Invading the Realm of Demons, Disease, and Death Carl E. Roemer, 2024-01-29 This study of the miracles attributed to Jesus in the Gospels begins with a survey of the sciences because in our present cultural context materialism is the dominant approach to and understanding of our world of history and of our very selves If the materialist's understanding is true then there is no such thing as miracles because every event must occur as the result of some previous material events Contemporary biblical scholarship mostly approaches the miracle stories from a materialist point of view It questions their historicity because they violate what has now become the entrenched modus operandi in our culture and society operating with the idea that the universe is a closed nexus of cause and effect The miracles are understood then as products of the community and not historical reports although according to this line of scholarship they may be based on some vague recollection of Jesus's activity that somehow had healing effects Modern science however as one scientist has put it in climbing the mountain of knowledge has reached its peak and found a theologian at the top The sciences in other words have led to the implication that our universe has a creator and that the universe and the human genome have been designed

A Drop Of Haunted Blood Rory North, 2025-07-15 Felix Carver carries the ghosts of magicians in his blood He can communicate with them and use the magical abilities they wielded against monsters when they were alive This newfound power would be pretty cool if the ghosts in question weren't his family and the man who killed them An organization of magicians called the Bright Guardians take Felix in hoping they can train him to fight monsters and control the ghosts he's bound Felix barely understands the magical world his family kept secret from him but he does make friends with other odd cases at the Bright Academy Arisa Tamura struggles with her ability to animate objects while under the influence of a curse while Mason Briggs is a witch who was transformed into a demon as a last resort to save his life Together the three of them realize that enemies are hiding among the Guardians They have no idea who they can trust but they do know who they can't

Ernest Abernathy who stole a powerful wand from Mason's parents Felix Mason and Arisa must construct a plan to steal back the wand without help. If their plan fails, Ernest could turn the Guardians against them. If they succeed, they'll have one more weapon in the fight against a looming enemy. *The Rise of the Kingdom of Heaven, Volume 1 (Paperback)* Gerhard Alm, 2008-10-25. Living in a Hippie Community in the Australian rainforest, I in January 1992 started to write about my visions and spiritual experiences. I described ten places in our heads as homes of the human spirit. There are many publicly known people who are involved in the move of the Earth to a higher dimension in 2013. More than 200,000 people live on Earth and at the same time on a parallel world which is a home for immortal people. The evangelist John spoke with a Cross of Light. I believe that a new Cross of Light will appear on Earth soon. In July 1979, I met the devil and his wife on the inner German border. I name some people who have been the devil of previous Earth-like planets in older universes. Alex Collier wrote in '95 that since my 40th birthday on 3-23-1994, vibrations leave all black holes of our local universe, changing its nature, lifting all planets into higher dimensions. I believe these frequencies come from the Immortals living on Earth now, including me.

Gaṇeśapurāṇa Greg Bailey, 1995. This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book, the reader is given many narratives about Ganesha's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesha's birth and family, as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner. **Blood Reaper and The Guardians** Arasely Zaragoza Hall, 2024-03-16. It is now universally accepted that we are experiencing a profound mental health epidemic, and too often Christians have struggled to know how to respond. The need for the church to take mental health issues more seriously is urgent, and this is perhaps especially true when it comes to understanding depression. Offering a theological and biblical account of depression, this book considers how depression has been understood and interpreted by Christians and how plausible and pastorally helpful these understandings are. It offers an important and well-informed resource for those with or preparing for positions of pastoral responsibility within the Christian Church. With a foreword by John Swinton.
