**Inclusive Education in South African Further and Higher Education** Tsediso Michael Makoelle, Cina P.

Mosito, 2025-05-26 A historical overview of the evolution of inclusive education alongside the emergence of concepts such as equity and access highlighting how these ideas have evolved been enacted and practiced in the higher education institutions HEIs of South Africa since 2001 Women, Economic Development, and Higher Education Diane E.

Eynon, 2017-06-19 This book is a multi disciplinary exploration of the intersection relationship and connection between higher education economic development and gender in post Apartheid South Africa In just twenty years South Africa has rewritten its constitution restructured its macroeconomic growth and development policies restructured its higher education system and made a commitment to provide opportunity for all its citizens specifically those who have historically been marginalized women and blacks Eynon weaves together these unique perspectives to illustrate how these multiple domains map onto women and the critical role they play in the present and future of the country Gender equality and women s empowerment and education were considered key drivers to South Africa s transformation **Higher Education**

, 2023-11-02 COVID wrought havoc on the world s economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on Perils and Promises The State of Online Education Goals and Challenges of Online Learning and Innovations in the Age of COVID It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic **Education and**

**Leadership** Tom Claes, Frank McMahon, David Seth Preston, 2008 This truly international book brings together authors from different regions of the world including North America South Africa Europe Iran and Russia all of whom are concerned with aspects of the challenges involved in the expansion of higher education both in student numbers and areas of study Some are concerned about the loss of guiding principles which steered university education for centuries The traditional purposes of

higher education have come under such pressure that we have achieved conflicting models of the university Claes and ambiguity in regard to teaching and research Simons et al For others the problems are at a different stage Contributions from South Africa look at three challenges Can we provide enough places in higher education How do we deal with institutional mergers How do we make staff development effective in a situation in which English is the first language of less than five percent of the staff Young scholars in Russian regions face formidable hurdles in achieving academic careers while the best law graduates in Canada are faced with the ethical dilemma of personal career advancement or social justice Topsakal The problem of integrating nursing into a traditional Irish university is reviewed by Grant while the role of a university in regional development is addressed from a Greek perspective by Papaelias et al The comparative international approach features in research into teacher job satisfaction in India and Iran while McMahon reviews the impact of the Bologna Process

**Student Politics in Africa** M. Luescher, Manja Klemencic, 2016-05-12 The second volume of the African Higher Education Dynamics Series brings together the research of an international network of higher education scholars with interest in higher education and student politics in Africa Most authors are early career academics who teach and conduct research in universities across the continent and who came together for a research project and related workshops and a symposium on student representation in African higher education governance The book includes theoretical chapters on student organising student activism and representation chapters on historical and current developments in student politics in Anglophone and Francophone Africa and in depth case studies on student representation and activism in a cross section of universities and countries The book provides a unique resource for academics university leaders and student affairs professionals as well as student leaders and policy makers in Africa and elsewhere *Universities, Inclusive Development and Social Innovation* Claes Brundenius, Bo Göransson, José Manoel Carvalho de Mello, 2016-10-25 This book examines the ways in which universities can play a crucial role in inclusive development social innovation and social entrepreneurship It aims to prove the importance of inclusive development and inclusive innovation on economic growth and demonstrate the ways in which universities can be pioneers in this area through initiatives in social responsibility and social innovation For example providing access to a university education without discrimination of race gender income status or other factors would help to diminish the increasing income differentials currently being experienced in many countries especially in the developing world The research and studies included in this book provide insight into possible actions that can be taken by universities and public and private shareholders in inclusive development social innovation social entrepreneurship and overall regional economic and social development Innovation is currently considered to be the most important and dynamic factor explaining growth and development At the same time the traditional view considering innovation as having to be commercialized at any price is being challenged Lately there has been growing interest in innovation in the public sector particularly with respect to social innovations designed to reduce income inequality To

