Harris,Elizaveta Strakhov,2022-05-03 Centering on the difficult and important subject of medieval rape culture this book brings Middle English and Scots texts into conversation with contemporary discourses on sexual assault and the MeToo movement The book explores the topic in the late medieval lyric genre known as the pastourelle and in related literary works including chivalric romance devotional lyric saints lives and the works of major authors such as Margery Kempe and William Dunbar By engaging issues that are important to feminist activism today the gray areas of sexual consent the enduring myth of false rape allegations and the emancipatory potential of writing about survival this volume demonstrates how the radical terms of the pastourelle might reshape our own thinking about consent agency and survivors speech and help uncover cultural scripts for talking about sexual violence today In addition to embodying the possibilities of medievalist feminist criticism after MeToo Rape Culture and Female Resistance in Late Medieval Literature includes an edition of sixteen Middle English and Middle Scots pastourelles The poems are presented in a critical framework specifically tailored to the undergraduate classroom Along with the editors the contributors to this volume include Lucy M Allen Goss Suzanne M Edwards Mary C Flannery Katharine W Jager Scott David Miller Elizabeth Robertson Courtney E Rydel and Amy N Vines Literary Hybrids Erika E. Houghton,2023-08-24 The Middle Ages have provided rich source material for physical and digital games from Dungeons and Dragons to Assassin s Creed This volume addresses the many ways in which different formats and genre of games represent the period It considers the restrictions placed on these representations by the mechanical and gameplay requirements of the medium and by audience expectations of these products and the period highlighting innovative attempts to overcome these limitations through game design and play Playing the Middle Ages considers a number of important and timely issues within the field including one the connection between medieval games and political nationalistic rhetoric two trends in the presentation of religion warfare and other aspects of medieval society and their connection to modern culture three the problematic representations of race and four the place of gender and sexuality within these games and the broader gaming community The book draws on the experience of a wide ranging and international group of academics across disciplines and from games designers Through this combination of expertise it provides a unique perspective on the representation of the Middle Ages in modern games and drives key discussions in the fields of history and game design Love Cures Laine E. Doggett,2012-04-30 What is love Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal Not so argues Laine Doggett in Love Cures Aspects of love that are expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical practices of the high Middle Ages Love Cures argues that these practitioners as represented in romance have shaped modern notions of love Love Cures seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history anthropology and philosophy Translators and Their Prologues in Medieval England Elizabeth Dearnley,2016 An examination of French to English translation in medieval England through the genre of the prologue The prologue to Layamon s Brut recounts its author s extensive travels wide yond thas leode far and wide across the land to gather the French Latin and English books he used as source material The first Middle English writer to discuss his methods of translating French into English Layamon voices ideas about the creation of a new English tradition by translation that proved very durable This book considers the practice of translation from French into English in medieval England and how the translators themselves viewed their task At its core is a corpus of French to English translations containing translator s prologues written between c 1189 and c 1450 this remarkable body of Middle English literary theory provides a useful map by which to chart the movement from a literary culture rooted in Anglo Norman at the end of the thirteenth century to what in the fifteenth is regarded as an established English tradition Considering earlier Romance and Germanic models of translation wider historical evidence about translation practice the acquisition of French

the possible role of women translators and the manuscript tradition of prologues in addition to offering a broader pan European perspective through an examination of Middle Dutch prologues the book uses translators prologues as a lens through which to view a period of critical growth and development for English as a literary language Elizabeth Dearnley gained her PhD from the University of Cambridge *The Mark of the Beast* Debra Hassig, 2013-10-18 The medieval bestiary was a contribution to didactic religious literature addressing concerns central to all walks of Christian and secular life These essays analyze the bestiary from both literary and art historical perspectives exploring issues including kinship romance sex death and the afterlife *Between Speaking and Silence* Mary M. Reda, 2009-01-28 Why are students silent Using written reflections and interviews Mary M Reda examines students perceptions of speaking and being silent in a first year composition classroom and explores how their teachers classroom relationships and their own sense of identity shape their decisions to speak or be silent By challenging many firmly held beliefs about those quiet students in the back of the classroom *Between Speaking and Silence* offers the new vision that silence is not necessarily problematic *L'Humain et l'Animal dans la France médiévale (XIIe-XVe s.)* Irène Fabry-Tehranchi, Anna Russakoff, 2014-08-01 Ce recueil explore les relations mouvantes entre hommes et animaux aussi bien réels que fantastiques dans la France médiévale dans une perspective interdisciplinaire Les auteurs examinent la façon dont le rapport humain animal a été imaginé fini et remodelé dans la pensée la culture et la production artistique du Moyen Âge La distinction entre l'humain et l'animal fondamentale dans le texte biblique et la philosophie antique a été remise en question au cours du XIIe siècle Ce phénomène ne transparaît dans la terminologie utilisée pour désigner les animaux dans leur représentation dans les arts et la littérature et dans l'évolution de textes fondamentaux comme le *Physiologus* ou les bestiaires Les frontières entre le monde humain et animal fondées sur des critères comme la maîtrise du langage la capacité ou la responsabilité morale ont profondément évolué et ont été remises en cause entre le XIIe et le XVe siècle This is the first volume that explores the changing relationships between humans and animals both real and fantastic in medieval France from a completely interdisciplinary perspective The authors examine the way the human animal rapport was imagined defined and remodeled in thought culture and artistic production The distinction between human and animal fundamental in the Bible and in Ancient philosophy was challenged throughout the course of the 12th century This phenomenon can be traced in changes in the terminology used to designate animals in their representations in the arts and literature and in the reworking of fundamental texts such as the *Physiologus* and the bestiaries The borders between the human and the animal world based on criteria such as linguistic ability the capacity to laugh and even legal responsibility evolved and were fundamentally reconsidered between the 12th and the 15th century Irène Fabry Tehranchi est enseignante en langue et littérature française et médiévale à l'université de Reading Elle est l'auteur de *Texte et images des manuscrits du Merlin et de la Suite Vulgate* XIIIe-XVe s Brepols 2014 Anna Russakoff est enseignante et codirectrice du département d'Histoire de l'Art The American University Paris Elle est codirectrice et contributrice de l'ouvrage
