framework Rather than focus on Christology or atonement theory as the locus of interaction between Girard and theology Kaplan centers his discussion on the apologetic quality of mimetic theory and the impact of mimetic theory on fundamental theology the subdiscipline that grew to replace apologetics His book explores the relation between Girard and fundamental theology in several keys In one it understands mimetic theory as a heuristic device that allows theological narratives and positions to become more intelligible and by so doing makes theology more persuasive In another key Kaplan shows how mimetic theory when placed in dialogue with particular theologians can advance theological discussion in areas where mimetic theory has seldom been invoked On this level the book performs a dialogue with theology that both revisits earlier theological efforts and also demonstrates how mimetic theory brings valuable dimensions to questions of fundamental theology

Dividuations Michaela Ott, 2018-02-16 This book offers an epistemological critique of the concept of the individual and of individuality It argues that because of our bio techno logical entanglements with non human others billions of microorganisms and our multiple in voluntary participations in socio techno logical processes we have to conceive of ourselves no longer as individuals but as dividuations This dividual character which enforces simultaneous and multidirectional participations in different spheres is also apt for other living beings for entities such as the nation state for single cultures production

processes and works of art The critique of individuality in the book is also elaborated in critical re readings of classical philosophical texts from Plato up to today the new concept of dividuality is a modified and semantically enriched version of certain concepts of the French philosophers Gilbert Simondon and Gilles Deleuze *Memory before Modernity* Erika Kuijpers, Judith Pollmann, Johannes Mueller, Jasper van der Steen, 2013-12-05 This volume examines the practice of memory in early modern Europe showing that this was already a multimedia affair with many political uses and affecting people at all levels of society many pre modern memory practices persist until today **Nothing Absolute** Alex Dubilet, Kirill Chepurin, 2021-02-09 Featuring scholars at the forefront of contemporary political theology and the study of German Idealism Nothing Absolute explores the intersection of these two flourishing fields Against traditional approaches that view German Idealism as a secularizing movement this volume revisits it as the first fundamentally philosophical articulation of the political theological problematic in the aftermath of the Enlightenment and the advent of secularity Nothing Absolute reclaims German Idealism as a political theological trajectory Across the volume s contributions German thought from Kant to Marx emerges as crucial for the genealogy of political theology and for the ongoing reassessment of modernity and the secular By investigating anew such concepts as immanence utopia sovereignty theodicy the Earth and the world as well as the concept of political theology itself this volume not only rethinks German Idealism and its aftermath from a political theological perspective but also demonstrates what can be done with or against German Idealism using the conceptual resources of political theology today Contributors Joseph Albernaz Daniel Colucciello Barber Agata Bielik Robson Kirill Chepurin S D Chrostowska Saitya Brata Das Alex Dubilet Vincent Lloyd Thomas Lynch James Martel Steven Shakespeare Oxana Timofeeva Daniel Whistler
