The Beard English Edition:

Beard Fetish in Early Modern England Mark Albert Johnston, 2016-04-15 Focusing on representations of beards in English Renaissance culture this study elucidates how fetish objects validate ideological systems of power by materializing complex value in multiple registers Providing detailed discussions of not only bearded men but also beardless boys bearded women and half bearded hermaphrodites author Mark Albert Johnston argues that attending closely to early modern English culture s treatment of the beard as a fetish object ultimately exposes the contingency of categories like sex gender age race and sexuality Johnston mines a diverse cross section of contemporary discourses adult and children s drama narrative verse and prose popular ballads epigrams and proverbs historical accounts pamphlet literature diaries letters wills court records and legal documents medical and surgical manuals lectures sermons almanacs and calendars in order to provide proof for his cultural claims Johnston s evidence invokes some of the period s most famous voices William Shakespeare Ben Jonson John Lyly Phillip Stubbes John Marston George Chapman Thomas Dekker Thomas Middleton and Samuel Pepys for example but Johnston also introduces us to an array of lesser known Renaissance authors and playwrights whose works support the notion that the beard was a palimpsestic site of contested meaning at which complex and contradictory values clash and converge Johnston s reading of Marxist Freudian and anthropological theories of the fetish phenomenon acknowledges their divergent emphases erotic economic racial and religious while suggesting that the imbrication of diverse registers that fetish accomplishes facilitates its cultural and psychic naturalizing function

Twain,1979-12-12 This is a small sampling of Mark Twain s life long fulminations against the editors printers and proofreaders who subtly or grossly altered his work and shrouded his intentions as they transmitted his writing from

manuscript to type Through unauthorized changes and inadvertent errors Mark Twain's first publishers brought out texts full of thousands of errors in form and content Later publishers then based their reprints on these corrupt editions and added errors of their own It is the aim of the Iowa California edition to strip away this accretion of error and present texts faithful to the author's intention By comparing all the life time versions of Mark Twain's works the editors are able to isolate the author's revisions from the printer's and publishers changes The record of this comparison supplies not only the evidence for editorial decisions but also the history of the author's efforts to shape his work In addition these volumes included previously uncollected work work that has long been out of print and such unpublished writing as related drafts working notes and marginalia The texts are established at the Center for Textual Studies at the University of Iowa or at the Mark Twain Papers in The Bancroft Library at the University of California Berkeley

A Theological Dictionary ... A New and Greatly Enlarged Edition Charles Buck, Dr. Henderson, 1833

Of Beards and Men Christopher Oldstone-Moore, 2015-12-02

Beards they're all the rage these days Take a look around from hip urbanites to rustic outdoorsmen well groomed metrosexuals to post season hockey players facial hair is everywhere The New York Times traces this hairy trend to Big Apple hipsters circa 2005 and reports that today some New Yorkers pay thousands of dollars for facial hair transplants to disguise patchy juvenile beards And in 2014 blogger Nicki Daniels excoriated bearded hipsters for turning a symbol of manliness and power into a flimsy fashion statement The beard she said has turned into the padded bra of masculinity *Of Beards and Men* makes the case that today's bearded renaissance is part of a centuries long cycle in which facial hairstyles have varied in response to changing ideals of masculinity Christopher Oldstone Moore explains that the clean shaven face has been the default style throughout Western history see Alexander the Great's beardless face for example as the Greek heroic ideal But the primacy of razors has been challenged over the years by four great bearded movements beginning with Hadrian in the second century and stretching to today's bristled resurgence The clean shaven face today Oldstone Moore says has come to signify a virtuous and sociable man whereas the beard marks someone as self reliant and unconventional History then has established specific meanings for facial hair which both inspire and constrain a man's choices in how he presents himself to the world This fascinating and erudite history of facial hair cracks the masculine hair code shedding light on the choices men make as they shape the hair on their faces Oldstone Moore adeptly lays to rest common misperceptions about beards and vividly illustrates the connection between grooming identity culture and masculinity To a surprising degree we find the history of men is written on their faces
