The Best Defense:

THE BEST Lou Water, 2025-02-23 At an early age I developed a fierce love for all sports I attended numerous professional sporting events as a young man and these experiences along with my family inspired me to try to become the best possible athlete in baseball football golf bowling and more *The Best* recounts some experiences I had along my journey towards becoming a D1 NCAA athlete I also recount some dark years in high school and my conversion to belief in Jesus Christ at the beginning of my senior year Some highlights of *The Best* retell my personal encounters with well known athletes like MLB Hall of Fame baseball player Mickey Mantle and PGA Hall of Fame golfer and personal friend Payne Stewart You ll read stories about how I was recruited by major universities and how I met and learned from Hall of Fame coaches and players like Frank Broyles Dick Vermeil John Wooden Barry Switzer and Bill Walton I also fondly recount playing against legendary golfer Payne Stewart and defeating him my senior year in high school I hope you find *The Best* to be humorous and entertaining If you feel something is missing in your life I hope and pray that the contents of this manuscript will make an eternal difference for you

Scorecasting Tobias Moskowitz, L. Jon Wertheim, 2011-01-25 In *Scorecasting* University of Chicago behavioral economist Tobias Moskowitz teams up with veteran *Sports Illustrated* writer L Jon Wertheim to overturn some of the most cherished truisms of sports and reveal the hidden forces that shape how basketball baseball football and hockey games are played won and lost Drawing from Moskowitz s original research as well as studies from fellow economists such as bestselling author Richard Thaler the authors look at the influence home field advantage has on the outcomes of games in all sports and why it exists the surprising truth about the universally accepted axiom that defense wins championships the subtle biases that umpires exhibit in calling balls and strikes in key situations the unintended consequences of referees tendencies in every sport to swallow the whistle and more Among the insights that *Scorecasting* reveals Why Tiger Woods is prone to the same mistake in high pressure putting situations that you and I are Why professional teams routinely overvalue draft picks The myth of momentum or the hot hand in sports and why so many fans coaches and broadcasters fervently subscribe to it Why NFL coaches rarely go for a first down on fourth down situations even when their reluctance to do so reduces their chances of winning In an engaging narrative that takes us from the putting greens of Augusta to the grid iron of a small parochial high school in Arkansas *Scorecasting* will forever change how you view the game whatever your favorite sport might be
