**The Intern Murders** Carl Douglass,2022-12-20 The Intern Murders is a convoluted enigma stymieing the best of the best as they seek out the worst of the worst to find a killer or killers After two interns are killed the motive is simple and the dragnet begins After five murders SCOTUS is in existential danger the obvious original motives are moot and the FBI and the nation s intelligence services feel like fools There is vituperation between and among the blacks and whites the Republicans and Democrats more than a few international players and it looks like war will break out within the hallowed chambers of the Supreme Court Justices There is no end in sight

**No Billionaire Left Behind** Angelique Haugerud,2013-04-17 Growing economic inequality corporate influence in politics an eroding middle class Many Americans leave it to politicians and the media to debate these topics in the public sphere Yet other seemingly ordinary Americans have decided to enter the conversation of wealth in America by donning ball gowns tiaras tuxedos and top hats and taking on the imagined roles of wealthy powerful and completely fictional characters Why In No Billionaire Left Behind Angelique Haugerud who embedded herself within the Billionaires and was granted the name Ivana Itall explores the inner workings of these faux billionaires and mines the depths of democracy s relationship to political humor satire and irony No Billionaire Left Behind is a compelling investigation into how satirical activists tackle two of the most contentious topics in contemporary American political culture the increasingly profound division of wealth in America and the role of big money in electoral politics Anthropologist and author Angelique Haugerud deftly charts the evolution of a group named the Billionaires a prominent network of satirists and activists who make a mockery of wealth in

America along with other satirical groups and figures to puzzle out their impact on politics and public opinion In the spirit of popular programs like The Colbert Report and The Daily Show the Billionaires demonstrate a sophisticated knowledge of economics and public affairs through the lens of satire and humor Through participant observation interviews and archival research Haugerud provides the first ethnographic study of the power and limitations of this evolving form of political organizing in this witty exploration of one group s efforts to raise hope and inspire action in America s current political climate
