Proving Grounds Edwin A. Martini,2015-05-01 Proving Grounds brings together a wide range of scholars across disciplines and geographical borders to deepen our understanding of the environmental impact that the U S military presence has had at home and abroad The essays in this collection survey the environmental damage caused by weapons testing and military bases to local residents animal populations and landscapes and they examine the military s efforts to close and repurpose bases often as wildlife reserves Together they present a complex and nuanced view that embraces the ironies contradictions and unintended consequences of U S militarism around the world In complicating our understanding of

the American military's worldwide presence the essayists also reveal the rare cases when the military is actually ahead of the curve on environmental regulation compared to the private sector The result is the most comprehensive examination to date of the U S military's environmental footprint for better or worse across the globe Color Language and Color

Categorization Jonathan Brindle,Geda Paulsen,Mari Uusküla,2016-08-17 This volume represents a unique collection of chapters on the way in which color is categorized and named in a number of languages Although color research has been a topic of focus for researchers for decades the contributions here show that many aspects of color language and categorization are as yet unexplored and that current theories and methodologies which investigate color language are still evolving Some core questions addressed here include How is color conceptualized through language What kind of linguistic tools do languages use to describe color Which factors tend to bias color language What methodologies could be used to understand human color categorization and language better How do color vocabularies evolve How does context impact the color cognition The chapters collected here adopt different theoretical and methodological approaches in describing new empirical research on how the concept of color is represented in a variety of different languages Researchers in linguistics psychology and cognitive science present a set of new explorations and challenges in the area of color language The book promotes several methodological and disciplinary dimensions to color studies The color category is given an in depth and broad based examination so a reader interested in color conceptualization for itself will be able to form a solid vision of the subject The Young and Field Literary Readers Walter Taylor Field,Ella Flagg Young,1916-01-01

Once upon a time there was a little princess Her name was Ellen She lived with her mother the queen in a great house by the sea She had three brothers One day as they were playing ball one of her brothers threw the ball over the house Ellen ran to get it but she did not come back The three brothers looked for her They looked and looked but they could not find her Day after day went by At last the oldest brother went to a wise man and asked what to do The princess is with the elves She is in the Dark Tower said the wise man Where is the Dark Tower asked the oldest brother It is far away said the wise man You cannot find it I can and I will find it Tell me where it is said the oldest brother The wise man told him and the oldest brother set off at once The other brothers waited They waited long but the oldest brother did not come back Then the next brother went to the wise man The wise man told him as he had told the oldest brother Then the next brother set out to find the Dark Tower The youngest brother waited He waited long but no one came Now the youngest brother was called Childe Rowland *The Young and Field Literary Readers, Book 2* Walter Field,Ella Young,2021-12-02 *Federal Energy Regulatory Commission Reports*
