Topics On Civic Education For Ss3 And For Ssceand:

Civic Education Richard G. Niemi, Jane Junn, 2005-05-11 Sound democratic decisions rely on a citizenry with at least a partial mastery of the rules and workings of democratic government American high schools where students learn the basics of citizenship thus ought to play a critical role in the success of democracy Yet studies examining the impact of high school government and civics courses on political knowledge over the past quarter century have generally shown that these courses have little or no effect In this important book Richard G Niemi and Jane Junn take a fresh look at what America s high school seniors know about government and politics and how they learn it The authors argue convincingly that secondary school civics courses do indeed enhance students civic knowledge This book is based on the most extensive assessment to date of civic knowledge among American youth the 1988 National Assessment of Education Progress NAEP Civics Assessment The authors develop and test a theoretical model to explain the cognitive process by which students learn about politics and they conclude by suggesting specific changes in the style and emphasis of civics teaching

No Reluctant Citizens Jeremiah Clabough, Timothy Lintner, 2018-06-01 American democracy is at a critical crossroads Rancor division and suspicion are the unfortunate byproducts of the contentious 2016 presidential election The election also bred a measure of civic uncertainty where citizens of all ages struggle to find and define their roles within a functioning democracy No Reluctant Citizens Teaching Civics in K 12 Classrooms is designed to help social studies teachers reinforce the centrality of civic education through a series of hands on participatory and empowering activities From civic literacy to human rights from service learning to controversial issues No Reluctant Citizens Teaching Civics in K 12 Classrooms explores an array of topics that ultimately provides K 12 students the conceptual and practical tools to become civically engaged

The Civic Education of American Youth Policy Research Project on Civic Education Policies and Practices, Kenneth W. Tolo, 1999 Civic education plays an essential role in strengthening the democratic society preparing informed citizens and promoting their participation in the civic life of their communities This project explores state K 12 civic education policies and related requirements nationwide as well as factors that shape K 12 civic education policies and practices in school districts and schools The first two chapters of this report provide the national and state contexts for content standards in core subject areas including civics review state constitutional provisions and statutes that promote civic education and examine how social studies standards assessment teacher certification and other state policies build on these provisions and statutes Recognizing the centrality of state standards chapters 3 through 5 examine the extent to which the civics content in state standards promotes civic dispositions civic intellectual skills and civic knowledge respectively Chapters 6 through 11 examine several influences on civic education at the district level standards instructional materials assessment professional development extracurricular and co curricular activities and individuals organizations and funding Chapter 12 provides recommendations for developing sustainable state and school district civics commitments that ensure systematic attention to civic education in grades K 12

Key findings from the project report are included as are extensive chapter notes and 47 tables of data Seven appendices contain additional information BT

Civic Education for Diverse Citizens in Global Times Beth C. Rubin, James M. Giarelli, 2013-10-11 This book explores four interrelated themes rethinking civic education in light of the diversity of U S society re examining these notions in an increasingly interconnected global context re considering the ways that civic education is researched and practiced and taking stock of where we are currently through use of an historical understanding of civic education There is a gap between theory and practice in social studies education while social studies researchers call for teachers to nurture skills of analysis decision making and participatory citizenship students in social studies classrooms are often found participating in passive tasks e g quiz and test taking worksheet completion listening to lectures rather than engaging critically with the curriculum Civic Education for Diverse Citizens in Global Times directed at students researchers and practitioners of social studies education seeks to engage this divide by offering a collection of work that puts practice at the center of research and theory

Serriere,2015 As former elementary school teachers the authors focus on what is possible in schools rather than a romantic vision of what schools could be Based on a 5 year study of an elementary school this book shows how civic engagement can be purposive and critical a way to encourage young people to examine their environment to notice and question injustices and to take action to make a difference in their communities and school Focusing on the intersection of student voice and critical inquiry the book describes how to embed civic engagement into curriculum school decision making processes and whole school activities Chapters provide an overview of what research has demonstrated about civic engagement at the classroom school and community levels including detailed descriptions of activities and lessons for practice Classroom teachers school principals community members and teacher educators can use this resource to foster a deeper richer understanding of what is entailed in civic life Book Features A vivid portrait of a typical public school that wants to do more than teach to the test An examination of the conditions that enable young people to participate in democratic practices including identifying and questioning injustices Concrete examples of student voice and critical inquiry in classroom contexts Practices and activities that encourage children to get along with others exchange perspectives and work across differences Offers a suggestive range of evidence that high quality civic engagement initiatives can enhance students academic social and emotional engagement It reveals the nitty gritty of how experienced teachers can enable children who are immersed in meaningful civic work also to engage more deeply with mathematical problem solving peer collaboration literacy and social studies learning and development of empathy and mutual trust From the Foreword by Meira Levinson Mitra and Serriere

