## **The Brothers Reno:**

**The Brothers Reno** Jesse Lee Vint, 2014-12-17 Before the term outlaw even existed four daring desperados were defining it pulling off incredible train heists and robberies that would forever become the source material for Wild West history Their skill and cunning inspired the creation of the James Younger Gang the Dalton Gang even Butch Cassidy and the Sundance Kid But the Reno brothers were all real And when they began tearing a path through America's heartland with a string of bank and train robberies so intricate and perfectly orchestrated that nobody could solve them it wasn't long before world famous detective Allen Pinkerton was put on the case Now lured into a revealing interview by a beautiful young woman Pinkerton shares the story of the shrewdest and most intelligent outlaws that he had ever pursued quite the accomplishment when his agency was famous for pursuing them all Penned by accomplished Western actor Jesse Lee Vint **The Brothers Reno** is an engaging work of historical fiction inspired by the true stories of some of the most courageous and cunning cowboys of the American West Serving as a candid portrait of the post Civil War era Reno strikes a perfect balance of humor heart and history for a fast paced and entertaining read from beginning to end **The Notorious Reno Gang** Rachel

Dickinson, 2017-05-01 The true story of the world's first robbery of a moving train and the real origins of the Wild West They were the first outlaws to rob a moving train But from 1864 to 1868 the Reno brothers and their gang of counterfeiters robbers burglars and safecrackers also held the town of Seymour Indiana hostage making a large hotel near the train station their headquarters When the gang robbed the Adams Express car of the Ohio Mississippi Railroad on the outskirts of Seymour on October 6 1866 it shocked the world and made other burgeoning outlaws like Jesse James sit up and take notice The extraordinary and extra legal efforts to take them out defined the term frontier justice From the first report of the robbery Allan Pinkerton's operatives were on the scene followed by kidnappings lynchings and an extradition from Canada to Indiana that caused an international incident In the end ten members of the Reno Gang were hanged including three of the Reno brothers And no one was ever charged with the murders **The Notorious Reno Gang** tells the complete story for the first time revealing how these gangsters Pinkerton's National Detective Agency and the little city of Seymour ushered in the Wild West **Reno's Heyday** David Lowndes, 2016-11-28 For 60 years starting in 1931 Reno was unarguably the place where

things not possible elsewhere were its hallmarks gambling divorce and uncomplicated weddings Old promotional campaigns described two Renos one for gambling and entertainment and one for outdoor activities For locals there were two other Renos One was a beautiful city on a mountain river between towering peaks It was a community of local businesses where people knew each other and were proud of its university The other Reno was the city of casinos and top name entertainment that attracted visitors For most of those 60 years the visitors Reno increasingly crowded out the residents Reno But with the decline of the divorce and gambling businesses and the coming of new high tech industries to Reno's economy Reno's heyday may be just gearing up for a second wind *Querp Modern - the Wild West* Jamie Wallis, 2010-10-27 Welcome to Modern

The Genesis of Reno Jack Harpster,2016-09-13 Over 157 years ago before there was a Reno Nevada before there was a state of Nevada and even before there was a Nevada Territory there was a bridge over the Truckee River at a narrow deeply rutted cattle and wagon trail that would one day become Virginia Street There was also a small rustic inn and tavern occupying a plot of ground at the southern end of the log and timber bridge catering to thirsty cowboys drovers and miners The inn and the bridge were the first two structures in what would one day be a bustling metropolitan area and to this day they still form the nucleus of the city The Genesis of Reno traces their history up to the present day The 111 year old concrete bridge that was replaced in 2016 by a magnificent new structure was honored for its longevity and unique character with placement on the National Register of Historic Places in 1980

The fascinating story of the most notorious detective agency in US history. Between 1865 and 1937 Pinkerton's National Detective Agency was at the center of countless conflicts between capital and labor, bandits and

railroads and strikers and state power Some believed that the detectives were protecting society from dangerous criminal conspiracies others thought that armed Pinkertons were capital s tool to crush worker dissent Yet the image of the Pinkerton detective also inspired romantic and sensationalist novels reflected shifting ideals of Victorian manhood and embodied a particular kind of rough frontier justice *Inventing the Pinkertons* examines the evolution of the agency as a pivotal institution in the cultural history of American monopoly capitalism Historian S Paul O Hara intertwines political social and cultural history to reveal how Scottish born founder Allan Pinkerton insinuated his way to power and influence as a purveyor of valuable and often wildly wrong intelligence in the Union cause During Reconstruction Pinkerton turned his agents into icons of law and order in the Wild West Finally he transformed his firm into a for rent private army in the war of industry against labor Having begun life as peddlers of information and guardians of mail bags the Pinkertons became armed mercenaries protecting scabs and corporate property from angry strikers O Hara argues that American capitalists used the Pinkertons to enforce new structures of economic and political order Yet the infamy of the Pinkerton agent also gave critics and working communities a villain against which to frame their resistance to the new industrial order Ultimately *Inventing the Pinkertons* is a gripping look at how the histories of American capitalism industrial folklore and the nation state converged
