Torture And Brutality In Medieval Literature Negotiations Of National Identity:

Torture and Brutality in Medieval Literature Larissa Tracy, 2015 A new look at the way in which medieval European literature depicts torture and brutality The narrative grotesque in medieval Scottish poetry Caitlin Flynn, 2022-04-05 The Narrative Grotesque examines late medieval narratology in two Older Scots poems Gavin Douglas's *The Palyce of Honour* c 1501 and William Dunbar's *The Tretis of the Tua Mariit Wemen and the Wedo* c 1507 The narrative grotesque is exemplified in these poems which fracture narratological boundaries by fusing disparate poetic forms and creating hybrid subjectivities Consequently these poems interrogate conventional boundaries in poetic making The narrative grotesque is applied as a framework to elucidate these chimeric texts and to understand newly late medieval engagement with poetics and narratology

Literature and class Andrew Hadfield, 2021-08-24 This book explores the intimate relationship between literature and class in England and later Britain from the Peasants Revolt at the end of the fourteenth century to the impact of the French Revolution at the end of the eighteenth century and beginning of the nineteenth The book argues throughout that class cannot be seen as a modern phenomenon that occurred after the Industrial revolution but that class divisions and relations have always structured societies and that it makes sense to assume a historical continuity The book explores a number of themes relating to class class consciousness class conflict commercialisation servitude rebellion gender relations and colonisation After outlining the history of class relations five chapters explore the ways in which social class consciously and unconsciously influenced a series of writers Chaucer Shakespeare Behn Rochester Defoe Dickens Richardson Burney Blake and Wordsworth Castration and Culture in the Middle Ages Larissa Tracy, 2013 Essays exploring medieval castration as reflected in archaeology law historical record and literary motifs Castration and castrati have always been facets of western culture from myth and legend to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers Metaphoric castration pervades a number of medieval literary genres particularly the Old French fabliaux exchanges of power predicated upon the exchange or absence of sexual desire signified by genitalia but the plain literal act of castration and its implications are often overlooked This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration Its subjects include archaeological studies of eunuchs historical accounts of castration in trials of combat the mutilation of political rivals in medieval Wales Anglo Saxon and Frisian legal and literary examples of castration as punishment castration as comedy in the Old French fabliaux the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage The introduction reflects on these topics in the context of arguably the most well known victim of castration in the middle ages Abelard LARISSA TRACY is Associate Professor of Medieval Literature at Longwood University Contributors Larissa Tracy Kathryn Reusch Shaun Tougher Jack Collins Rolf H Bremmer Jr Jay Paul Gates Charlene M Eska Mary A Valante Anthony Adams Mary E Leech Jed Chandler Ellen Lorraine Friedrich Robert L A

Historical Dictionary of the Crusades Corliss K. Slack, 2013-05-09 The crusades were among the longest and most bitter wars in human history and consisted of no less than seven major expeditions from Western Europe from the late 11th to the early 14th centuries for the purpose of wresting Jerusalem and the Holy Land from the control of the Muslims In the end it was the Muslims who won and the Christians who suffered a major setback and the Middle East remained firmly in Muslim hands This was one of the worst clashes between different religions and civilizations and for long it was largely forgotten or brushed over That is no longer the case with many Muslims regarding Western interference in the region as a repeat of the crusades while launching their own jihads So while an old conflict it is still with us today Even at the time it was very hard to understand the causes and outcome of the crusades and that remains a problem today This Historical Dictionary of the Crusades cannot claim to have resolved it but it most definitely does make the situation easier to understand The introduction provides an overview tracing the crusades from one expedition to the next and assessing their impact The actual flow of events is far easier to follow thanks to the chronology And maps help to trace the events geographically The entries and there are more than 300 of them in this second edition look more closely at notable figures including Pope Gregory VII Richard the lionhearted and Saladin as well as important places Jerusalem Constantinople and others events battles and sieges as well as the use of weapons and armor The bibliography points to further reading Monstrosity, Disability, and the Posthuman in the Medieval and Early Modern World Richard H.
