The Protection of Geographical Indications in China Xinzhe Song, 2021-11-23 For some time now there has been conflict concerning the role in the global marketplace of certain agricultural or handcrafted products of specific geographical origin whether they should come under trademark law as favoured by common law countries such as the United States or under the geographical indications GI system developed in France and subsequently promoted by the European Union EU At this moment China is in the eye of the storm Taking fully into account the legislative and judicial gaps in China s compromised embrace of the GI concept this book shows how the Chinese case brings to prominence fundamental issues relating to the functional dissimilarity between trademarks and GIs the treatment of the terroir concept the role of GIs in rural development and the challenges of adopting the French and European model in other countries especially in East Asia Providing detailed information on how GIs are registered protected and managed in China France and the EU the book includes such practical analysis as the following comparison between the Chinese and European GI systems to highlight differences in essential elements for GI registration and protection mistakes and errors arising from forcing the GI function into trademark law the increasingly larger scope of EU GI protection protection of collective marks containing GIs and the extension of GI protection to handicrafts who is responsible for the protection of each registered name and who can sue for infringement and legislative options for future GI protection in China Recognizing not only that GIs protect consumers against fraud and producers against unfair competition but also that the goals include the preservation of rural development cultural heritage and traditional knowledge as well as environmental and ecological protection this book provides a comprehensive reference on legal tools available for policymakers legal practitioners researchers and local producers concerned with GI or trademark issues in China France or the EU It will prove greatly helpful to corporate lawyers filing international registration applications and taking legal action It will also be of inestimable value to officials in a variety of countries that are considering developing or improving systems to enhance the value of terroir products and to academics interested in intellectual property law trademark law agriculture policy GI legislation or World Trade Organization WTO rules

Bibliography of Agriculture with Subject Index ,1950 **Dilemmas of a Trading Nation** Mireya Solis, 2017-08-01 The balancing of competing interests and goals will have momentous consequences for Japan and the United States in their quest for economic growth social harmony and international clout Japan and the United States face difficult choices in charting their paths ahead as trading nations Tokyo has long aimed for greater decisiveness which would allow it to move away from a fragmented policymaking system favoring the status quo in order to enable meaningful internal reforms and acquire a larger voice in trade negotiations And Washington confronts an uphill battle in rebuilding a fraying domestic consensus in favor of internationalism essential to sustain its leadership role as a champion of free trade In *Dilemmas of a Trading Nation* Mireya Sol s describes how accomplishing these tasks will require the skillful navigation of vexing tradeoffs that emerge from

pursuing desirable but to some extent contradictory goals economic competitiveness social legitimacy and political viability Trade policy has catapulted front and center to the national conversations taking place in each country about their desired future direction economic renewal a relaunched social compact and projected international influence Dilemmas of a Trading Nation underscores the global consequences of these defining trade dilemmas for Japan and the United States decisiveness reform internationalism At stake is the ability of these leading economies to upgrade international economic rules and create incentives for emerging economies to converge toward these higher standards At play is the reaffirmation of a rules based international order that has been a source of postwar stability the deepening of a bilateral alliance at the core of America's diplomacy in Asia and the ability to reassure friends and rivals of the staying power of the United States In the execution of trade policy today we are witnessing an international leadership test dominated by domestic governance dilemmas

Shared Governance for Sustainable Working Landscapes Timothy M. Gieseke, 2016-08-05 Sustaining our agricultural landscapes is no longer just a technical scientific or even political problem but it has evolved into a socially complex so called wicked problem of conflicting social governance and economics This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse and the transactions costs remain high and multiple Using Uber like business platform technology and a shared governance model a symbiotic demand for environmental benefits is created Enabling multi sector transactions for environmental benefits this platform innovation would remedy the tragedy of the commons the economic nemesis to achieving landscape sustainability In a nutshell to sustain our agricultural landscapes a transdisciplinary approach supported by a shared governance model housed within a multi sided platform is needed This book introduces an assessment framework identifying governance actors styles and ratios for socio ecological systems The assessment uses a new governance compass to identify the types of actors completing which tasks and identifies the styles of governance used to complete the tasks It is aimed to anyone involved in sustainability science agricultural policy planning or integrated landscape design
