Simple Solutions Answer Science Grade 5:

Simple Solution Essays Patrick Kenji Takahashi, 2010-09-10 SIMPLE SOLUTIONS for Planet Earth and SIMPLE SOLUTIONS for Humanity cracked the top ten list in Honolulu This third publication crystallizes the essence of these topics linking them with current events and the future of our society Have you wondered why we don't have a national energy policy whether global warming is a hoax how a nation that mostly believes God creating everything in less than 10 001 days became the greatest ever and how we can best attain peace in our lifetime If you do then this is your must read book for the year

Simple Solutions Patrick Kenji Takahashi, 2007-08-30 Simple Solutions For Planet Earth is a scientific book written in a popular style for the average reader You have read about Peak Oil and Global Climate Warming and complained about 4 gallon gasoline but how really serious are these headlines and annoyances The author has worked his entire career on the science technology education administration and politics of these subjects and crystallizes this complex field into understandable elements providing simple solutions for humanity Does it make sense for the renewable energy budget of the Federal Government to be about 1 billion year when o Annual tax incentives and government programs for the oil industry are supposedly in the range between 38 billion and 115 billion although Lester Brown says 210 billion in 2005 o Farm subsidies alone in 2004 cost taxpayers 16 2 billion o Our country spends 12 billion a month or 144 billion year on the Iraq and Afghanistan wars ostensibly to protect oil only to raise prices The author's long experience with the Greenhouse Effect has led him to believe that methane not carbon dioxide could well be the critical gas of concern for there is potential for global warming to cascade into what he terms the Venus Syndrome The closing chapter speculates on a hypothesis regarding mega tsunamis 100 meter waves from landslides While simple solutions are suggested the problem is the inability of our civilization to agree on a workable strategy which is further weakened by the lack of will on part of the general populace Thus the reader is urged to help make that crucial difference Instructions and examples are provided on how to attain Rainbow Vision to carry out this mission for a better Planet Earth The simplest solution is for everyone to join in on the effort

Simple Solutions for Humanity Patrick Kenji Takahashi, 2008-02-29 Book 1 SIMPLE SOLUTIONS for Planet Earth dealt with energy and the environment SIMPLE SOLUTIONS for Humanity provides ultimate answers for our society and beyond Ever wonder if there could ever be a way to end crime and war forever or the prospects for immortality or a better educational system or the reality of extraterrestrial intelligence or the future of religion If all the above can be satisfactorily resolved then just in case there is no afterlife where is the best place to live on Earth today Simple solutions of course are hardly that How to end crime What about three strikes and you're dead Sure this should work but it's not morally rational The solution to war is incredibly simple Just read the book and find out how Scientists are

getting very close to determining a way to disarm our aging gene When will this happen Our educational system is flawed Be prepared to be shocked by the Stanford Marshmallow Study Then find out that our terrible student scores relative to the developed world might not be worth all the anguish The USA will prevail because of our superiority in Could the solution for world peace or curing cancer be streaming in from space The Search for Extraterrestrial Intelligence could someday soon detect what would be the most monumental discovery since the invention of God How can religion overcome the immorality of purporting to promise an afterlife WITHOUT ANY PROOF A Golden Evolution is suggested Are you one of those who largely wasted your life looking out only for yourself family and friends Could there be a higher calling You too can make a positive difference Rainbow Vision is explained to equip you with the tools to help save Planet Earth and Humanity *The Chemical News and Journal of Physical Science* ,1907 **Telegraphic Journal and Monthly Illustrated Review of Electrical Science** ,1922 *Nuclear Science Abstracts* ,1974-03 *Chemical News and Journal of Industrial Science* ,1907 *Annual Report of the Board of Regents of the Smithsonian Institution* Smithsonian Institution,1893 **Science** John Michels (Journalist),1902 **Annual Report of the Board of Regents of the Smithsonian Institution** ,1893
