humanism that originates in the twelfth century and indeed points forward to celebrations of nature and natural capacity in later periods By contextualizing Langland's poetics of kynde within contemporary literary philosophical legal and theological discourses Rebecca Davis offers a new literary history for *Piers Plowman* that opens up many of the poem's most perplexing interpretative problems **Monthly Bulletin** St. Louis Public Library, 1906 **The Wonder Garden - Nature Myths and Tales From all the World Over for Story-Telling and Reading Aloud and for the Children's Own Reading** Frances Jenkins Olcott, 2013-04-16 This Wonder Book written by Frances Jenkins Olcott is a collection of over 150 nature myths and tales from all parts of the world illustrated by Milo Winter It's 500 pages provide a vast array of tales including tales of flowers fairies dragons talking birds magic waters and enchanted forests that children can revel and delight in Winter 1888 1956 was best loved for his animal drawings and was among the artists working in the later stages of the Golden Age His work can be identified from its masterful accuracy humorous touches personality and attention to detail Winter produced artwork for such well known tales as Aesop's Fables Arabian Nights Alice in Wonderland and Gulliver's Tales Presented alongside the text his illustrations further refine and elucidate Olcott's captivating storytelling A bit of the Sky fell down one day It touched a Star and glanced away A spark from the Star in its breast it bore And fell to the earth and was no more Up sprang from the grass a tiny flower That brightly grew neath sun and shower The bit of the Sky in its petals blue The spark from the Star in its bodom too The Star gazed down at its happy lot And whispered Dear forget me not **Journal of the New York State Teachers' Association** ,1914 **The American Educational Catalogue** ,1919 *The Faerie Queene as Children's Literature* Velma Bourgeois Richmond, 2016-07-13 Edmund Spenser's vast epic poem *The Faerie Queene* is the most challenging masterpiece in early modern literature and is praised as the work most representative of the Elizabethan age In it he fused traditions of medieval romance and classical epic his religious and political allegory creating a Protestant alternative to the Catholic romances rejected by humanists and Puritans The poem was later made over as children's literature retold in lavish volumes and schoolbooks and appreciated in pedagogical studies and literary histories Distinguished writers for children simplified the stories and noted artists illustrated them Children were less encouraged to consider the allegory than to be inspired to the moral virtues This book studies *The Faerie Queene's* many adaptations for a young audience in order to provide a richer understanding of both the original and adapted texts [The Book of Nature Myths for Children](#) Florence Holbrook, 1997 A collection of stories from around the world that are meant to explain such things as Why the cat always falls upon her feet How fire was brought to the Indians and Why there is a hare in the moon **The Journal of the New York State Teachers' Association** ,1914 **Journal of Education** ,1904 **The School Journal** ,1907 **The Nebraska Teacher** ,1902 [Dictionary of Nature Myths](#) Tamra Andrews, 2000 Comprehensive and cross referenced this informative volume is a rich introduction to the world of nature as experienced by ancient peoples around the globe 51 halftones **The Journal of Education** ,1906