address these concepts constant exchange of ideas and information between research groups became necessary UniDev Universities in Development the Evolving Role of Academic Institutions in Innovation Systems and Development is an international research group with researchers in twelve countries interested in the role of universities in development This book features the results of research performed by eleven research groups from UniDev country communities presenting in depth and comparative case studies from universities around the world including Latin America Northern and Eastern Europe and sub Saharan Africa This title will be of interest to students academics researchers and policy makers interested in the role of universities in development social innovation and social entrepreneurship *Youth and Higher Education in Africa. The Cases of Cameroon, South Africa, Eritrea and Zimbabwe* Donald P. Chimanikire, 2009 Student activism in Africa at least since the early 1990s has been preoccupied with popular struggles for democracy in both their respective countries and institutions of higher learning The changing socio economic and political conditions in many African countries characterized by the decline in economic growth and the introduction of multi party politics among several other factors have had different impact on students and student political organizations in African universities This book recounts the responses of students to these changes in their attempt to negotiate better living and studying conditions The four case studies contained in the book Cameroon South Africa Zimbabwe and Eritrea clearly reveal the very important aspects of the situation in which African students find themselves in many countries and underscores the need to understand the character and development of higher education on the continent Ministries of Higher Education Vice Chancellors Deans of Students Student Unions and parents will find this book very useful in terms of understanding the tensions that often arise at institutions of higher learning and why solutions seem to be elusive **Access to Success and Social Mobility through Higher Education** Stuart Billingham, 2018-08-23 This collection of essays illuminates the benefits drawbacks challenges and opportunities of the push to widen access to success and social mobility through university and other post secondary education experiences in the UK and internationally **Transnational Education and Curriculum Studies** John Chi-Kin Lee, Noel Gough, 2020-07-28 In recent years there has been increasing attention placed on international and transnational aspects of school and higher education curricula and the different research approaches and lenses through which these issues are studied This edited volume explores diverse perspectives and discourses of curriculum studies contributed by scholars both within and outside the majority world In addition it tackles both transnational cross border endeavours involving national governments and policy measures and the promises challenges and failings of those formal relationships The book consists of three sections The first section provides an introduction and overviews of transnational education in connection with curriculum studies schooling and higher education The second section deals with transnational and international perspectives on curriculum studies schooling and education The final third section highlights transnational and international perspectives on higher education This timely volume tackles the questions often posed by curriculum scholars

and educational researchers around the possibility of a transnational approach to curriculum studies and how and if a common set of means can transcend national boundaries and sensitivities It looks at the common issues and problems across nations that international and transnational curriculum and educational research work could address This volume will appeal to researchers and policy makers interested in transnational education and curriculum studies      **Business Research**

Pieter W. Buys,Merwe Oberholzer,2023-03-14 This book focuses on research methodologies that apply to business research particularly for researchers and managers embarking thereon to support managerial decision making in the industry In doing so the book s objective is to guide business researchers in identifying defining and applying rigorous academic methodologies that will enable them to formulate design and execute effective research that answers their specific management problems Such guidance can empower organizational managers to understand that business research can contribute to practical solutions to actual problems experienced in the industry In addition by emphasizing the integrative nature between 1 academic research and 2 experienced industry problems it becomes possible to foster an awareness of such research s potential impact on organizational performance management sustainability and resilience With that attention is given to narrowing the gap between theory and practice which requires that fundamentals of scientific research be adhered to while maintaining the delicate balance between a practice friendly guide to pragmatically sound and academically rigorous business research      **Quality and Inclusion in Education**

N.V. Varghese,Anjana Mangalagiri,A. Mathew,2023-05-12 This book calls for an equitable and qualitative access to education for all It proposes paradigms of educational governance that are based on coalition building between key stakeholders are grounded in local and cultural contexts sensitive to the language needs of communities It underlines the significance of gender sensitive and inclusive approaches that ensure equity for marginalized children and minorities Based on research based studies the volume focuses on equity quality and learning covering a broad spectrum from school to higher to adult education It discusses the multiple learner deprivations amongst the marginalized communities and the severe impact of events such as pandemics that exacerbate learner inequities and the recent developments in India under the National Education Policy 2020 It also presents research based country experiences in the Asian India Bangladesh China and African Ghana South Africa contexts showing how external influences on the changing priorities in policy perspectives cut across developing countries Compiled in honour of Professor R Govinda this volume of insightful articles will be of interest to students and researchers of educational policy and studies sociology of education equity and human rights It will also be useful for decision makers and think tanks      *Universities, Employability*

*and Human Development* Melanie Walker,Samuel Fongwa,2017-01-20 The book makes a significant contribution to critical higher education studies specifically to graduate employability research and to capabilities and education research The book moves beyond the simplistic conception of alleged gaps in graduate skills and mismatches between employers and universities and instead provides an innovative multi dimensional and intersectional human capabilities conceptualisation of

graduate employability The book challenges an individualised notion of employability instead locating employability issues in social and economic conditions and argues that employability choices cannot be divorced from inequality Qualitative and quantitative data from multiple case study universities in South Africa are used to explore the perceptions and experiences of diverse students lecturers support officers and employers regarding what each university is doing or should be doing to enhance graduate economic opportunities and contribute to inclusive development The book will be highly relevant to students scholars and researchers in the fields of education and sociology particularly those with an interest in graduate employability

**Fees Must Fall** Susan Booysen,2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and it s double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt
