Childhood in Manchester: Frances Eliza Hodgson was born in 1849 at 141 York Street in Cheetham Manchester. She was the third of five children of Edwin Hodgson, an ironmonger from Doncaster in Yorkshire, and his wife Eliza Boond from a well-to-do Manchester family. Hodgson owned a business in Deansgate selling ironmongery and brass goods. The family lived comfortably, employing a maid and a nurse maid. Frances had two older brothers and two younger sisters. In 1852 the family moved about a mile further along York Street to a more spacious home in a newly built terrace opposite St Luke's Church, with greater access to outdoor space. Barely a year later, with his wife pregnant for a fifth time, Hodgson died suddenly of a stroke, leaving the family without an income. Frances was cared for by her grandmother while her mother took over running the family business. From her grandmother, who bought her books, Frances learned to love reading, in particular her first book *The Flower Book*, which had coloured illustrations and poems. Because of their reduced income, Eliza had to give up their family home and moved with her children to live with relatives in Seedley Grove, Tanners Lane, Pendleton, Salford, where they lived in a house with a large enclosed garden in which Frances enjoyed playing. For a year Frances went to a small dame school run by two women where she first saw a book about fairies. When her mother moved the family to Islington Square, Salford, Frances mourned the lack of flowers and gardens. Their new home was located in a gated square of faded gentility adjacent to an area with severe overcrowding and poverty that defied description, according to Friedrich Engels, who lived in Manchester at the time.

A Lady of Quality Frances Hodgson Burnett Frances Burnett,2016-11-14 A Lady of Quality first published in 1896 is one of Frances Hodgson Burnett s novels for adults and treads a completely different path to her famous work The Secret Garden It tells the story of Clorinda Wildairs and is set in the 1600s Her mother dies giving birth to her and her father has no interest in his three daughters He lives a life of debauchery while his youngest daughter picks up some

interesting habits in the stables When he comes across the child and sees her riding his favourite horse he takes a fancy to her For a few years she is the renowned companion of drunkards until she transforms herself to catch a husband One is particularly taken with her but her refusal has reverberations through the years I have to say I struggled with this one The heroine is too changeable She goes from being the companion of a bunch of old men to being the prize debutante to being a perfect wife There are a lot of changes in her character the reader s meant to accept just because she s stunningly beautiful and wondrous and everyone loves her as we are told on numerous occasions Frequently I felt as if I was actually reading a novel The handiwork was evident and it was jarring Two thirds in the book suddenly becomes interesting with an unexpected event that I expected to throw the heroine into turmoil It didn t and her life continued pretty much in the same vein I felt cheated by the ending and more than a little irate at the time I d wasted with Clorinda Far more interesting though was her sister Anne who is meek and mild and knows everything Clorinda does For me Anne is the actual lady of quality and not her beautiful fabulous sister This book suffered from a lack of direction and the ability of the author to immerse herself so much in the heroine at the cost of believability Not a great read by any stretch of the imagination

[The Dawn of a Tomorrow](#) Frances Hodgson Burnett,2008-01-01 Frances Hodgson Burnett 1849 1924 was an English American playwright and author She is best known

for her children's stories *The Secret Garden*, *A Little Princess* and *Little Lord Fauntleroy*. After her father's death in 1854, her family lived in poverty in the Victorian slums of Manchester. After moving to Tennessee, her mother died in 1867, which made Frances the sole support of the younger children. It was at this point that she began to write. The story begins: "There are always two ways of looking at a thing; frequently there are six or seven, but two ways of looking at a London fog are quite enough. When it is thick and yellow in the streets and stings a man's throat and lungs as he breathes, it is an awakening in the early morning, is either an unearthly and gruesome or a mysteriously enclosing, secluding and comfortable thing. If on awakening in a healthy body and with a clear brain, rested by normal sleep and retaining memories of a normally agreeable yesterday, one may lie watching the housemaid building the fire and after she has swept the hearth and put things in order, lie watching the flames of the blazing and crackling wood catch the coals and set them blazing also, and dancing merrily and filling corners with a glow, and in so lying and realizing that leaping light and warmth and a soft bed are good things, one may turn over on one's back, stretching arms and legs luxuriously, drawing deep breaths and smiling at a knowledge of the fog outside which makes half past eight o'clock on a December morning as dark as twelve o'clock on a December night."

The Shuttle Frances Hodgson Burnett, 2022-07-20

Frances Hodgson Burnett's *The Shuttle* is a compelling exploration of cultural contrasts and female agency set against the backdrop of early 20th-century society. This novel, characterized by its richly drawn characters and vivid prose, oscillates between the privileged life in America and the complexities of England's aristocracy. Through the lens of the protagonist, Rosalie Burnett, it delves into themes of identity, resilience, and the power dynamics within marriage, making the text both a critique of societal norms and a celebration of women's independence in a rapidly changing world. Frances Hodgson Burnett, renowned for her classic children's literature such as *The Secret Garden*, drew upon her own experiences as an immigrant and her keen observations of social class disparities throughout her life. Her ability to weave intricate narratives about women seeking autonomy is further amplified in *The Shuttle*, reflecting her lifelong advocacy for women's rights and social reform during a time when such perspectives were often marginalized. Burnett's personal journey undoubtedly informs her portrayal of characters grappling with societal constraints. This novel is highly recommended for readers interested in the interplay between feminism and society as viewed through a historical lens. Burnett's deft storytelling and keen insights make *The Shuttle* not only an engaging read but also a significant commentary on the era's challenges, offering valuable perspectives on the evolution of women's roles that resonate even today.
