Pâtisserie Pro-Facile Ali Haji, 2017-03-28 J'ai écrit ce livre mes deux venues depuis ma première année de mariage quand ma femme commençait à me poser des questions concernant mon domaine c'est bien sûr la pâtisserie en me demandant de lui faire apprendre comment préparer des différents gâteaux à chaque fois qu'on est ensemble et j'ai commencé lui écrire des recettes avec des instructions qui sont devenues un manuscrit qui a été suivi par moi-même de les partager avec les autres et après 20 ans j'ai bien trouvé son chemin The idea of writing this book came to me from my first year of marriage when my wife was beginning to question me about my field that is well sure the pastry and asked me to teach her how to prepare the homemade cakes whenever we were together and there I started writing her recipes with instructions that became a manuscript which was followed by the idea of sharing with others and after 20 years the idea has found its way

Lemuel Gulliver's Mirror for Man W. B. Carnochan, 2024-03-29 Satire long the most neglected of literary genres has begun to claim its share of critical attention And no book in the satiric tradition has generated more controversy than Gulliver's Travels since it was first published it has been the subject of an often passionate debate about its moral and esthetic value a debate inseparable from the question of what Swift was really saying about us all especially in Book IV Despite the running controversy this is the first extended study of the Travels to appear in over forty years It places Swift's masterpiece in the perspective of its own age but also in relation to ours First it reviews the philosophical doubts of the Augustans about the nature of man doubts now recognized as a major force behind Swift's satire It examines Augustan satiric theory and its Continental background and coming to the Travels treats them as one instance of a conventional form the satire on man On the vexed problem of Book IV it argues that alternative views of Swift as a savage misanthrope and as a benign humanist are both inadequate and that as in Swift's irony generally what seem to be contradictory truths are simultaneously in force The study is concerned throughout with the way values operate in a satiric context What for example are we to make of Gulliver's pious attachment to truth telling In this connection a speculative theory is proposed which relates Swift's satiric intentions to the epistemology of John Locke Finally an epilogue looks ahead to some modern writers Lewis Carroll Joyce Vladimir Nabokov whose habits throw a retrospective light on Swift's The study broadly speaking is not only about Gulliver's Travels but also about the psychology of the satirist and about the mind's response whether the Augustans or our own at moments of intellectual crisis This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to
