The Bucket List:

The Bucket List Journal Ben Nemtin, 2021-07-16 This journal is a safe place for your dreams to live This is where you can track your dreams and update them as you evolve over time This journal is designed to help you overcome the greatest barriers that will stop you from achieving your goals The following pages will help you take tangible steps towards your goals and help you achieve them The problem is that our personal goals often take the back burner in our busy lives They are the first things to fall through the cracks of our packed schedules and most of us continue to push our personal goals until it's too late When we reach our final days we regret the things we didn't do not the things we did When researchers from Cornell asked thousands of people on their deathbed to name the biggest regret in their entire life 76% of participants had the same answer Not fulfilling my ideal self This statistic not only broke my heart but it was a turning point in my life My mission became to not only ensure that I didn't end up in that 76% but to also help as many people as I could to not end up there either It's wild to think that over three quarters of the population will reach the end of their life and think Damn I wish I'd had the courage to live a life true to myself Not the life that others expected of me The goal of The Bucket List Journal is simple ensure that you do not reach your deathbed regretting the things you did not do My bucket list transformed my life It changed the realities of my friends and my family and I believe it has the power to change your life too [The Bucket List](#)

The BUCKET LIST ALBUM for Everyone! Lester Pierce, 2021-08-22 Previously published as the bucket list album for everyone by Bucket List Albums Why I created this album I met a sixty five year old man one time in the hospital He had a rare form of cancer that spread to his spinal cord causing him to become quadriplegic He cried in front of me and threw his fist on his bed telling me he had worked his whole life for a boss he hated He was going to retire at the age of sixty and start relaxing but his boss insisted to keep on working So he did The only memories he had was of him working and working and working Not a single moment in his life that he enjoyed It was heartbreaking Because it reminded me of my

own disease a severe mental disorder that is sometimes accompanied by memory loss That man taught me a very important lesson Make good memories and document them and I hope I can spread that lesson to everyone with my albums How to use this album On the top of every left page of this album is a bucket list idea activity Underneath that idea is a square What I want from you is to do that idea activity Take a picture of you doing it you have to be in the picture because it makes it so much more meaningful there will be some activities that don't require it Once you've printed a copy of that picture paste it on that square in any way you want may it be tilted or even upside down Just be sure you can actually see the picture On the right page after the one where you glued your picture is a lined area where you can journal about the activity There are eighty bucket list ideas activities for you to do and after that you can add twenty of your own When you have aged and become wiser may it be far into the future I want you to take this book and go through it page by page watch every picture you've taken and read every word you've written Have fun Get your copy now and start making awesome memories **Wise**

Woman Collection-The No-Regrets Bucket List Marion Elizabeth Witte,2013-02-01 Who Do You Want to Be Before You Die When you mention a bucket list many people think about the movie of the same name starring Morgan Freeman and Jack Nicholson The characters they play are critically ill and as such they create a to do list of things to accomplish before they kick the bucket The idea depicted in the film generated an interest in the public in preparing their own personal bucket list including on them such items as activities to engage in or things to acquire during one's lifetime The No Regrets Bucket List suggests there is also a need to create a bucket list for living one that establishes the criteria for who we want to be during our lifetime and how we can live a more authentic and purpose driven life This tool can aid the preparer in creating a more meaningful life as opposed to winding up with regrets for the life they actually lived This book provides a sampling of bucket list ideas and it encourages the reader to develop their personal list Whether one chooses to create a bucket list or not the book is filled with common sense realistic and inspirational ideas for living a meaningful life *Check! Reboot! Phil Burgess, 2011-08 About Reboot Reboot to work retirement is a disease It s better to wear out than rust out That is the message of Reboot While American culture glamorizes the Golden Years of endless leisure and amusement Phil Burgess rejects retirement as he makes the case for returning to work in the post career years a time he calls later life Based on solid research from the social and medical sciences the author says It is better to die with your boots on fully engaged in helping others and repairing the world Reboot is partly autobiographical Indeed the author is working well into his own post career years following two failed retirements He is also convincing in his eye opening historically rooted and hope filled arguments for engaging in life long work that is productive and satisfying Reboot identifies five different types of work in kind volunteer Samaritan enrichment and paid work Booters who incorporate one or more of these types of work into their post career lifestyle will according to Burgess live longer live better and die faster avoiding boredom aimless busy ness diminished self worth and the anguish and cost of lingering death With America s 78 million boomers turning 65 at the rate of 10 000 a day for the next 18 years Reboot provides a timely and provocative alternative to the conventional idea of retirement With the promises of Social Security and Medicare about to be broken Reboot provides an upbeat and constructive way to deal with new financial realities For men and women navigating life s transitions striving to finish well Reboot provides a roadmap for living a life of meaning challenging the reader to be a booter not a retiree Burgess boldly asserts that retirement is a deadly disease and that work after a life of work is the best option for post career years that are meaningful productive healthy and satisfying See www.BooterNation.com Excerpts On retirement Not all ideas are good ideas Some are bad ideas Retirement is one of those bad ideas it makes no sense Retirement is not natural It is not historic It is not healthy It is not for most people fulfilling For many retirement is a widow maker On the value of work The social engagement and satisfaction that come from working in later life are keys to successful aging There is much work to do in this world where we are but temporary inhabitants We should find it and do it at least for as long as we re able In many

ways our life depends on it On work and money Work is not only about money Even if you don t need the money and your financial situation is stable and comfortable returning to work in your post career life is the smart thing to do at least until sidelined by frailty or disability It s smart because good health and satisfaction in later life are most likely to come from working On different types of work For most of us post career work will be tailored work work customized to reflect our needs our deepest desires and the highest and best use of our gifts especially time talent and treasure Work tailored to our gifts will be productive and satisfying All Things New John Eldredge,2017-09-26 New York Times bestselling author John Eldredge offers readers a breathtaking look into God s promise for a new heaven and a new earth This revolutionary book about our future is based on the simple idea that according to the Bible heaven is not our eternal home the New Earth is As Jesus says in the gospel of Matthew the next chapter of our story begins with the renewal of all things by which he means the earth we love in all its beauty our own selves and the things that make for a rich life music art food laughter and all that we hold dear Everything shall be renewed when the world is made new More than anything else how you envision your future shapes your current experience If you knew that God was going to restore your life and everything you love any day if you believed a great and glorious goodness was coming to you not in a vague heaven but right here on this earth you would have a hope to see you through anything an anchor for your soul an unbreakable spiritual lifeline reaching past all appearances right to the very presence of God Hebrews 6 19 Most Christians most people for that matter fail to look forward to their future because their view of heaven is vague religious and frankly boring Hope begins when we understand that for the believer nothing is lost Heaven is not a life in the clouds it is not endless harp strumming or worship singing Rather the life we long for the paradise Adam and Eve knew is precisely the life that is coming to us And that life is coming soon