show us not only that elementary aged children are capable of civic engagement but how such engagement can be nurtured in the classroom Children can be active civic participants this book demonstrates both the power of this idea and how we might accomplish this essential task Beth C Rubin Rutgers University *Best Practices in Civic Education* Amy K. Syvertsen, 2008-07 The power of civic education to elicit positive student outcomes has been documented However the field is only now beginning to understand the causal processes that bring about these positive changes in young people The Civic Mission of Schools lays out 6 promising approaches to CE which emphasize the need for instruction that is relevant to young people provides opportunities for practice and moves beyond rote learning praxis These approaches to CE yield positive lasting outcomes in students The goal of this project is to examine the association between activities regularly used in CE courses e g staging a mock election and their impact on key student outcomes This will provide evidence supporting best practices in CE Illus *Making Better Citizens* Civic Education Foundation, Cambridge, Mass, 1952 *Citizenship* Diana L. Reische, American Association of School Administrators, 1987 The central question of this book is how can schools that are already overloaded with assignments from society find the time and techniques to produce effective citizens Six chapters examine this problem Chapter 1 documents the need for civic education and the problems related to providing an effective civic education Chapter 2 explores the many different interpretations of citizenship education and determines that it stems from all educational experiences A discussion of the different content areas and approaches associated with citizenship education is presented in chapter 3 State mandates and the place of citizenship education in the elementary junior high and high school curricula are outlined in chapter 4 Methods of providing hands on experience to students through youth participation programs are outlined in chapter 5 The concluding chapter discusses ways to use the bicentennial celebration to revitalize citizenship education A five page list of references is provided and the book concludes with 21 recommendations for strengthening civic education SM **The Teaching of Community Civics** National Education Association of the United States. learning communities where students and educators are transforming themselves and society Local Civics with National Purpose J. Spencer Clark, 2021 This book examines the development of civic education in the United States through the lives of two teachers at Shortridge High School SHS in Indianapolis around 1900 After situating civic education at the turn of the century the book describes the career of Laura Donnan her influences teaching extracurriculars and civic life through the lens of her unique epistemology shaped by negotiating the gendered ideologies of her era Then the book re-examines Arthur W Dunn's career focusing on his ten years at SHS and the influence of Donnan on his popular community civics curriculum and subsequently the 1916 report *The Social Studies in Secondary Education* Previous scholars have overlooked Dunn's time at SHS viewing it simply as a stepping stone for the progressive educator's career This book argues that Dunn's time at SHS was pivotal to his career due to influential colleagues primarily Donnan To conclude Clark discusses the implications of Donnan's epistemology in shaping civic education in the United States Civic Learning for Alienated, Disaffected and Disadvantaged Students Xiaoxue Kuang, Jinxin Zhu, Kerry J. Kennedy, 2023-09 In their journeys to engaged citizenship civic education is a right for all students helping them to become active and informed However for some students there are barriers to engagement It is these barriers that are dealt with in this book Civic education is a key component of the school curriculum irrespective of country and political system Ensuring that young people understand the political and social contexts of their country and indeed their planet is a key requirement in a rapidly changing and unpredictable world Providing access to civic learning therefore is a priority for schools and the societies in which they are embedded Yet for some students barriers exist which prevent a deep understanding of the requirements for full participation and engagement These students are neglected not only in schools but in research as well This book seeks to fill that gap by shining a light on the multiple disadvantages that many students suffer in seeking to exercise their rights as active and informed citizens The chapters in this book were originally published as a special issue of *Educational Psychology* *Promising Practices in Civic Education* Donald Wittmer Robinson, 1967
