York Times An irresistibly readable and humane exploration of the barbarities of class readers are gifted that most precious
of things in these muddled times a clear lens through which to see the world Naomi Klein New York Times bestselling author
of *This Changes Everything* and *The Shock Doctrine* From preminent LGBTQ scholar social critic and journalist Steven W
Thrasher comes a powerful and crucial exploration of one of the most pressing issues of our times how viruses expose the
fault lines of society Having spent a ground breaking career studying the racialization policing and criminalization of HIV Dr
Thrasher has come to understand a deeper truth at the heart of our society that there are vast inequalities in who is able to
survive viruses and that the ways in which viruses spread kill and take their toll are much more dependent on social
structures than they are on biology alone Told through the heart rending stories of friends activists and teachers navigating
the novel coronavirus HIV and other viruses Dr Thrasher brings the reader with him as he delves into the viral underclass
and lays bare its inner workings In the tradition of Isabel Wilkerson's *Caste* and Michelle Alexander's *The New Jim Crow* *The
Viral Underclass* helps us understand the world more deeply by showing the fraught relationship between privilege and
survival *Neoliberalism and Early Childhood Education* Guy Roberts-Holmes,Peter Moss,2021-04-27 Neoliberalism with its
worldview of competition choice and calculation its economisation of everything and its will to govern has sunk its roots deep
into Early Childhood Education and Care This book considers its deeply detrimental impacts upon young children families
settings and the workforce Through an exploration of possibilities for resistance and refusal and reflection on the
significance of the coronavirus pandemic Roberts Holmes and Moss provide hope that neoliberalism's current hegemony can
be successfully contested The book provides a critical introduction to neoliberalism and three closely related and influential
concepts Human Capital theory Public Choice theory and New Public Management as well as an overview of the impact of
neoliberalism on compulsory education in particular through the Global Education Reform Movement With its main focus on
Early Childhood Education and Care this book argues that while neoliberalism is a very powerful force it is deeply
problematic eminently resistible and eventually replaceable and that there are indeed alternatives Neoliberalism and Early
Childhood Education is an insightful supplement to the studies of students and researchers in Early Childhood Education and
Sociology of Education and is also highly relevant to policy makers *Russian Liberalism* Paul Robinson,2023-09-15 Russian
Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of
liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson's comprehensive survey
covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has
always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture

it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West. Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia. By explaining the historical causes of liberalism's failure in that country, *Russian Liberalism* offers an understanding of a significant aspect of contemporary international affairs. After Putin's February 2022 invasion of Ukraine, understanding Russian political thought is a matter of considerable importance. Find Love Paul Brunson, 2024-02-01
