Subcommittee on Health, 1974 *Bibliography of Periodical Literature on the Near and Middle East*, 1969 **Social Security Disability Insurance Program** United States. Congress. House. Select Committee on Aging, 1982 **Index Medicus**, 2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings **The Publishers' Trade List Annual**, 1985 Portuguese National Report: "Integration of High Skilled Third Country Nationals in Europe: A New Proposal for Circular Talent Management" Catarina Reis Oliveira, Vera Fonseca, 2012-07-01 From a negative net migration for decades Portugal shifted to an immigration country in the end of the 20th century The first immigration flows were dominated by unqualified workers mainly coming from African Portuguese Speaking countries PALOP that were former colonies There are reports of some highly skilled immigrants that arrived in the 1990s mainly from Brazilian and EU origin The first time that Portugal truly started to face the challenge of receiving immigrants with higher education that were overqualified for the activities they were performing in the labour market was in the beginning of the 21st century with the arrival of Eastern Europeans The Portuguese experience with different immigrant flows in the past three decades highlighted the existence of three different groups of highly skilled immigrants the first of highly qualified immigrants at entrance to Portugal the second composed by immigrants acknowledged as highly skilled after a process of equivalences and or recognition of qualifications or after achieving a higher education in the Portuguese education system and finally a third with potential highly skilled immigrants The characteristics and specific needs of each group lead to challenges in integration policies and in the protection of rights pressuring for the definition of new legislative pieces and the opening of new support services and programmes The report highlights the developments of the past ten years in the policies e g recognition of qualifications action plans for immigrant integration and measures e g support offices to highly qualified immigrants special programmes for the combat of overqualification of immigrants in needing professions such as the health sector defined targeting highly qualified immigrants in Portugal Although Portugal did not yet transpose the EU Blue Card directive since 2007 the Portuguese

Immigration Act has foreseen two special legal titles for highly qualified immigrants entrance Furthermore several bilateral agreements have been defined between Portugal and other countries to either answer to specific needs of the Portuguese labour market e g to bring health professionals or to consolidate friendship and cooperation relations e g arrival of students and professionals for additional training As highlighted in the report the challenges and vulnerabilities that highly qualified immigrants face in Portugal are mainly linked to whether immigrants qualifications are being used or not in the labour market and or being officially recognised or not Hence the integration needs and problems of the highly qualified immigrants in the country are characterised by four possible ideal types of highly skilled immigrants A immigrants that have their equivalences recognised and are using them in the labour market B immigrants that are working in higher education professions although their qualifications were not officially recognised C immigrants that although had their qualifications recognised in Portugal are not using their education in the job they have and D highly qualified immigrants that do not have both the recognition of qualifications and the use of them in the labour market The differences of these four Ideal types raise different opportunities challenges and integration needs for the immigrants As discussed in the report although the legal framework that defines the possibilities of the official recognition process of qualifications and equivalences is very important it is furthermore relevant to analyse how the country is effectively using immigrants skills in the labour market or in contrast is wasting human capital gathered with no costs to the country and or if it attracts highly skilled immigrants The report concludes with a discussion on whether Portugal will be an attractive country to highly qualified immigrants in the future to answer to the demand of certain professional sectors when it is presently facing the emigration of Portuguese professionals that are unemployed due to among other reasons the fragile economic situation of the country

Lobotomy Nation Jesper Vaczy Kragh,2021-10-09 This book tells the story of one of medicine s most in famous treatments the neurosurgical operation commonly known as lobotomy Invented by

Portuguese neurologist Egas Moniz in 1935 lobotomy or psychosurgery became widely used in a number of countries including Denmark where the treatment had a major breakthrough In fact evidence suggests that more lobotomies were performed in Denmark than any other country However the reason behind this unofficial world record has not yet been fully understood Lobotomy Nation traces the history of psychosurgery and its ties to other psychiatric treatments such as malaria fever therapy Cardiazol shock and insulin coma therapy but it also situates lobotomy within a broader context The book argues that the rise and fall of lobotomy is not just a story about psychiatry it is also about society culture and interventions towards vulnerable groups in the 20th century

Identity Theft, Second Edition Debra E. Meyerson, Steve Zuckerman, 2025-09-16 Identity Theft Second Edition is an

award winning book that follows Stanford professor Debra Meyerson's journey to recover from a severe stroke that initially left her physically incapacitated and unable to speak. In addition to providing realistic expectations for the hard work needed to regain everyday capabilities, Meyerson and Zuckerman focus on the less frequently documented emotional journey as she and her family rebuild identity in recovery. Virtually every stroke survivor is haunted by questions like "Who am I now?" and "How do I rebuild a meaningful and rewarding life after losing so much of what they had before?" capabilities, careers, and jobs, relationships, and more. This is a book full of hope for survivors from stroke or other life-changing injuries or illnesses, as well as their care partners, families, and communities. The first edition of *Identity Theft* centers on Debra's experience, her stroke, her extraordinary efforts to recover, and her journey to redefine herself. But she also draws on her skills as a social scientist, sharing stories from several dozen fellow survivors, family members, friends, colleagues, therapists, and doctors she has met and interviewed. By sharing this diversity of experiences, Debra highlights how every stroke is different and every recovery is different. She provides a valuable look at the broad possibilities for successfully navigating the challenging physical recovery and the equally difficult and frequently unspoken emotional journey toward rebuilding one's identity and a rewarding life after a trauma like stroke. This second edition is written by Debra and her husband, Steve Zuckerman. As they have shared in countless talks, just as the original book was headed to the printers, we decided that the finish line had become a new starting line. They co-founded the nonprofit Stroke Onward, where they have been working side by side to build an organization that can catalyze change in the healthcare system to better integrate the emotional journey of rebuilding identity into a lifelong recovery process. This edition draws on five more years of experience as a post-stroke couple and what they've learned from thousands more survivors, family members, and healthcare professionals. They've added new insights about the long-term recovery process and how we can change the stroke system of care to better support all survivors and their families. Their 4,500-mile bike ride called Stroke Across America in 2021 helped raise awareness for Stroke Onward and stroke survivorship care.

Cumulated Index to the Books, 1966 *Sweet Land of Bigamy* Miah Arnold, 2012-06-18

When Helen Motes finds herself on a Utah mountaintop getting married to a besotted young Indian poet, she can't quite figure out how she became a bigamist and she certainly doesn't want to be one. Helen worked hard to create the stable middle-class life; her childhood denied her so sabotaging her first and decidedly still legal marriage wasn't part of her life plan. Yet with her original husband away in Iraq and her new husband ready to agree to everything she ever wanted, deciding which husband to keep proves to be torture. How Helen's life led her to this point and what she plans to do with these two keepers are the driving questions behind Miah Arnold's heartfelt debut about an unlikely bigamist and her circle of family, friends, and husbands. Weaving in multiple continents and unforgettable characters, *The Sweet Land of Bigamy* is a funny and surprisingly touching exploration of what marriage can be.
