the American historical landscape Even as old books embodied a receding past historical reprints reflected the antebellum period s most pressing ideological crises from religious schisms to sectionalism to territorial expansion Organized around four colonial regional cultures that loomed large in nineteenth century literary history Puritan New England Cavalier Virginia Quaker Pennsylvania and the Spanish Caribbean Colonial Revivals examines the reprinted works that enshrined these historical narratives in American archives and minds for decades to come Revived through reprinting the obscure texts of colonial history became new again deployed as harbingers models reminders and warnings to a nineteenth century readership increasingly fixated on the uncertain future of the nation and its material past A Book About Books, Volume III of III E.
